9.2. Key solutions

To maintain its leading position and brand as the dominant port in the region and achieve the set objectives, Port of Hai Phong will implement a comprehensive strategy

across all operational aspects, with a focus on three key areas:

- Stay informed on port development planning within the region and the strategic directions of Vietnam Maritime Corporation, formulating long-term port development solutions and business strategies. Continue exploring potential collaborations, joint ventures, and partnerships with major clients to ensure the efficient utilization of the Port of Hai Phong's existing infrastructure.

- Optimize internal resources to enhance service quality and cost management, thereby improving competitiveness.

- Continue in-depth investment while leveraging all available advantages and opportunities to expand port development, enhancing service quality and business capacity.

II. BUSINESS RESULTS FOR 2024 AND REPORT ON THE EXECUTIVE BOARD'S ACTIVITIES

1. Market Situation

In 2024, Vietnam's economy demonstrated clear signs of recovery, with GDP growth improving each quarter. Global market demand gradually rebounded as inflation began to decline. Vietnam's export turnover increased, with a continued trade surplus. Additionally, the Government introduced various policies and solutions to address difficulties and obstacles, prioritizing promoting economic growth.

However, in 2024, Vietnam's economy still faced some major risks and challenges from the international environment, consumer demand and private investment were still low compared to potential... The global supply chain continued to restructure towards shifting production activities to friendly countries or closer to consumer markets and home markets to manage risks and reduce operating costs. Notably, many unstable factors stemming from the geopolitical situation in the world such as the Russia-Ukraine war and recently the Israel-Hamas conflict and showing signs of spreading to neighboring countries in the Middle East region, the impact from the US presidential election (Vietnam's major export market),... have negatively affected the global supply chain, including the Vietnamese market.

In the Hai Phong region, competition among ports intensified, particularly with Nam Dinh Vu Port gaining a competitive edge following the dredging of the Ha Nam Channel and its access channel reaching a depth of -8.5m. This posed a significant challenge to regional ports, as shipping lines aimed to optimize loading capacity and operational costs. Additionally, Korean shipping lines restructured routes to increase pricing and efficiency, leading to a reduction in the number of scheduled calls. Furthermore, Super Typhoon Yagi in 2024 significantly disrupted import-export operations, delaying shipments and increasing logistics costs. This directly affected short-term import and export turnover, causing seaports and businesses to face many difficulties in restoring business operations.

2. Business results

In 2024, the business operations of Port of Hai Phong faced many challenges from the world's geopolitical situation, from the impacts of Super Typhoon Yagi, and especially from the fierce competition between ports in the Hai Phong area when Nam Dinh Vu Port, with the completion of the channel depth to -8.5m, can accommodate large tonnage ships up to over 40,000DWT. In addition, the implementation of land acquisition activities in the Hoang Dieu area for the construction of Nguyen Trai Bridge and the acceleration of the Mai Chai Bridge closure process by Hai Phong City have significantly affected the overall business performance of Port of Hai Phong. These developments have caused concern among the port's customers, including both long-standing and new clients, regarding cargo handling at the port. Meanwhile, competing ports in the region have been actively restructuring and repurposing their facilities in anticipation of attracting cargo traffic following the relocation of operations from Hoang Dieu.

Although affected by the above adverse factors that directly affect business efficiency, Port of Hai Phong successfully met and exceeded some business performance targets in 2024, details are as follows:

2.1. Consolidated Business Performance Indicators of Port of Hai Phong

- Actual throughput: 39.9 million tons, attaining 109.3% of the plan and growing by 5.1% year-over-year. Of this, container throughput reached 1,846,300 TEUs, achieving 96.4% of the plan and increasing by 2.3% compared to 2023.

2.4. Progress of Management and Operation Plan for Berths No. 4, No. 5, and Container Yard of Chua Ve Terminal, and Other Costs Allocated for the Equipment Package

Based on discussions at the 2024 Annual General Meeting of Shareholders, the Board of Management reports on the updated progress of the tasks:

In 2024, the Ministry of Finance implemented the process of seeking opinions from relevant agencies to amend Decree No. 43/2018/ND-CP dated March 12, 2018 of the Government on the management, use, and operation of maritime infrastructure assets.

On December 24, 2024, the Government Office issued Notification No. 569/TB-VPCP, summarizing Deputy Prime Minister Mr. Tran Hong Ha's conclusions at a meeting discussing amendments to the decree on the management and operation of inland waterway infrastructure assets. The Deputy Prime Minister agreed not to include transitional provisions in decrees concerning maritime infrastructure assets formed from state capital and requested the Ministry of Transport and the Ministry of Finance to urgently implement government directives under Document No. 7642/VPCP-CN dated

November 11, 2022 of the Government Office on Berths No. 4 and 5 of Chua Ve Terminal.

In document No. 7642/VPCP-CN dated November 11, 2022, the Deputy Prime Minister requested the Ministry of Transport to chair and coordinate with the Ministry of Finance and relevant ministries and agencies to research, review thoroughly the plans, and reach agreement on a plan to handle and operate Berths No. 4 and 5 of Chua Ve Terminal to ensure compliance with the actual asset situation, wharf operation management conditions, and relevant legal regulations.

The Board of Management will continue to direct the relevant departments to report to the competent state authorities for early approval of the management and operation plan for Berths No. 4 and 5, and container yard of Chua Ve Terminal, and other costs allocated for the equipment package, and to soon finalize state capital at Port of Hai Phong; and report on the progress and results of implementation for shareholders' information and supervision of the implementation process.

**** General Assessment of Business Results in 2024***

Despite being affected by the above-mentioned unfavorable factors that directly affected business efficiency, in 2024, several key business targets of Port of Hai Phong were achieved and exceeded the set plan. Investment work was implemented synchronously and effectively. In particular, the bidding packages of the Investment and Construction Project of Container Berths No. 3 and 4, Lach Huyen Terminal were effectively executed, with rapid progress on the construction to ensure project progress. In general, business activities grew sustainably and efficiently in 2024.

PART B

BUSINESS PLAN IN 2025

I. Market Overview

1. General Situation

In 2025, the global economy is forecasted to continue facing significant fluctuations and challenges, mainly stemming from geopolitical tensions, inflation, and uneven growth rates among regions. The ongoing Russia-Ukraine conflict and tensions in the Middle East continue to heavily impact global energy supply chains, driving up raw material costs. This has kept inflation persistent in many countries, particularly in Europe, although there have been signs of moderation recently. The outcome of the U.S. presidential election, with Mr. Trump's election, is expected to lead to stricter taxation and trade controls on Chinese goods, especially those transiting through Vietnam to the U.S.

In Vietnam, the economy is expected to continue to grow steadily in 2025, thanks to economic stimulus policies and the gradual recovery of the export sector. However, Vietnam also faces many challenges from the unstable global economic environment.

Major trading partners such as the US, Europe, and China are all experiencing difficulties, causing a decline in demand for goods exported from Vietnam. This may slow down Vietnam's export growth, especially in industries such as textiles, electronics, and agricultural products.

In the Hai Phong area, competition between regional ports is becoming increasingly intense. Nam Dinh Vu Port has been investing heavily in infrastructure with the phase 3 construction project, increasing its capacity to receive larger ships and provide fast handling services. Viconship and Port of Hai Phong have received decisions to upgrade the channel to a depth of -8.5m, similar to Nam Dinh Vu Port, and will implement this in the first half of 2025. Deep-water ports No. 3-4-5-6 in Lach Huyen, which will be put into operation in Q1/2025, will affect the current service routes operating in the Dinh Vu area and will have to compete fiercely with HITC, which has been operational for a longer period.

2. Port of Hai Phong

2.1. Favorable factors

- In 2025, Vietnam's economy is expected to maintain stable growth (projected at 6-7%), leveraging the advantages of free trade agreements (CPTPP, EVFTA, RCEP) that help reduce tariffs and expand export markets. Major export markets such as the EU, the U.S., Japan, and South Korea are anticipated to increase their demand for Vietnamese goods. Additionally, China's expansion of trade policies will further boost import-export flows through Vietnamese seaports, including Hai Phong. With strong FDI inflows, Hai Phong continues to attract significant investment into industrial zones (IZs) such as Dinh Vu IZ, Nam Dinh Vu IZ, Trang Due IZ, and VSIP Hai Phong. These zones are home to major corporations (Samsung, LG, Foxconn, Pegatron) and thriving industries such as electronics, textiles, precision mechanics, and automobiles, driving demand for cargo transportation through ports in the region, including Port of Hai Phong.

- Port of Hai Phong, with its long history and skilled labor force, and team of management staff with high professional experience in port management, operation, and organization; modern and synchronous equipment, infrastructure, and information technology, has given Port of Hai Phong an advantage over other ports in the region.

- The completion and commissioning of Berths 3 and 4 in Lach Huyen in 2025, with the ability to receive large tonnage ships, will enhance Port of Hai Phong's competitiveness in the region.

2.2. Challenges

- The construction of May Chai Bridge (invested by Vingroup), set to be completed in March 2025, and the land recovery in the Hoang Dieu area by Hai Phong City have constrained the operational capacity of Hoang Dieu Port, leading to reduced cargo throughput. The merger of Hoang Dieu Port and Chua Ve Terminal will directly impact operational efficiency at both locations and weaken the Port of Hai Phong's competitive

position, particularly in handling non-containerized cargo.

- The plan to handle the assets of Berths 4 and 5 of Chua Ve Terminal has not been approved, which will create financial pressure, create obstacles, and cause difficulties for the company, especially at a time when capital mobilization is crucial for port expansion and development.

- With the fierce competition in the Hai Phong area, the trend of reducing freight rates will continue, which will affect the Port's revenue from operations. In addition, financial revenue will also be affected by: (1) The disbursement of investment capital for Berths No. 3 and 4 in Lach Huyen will significantly reduce revenue from bank deposit interest, and in 2025, Port of Hai Phong may have to bear additional loan interest expenses from the project investment; (2) Profits from Hoang Dieu Port will decrease due to the impact of the relocation on business results.

II. Business Plan for 2025

4. Other targets

- Expected dividend for 2025: 4%.

- Implement the divestment plan for enterprises operating outside the company's core business areas with inefficient performance as approved by the Board of Management, and continue to review and develop plans for further divestment from poorly performing business enterprises.

5. Unplanned contents

Assign the Board of Management to decide on investment projects, procurement, repair, maintenance dredging, and urgent expenditures for business operations that arise outside the company's annual plan, which has been approved by the General Meeting of Shareholders.

6. Key Solutions

To continue to improve business efficiency and increase accumulation for port

development investment, the Company will continue to innovate and implement several key solutions as follows:

6.1. Business and Operations

6.1.1 Business Activities

- Focus on solutions to implement the top priority of the market and the "Customer-centric" policy to ensure the goal of retaining existing customers, developing new customers, and facilitating the signing of 2025 contracts.

- Continue to effectively implement the Customer Care Process and appropriate mechanisms and policies to meet current market requirements; promote investment cooperation and joint ventures to attract shipping lines/customers to introduce new services or transfer ships to establish long-term partnership at Port of Hai Phong.

- Continue developing plans and implementing marketing strategies for the service chain, working with the Port's customer partners to communicate the values and benefits of the logistics service chain provided by Port of Hai Phong and member enterprises within the VIMC ecosystem

- Implement and deploy VIMC's focused marketing strategy, actively participate in market, customer, and competitor analysis; develop professional introduction materials and strategic communication orientation to effectively reach target customers by introducing the model to all customers in meetings, working sessions, and events.

- Research and organize internal training programs to improve customer service quality.

- Thoroughly resolve legal matters at the request of shipping lines

- At Tan Vu Terminal: focus on promoting management and operation, particularly ensuring stable handling productivity and service quality. Optimize procedures, apply IT solutions in line with digital transformation trends to enhance customer service. Take advantage of the opportunity of channel depth reaching -8.5m to market to shipping lines for large-size ships.

- At Chua Ve Terminal: Maintain domestic container services. Additionally, promote planning and yard utilization to maximize the handling of non-containerized cargo such as steel, scrap metal, equipment, logs, etc., especially in the context of shifting some of the non-containerized cargo from Hoang Dieu Port to Chua Ve Terminal in 2025.

- At Hoang Dieu Port: Proactively promote market work to attract cargo suitable for Hoang Dieu Port's operational strengths. Continue to focus on promoting cargo attraction in the transshipment area. Strengthen coordination with terminals of Port of Hai Phong and VIMC-affiliated port and warehouse enterprises for cargo handling operations. Explore and consider implementing new services to compensate for the decline in output, such as: Providing handling services for other ports; Converting to a Depot to receive containerized cargo from Lach Huyen; Focusing on operations in the Ha Long anchorage area; Coordinating with Chua Ve Terminal - Tan Vu Terminal - VIMC Dinh Vu to operate suitable ships.

6.1.2. Operations Management

- Arrange vessel berthing efficiently, ensuring effective utilization of berths, equipment, warehouses and storage yard to maintain quality, safety, and increase handling productivity.
- Maintain high-quality customer care services throughout the Port to promptly resolve any operational issues.
- Continue improving operational procedures, simplifying and digitizing cargo delivery, receipt, and payment processes, and applying modern technology in management and operations to create the most favorable conditions for customers.

6.2. Technical Management and Investment

- Conduct inspections and assessments of equipment and infrastructure conditions to formulate appropriate maintenance and repair plans aligned with business plans.
- Adhere to technical norms and material conditions. Proactively conduct repairs by item and improve technical assessment and judgment to arrange timely repair vehicles, avoiding passivity and other damages that increase costs and impact operations.
- Regarding information technology: focus on completing key IT investment projects, especially the IT package of the Investment and Construction Project of Container Berths No. 3 and 4 in Lach Huyen. Improve the efficiency of operation/use of invested IT projects. Improve processes and apply IT to enhance service quality and customer service quality.

6.3. Corporate Governance

- Implement the merger of Hoang Dieu Port and Chua Ve Terminal into a single-member limited liability company, effective from July 1, 2025. Establish the Hai Phong Port Technical Services and Training Joint Stock Company based on the restructuring of Hai Phong Port Operations and Engineering Training One Member Limited Company, dissolving the M& R Center and transferring workers from the M& R Center, stevedores, and maintenance staff from Hoang Dieu Port and Chua Ve Terminal to the new company; increase charter capital for the Technical Services and Training Joint Stock Company.
- Continue to review, update, and reissue the Port's internal regulatory document system with a focus on standardization and modernization.
- Prioritize accelerating work progress and engaging with authorities to approve quay inspections, infrastructure renovations, and turning basin improvements at Chua Ve Terminal, allowing it to accommodate large vessels and handle non-containerized cargo transferred from Hoang Dieu Port.
- Actively engage with governmental authorities to obtain a final decision on the operational management plan for berths 4 and 5 at Chua Ve Terminal.
- Innovation initiatives: Continue promoting Lean and Kaizen to enhance operations and management efficiency.

- Continue to research and implement divestment at several inefficient capital-contributed enterprises.

6.4. Labor Productivity and Efficient Cost Management

Organize production reasonably, increase labor productivity. Promote efficient cost management in all areas, focusing on promoting initiatives, applying new technologies, rationalizing production, planning scientific cargo handling, researching and adjusting issued technical and fuel norms, and reducing capital expenditures on infrastructure investment, equipment investment, and material procurement through bidding, saving office supplies, electricity, and water costs, etc.

6.5. Cooperation with Government Authorities and Enterprises

Strengthen cooperation with state management agencies to support the Port's business activities and development activities, and promote business cooperation with Hai Phong Port Tug and Transport Joint Stock Company; Dinh Vu Port Investment and Development Joint Stock Company. Expand cooperation between Port of Hai Phong and member units of Vietnam Maritime Corporation (VIMC). Expand and develop a comprehensive plan for logistics services, and continue seeking investment opportunities in depots in Dinh Vu and other locations aligned with the Company's business strategy.

Foster joint ventures and partnerships with shipping lines and port/warehouse/transportation enterprises under Vietnam Maritime Corporation to increase cargo throughput via Port of Hai Phong in a way that harmonizes the interests of all parties and gradually implements solutions/business cooperation plans with VIMC enterprises following the relocation of Hoang Dieu Port.

Distinguished Shareholders and Guests!

The management team and employees of Port of Hai Phong Joint Stock Company will continue to strive for excellence, unity, and enhanced business efficiency to fully meet shareholders' expectations. We will implement innovative initiatives in management, administration and operations, while strengthening transparency, improving work processes, and optimizing resources to ensure sustainable development of the company. We believe that, with collective determination and unwavering commitment, Port of Hai Phong will achieve outstanding accomplishments in 2025 and beyond.

Sincerely,

Recipients:

- As above;
- Board of Management, Supervisory Board
- Archived: Secretary to the Board of Management.

REPORT
**ON THE ACTIVITIES OF INDEPENDENT MEMBERS OF THE BOARD OF
MANAGEMENT AND ASSESSMENT OF THE ACTIVITIES OF THE BOARD
OF MANAGEMENT IN 2024**

To: The General Shareholders' Meeting of Port of Haiphong Joint Stock Company

Pursuant to the Enterprise Law No. 59/2020/QH14, approved by the National Assembly of the Socialist Republic of Vietnam on June 17th, 2020;

Pursuant to the Charter on Organization and Operations of Port of Haiphong Joint Stock Company;

The independent members of the Board of Management respectfully report to the The General Shareholders' Meeting on the activities of the independent members of the Board of Management and evaluate the operations of the Board of Management of Port of Haiphong Joint Stock Company in 2024 as follows:

I. Activities of the Independent Members of the Board of Management

The Board of Management of Port of Haiphong Joint Stock Company (Port of Haiphong) has 02 independent members, including:

- From Jan 01, 2024 to April 14, 2024: Mr. Nguyễn Cảnh Bình and Mr. Đinh Văn Thạch.

- From April 15, 2024 to December 31, 2024: Mr. Vũ Đức Biên and Mr. Đỗ Vũ Linh.

In 2024, the independent members of the Board of Management have actively and proactively exchanged information with the Board of Management and the Executive Board to provide reasonable and effective recommendations and proposals. The independent members of the Board of Management performed their duties through two basic approaches:

- Participating in meetings, studying written requests for opinions from the Board of Management to gather information, exchange ideas, and offer proposals or opinions

regarding the company's operations in order to improve effectiveness and monitor the compliance of the Executive Board.

- Proactively proposing the organization of discussions and exchanges between members and the CEO, other members of the Executive Board, departments, and relevant units on the areas assigned for supervision.

II. Assessment of Independent Members of the Board of Management on the Activities of the Board of Management

In 2024, the independent members of the Board of Management actively and proactively exchanged information with the Board of Management and the Executive Board to provide reasonable and effective recommendations and proposals.

Based on the results of business activities of Port of Haiphong in general and the governance of the Board of Management in particular, the independent members of the Board of Management provide the following assessment of the activities of the Port of Haiphong Board of Management in 2024:

Regarding the topics discussed by the Board of Management: This is a regular and fundamental activity based on the powers and responsibilities stipulated in the company's Charter, the company's regulations, and current law.

Regarding the issuance of Resolutions and Decisions by the Board of Management: The approval of discussion topics is carried out through direct voting in meetings or by written opinion. Voting on resolutions complies with the majority principle and other requirements stipulated in the Charter and the company's regulations. The opinions of Board members are summarized into meeting minutes, which serve as the basis for the Chairman of the Board to sign and issue Resolutions and directives, which are then kept by the company's Secretariat for easy reference. All Resolutions and directives of the Board are notified to the Supervisory Board and the Executive Board. The issuance of directives ensures compliance with company regulations, current law, and timeliness.

Regarding the implementation of the General Shareholders' Meeting Resolutions: Based on the Resolutions of the Annual General Shareholders' Meeting, the Board of Management has directed and monitored the Executive Board's implementation through plan assignments, inspections, and evaluations. The directions from the Board are closely aligned with the plans approved by the General Shareholders' Meeting.

Regarding the operations of the Board of Management and its members: The operations of the Board of Management, in general, and each Board member, are regulated by the company's Charter, the company's regulations, and current laws. There has been no abuse of power or misconduct during the execution of duties. The Board has discussed and agreed on task distribution among members to ensure that each member can leverage their management strengths in their assigned fields.

Regarding remuneration, operational costs, and other benefits for the Board of Management and its members; the salary of the General Director, Deputy General Director, and Chief Accountant: The remuneration, salaries, and other benefits for the members of the Board of Management and the Executive Board are regulated and supervised based on Port of Haiphong's financial management and salary regulations. Generally, this has been carried out transparently and seriously. This information is reflected in the financial statements in accordance with regulations.

Regarding the Board of Management's supervision of the Executive Board: The Board supervises the Executive Board's activities by requiring the Executive Board to report in writing or present directly at meetings. This is comprehensively carried out across the company's activities. Overall, the supervision is carried out effectively and within the Board's authority.

Regarding the activities of the Subcommittee: The subcommittee has fulfilled its responsibilities and powers by providing advice to the Board of Management effectively.

Respectfully submitted to the General Shareholders' Meeting./.

5. Signing a contract for leasing the seaport infrastructure formed from the Investment Project to build Container Terminals No. 3 and No. 4 of Hai Phong International Gateway Port (at Lach Huyen port area), Hai Phong city

Pursuant to the Resolution of the General Meeting of Shareholders, Port of Hai Phong has studied and selected Global Terminal Limited Sàrl - GTL as a partner to cooperate in establishing a joint venture company to lease the seaport infrastructure formed from the Investment Project to build container terminals No. 3 and 4 of Hai Phong International Gateway Port (at Lach Huyen Port area), Hai Phong city and some other assets of Port of Hai Phong .

GTL is a company owned by Terminal Investment Limited Holding SA (TIL - MSC Group's terminal operating arm) (holding 100% of the charter capital). Currently, MSC is the world's leading container shipping line according to Alphaliner's transport capacity ranking. The shipping line has a fleet capacity of over 23 million TEUs/year, accounting for 18% of the total transport capacity of the world's fleet with service routes connecting to more than 500 global seaports. MSC has been present in Vietnam since 2000 and has services to the container port system in Hai Phong, Da Nang, Cai Mep - Thi Vai, etc. Every year, the MSC fleet transports more than 1 million TEU of import and export goods from Vietnam connecting to major markets such as the US, Europe, China, Japan, Australia, Southeast Asia, etc. Cooperation with MSC, TIL, GTL will help attract service routes of MSC Shipping Line and MSC's partners through the Hai Phong area, especially large intra-Asia ships and ships on European and American routes calling at berths 3 and 4. At the same time, the new port can take advantage of the experience, advanced management level, financial potential, and technology of partners applied in management and operation.

The joint venture between Port of Hai Phong Joint Stock Company and Global Terminal Limited S.À.RL (GTL) was granted Investment Registration Certificate No. 5860086333 by Hai Phong Economic Zone Management Board on November 14, 2024. On December 20, 2024, the joint venture legal entity, Hai Phong Port TIL International

Terminal Limited (HTIT), was established under Business Registration Certificate No. 0202267038. The joint venture has an initial registered charter capital of VND 2,500,000,000, with Port of Hai Phong holding 51% of the charter capital and the joint venture term is 51 years.

STATEMENT OF THE BOARD OF GENERAL DIRECTORS (CONT'D)

THE AUDITORS

The accompanying Separate financial statements have been audited by UHY Auditing and Consulting Company Limited.

BOARD OF GENERAL DIRECTORS' STATEMENT OF RESPONSIBILITY

The Board of General Directors of Company is responsible for preparing the separate financial statements which give a true and fair view of the financial position of Company for the fiscal year ended 31 December 2024, as well as its results of operations and cash flows for the year then ended. In preparing those separate financial statements, the Board of General Directors is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the separate financial statements; and;
- Prepare the separate financial statements on a going concern basis unless it is inappropriate to presume that Company will continue its operations; and.
- Design and maintain effective internal controls to ensure the proper preparation and presentation of the separate Financial Statements so as to minimize errors and frauds.

The Board of General Directors confirms that Company has complied with the above requirements in preparing and presenting the separate financial statements.

The Board of General Directors is responsible for ensuring that accounting records are properly kept, which disclose, with reasonable accuracy at any time, the financial position of Company and to ensure that the separate financial statements comply with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the separate financial statements in Vietnam. It is also responsible for safeguarding the assets of Company and hence for taking reasonable steps for the prevention and detection of frauds and other irregularities.

OTHER COMMITMENTS

The Board of General Directors commits that Company does not violate its obligation to disclose information as prescribed in Circular No. 96/2020/TT-BTC on 16 November 2020 issued by Ministry of Finance regarding securities market disclosure, complying with the provisions of Decree No.155/2020/ND-CP on 31 December 2020 issued by the Government, which details the implementation of certain provisions of the securities law, and Circular No. 116/2020/TT-BTC dated 31 December 2020 issued by Ministry of Finance, which provides guidelines on corporate governance applicable to public companies under Decree No. 155/2020/ND-CP.

For and on behalf of the Board of General Directors,

INDEPENDENT AUDITOR'S REPORT

*On the Separate financial statements of Port of Hai Phong Joint Stock Company
For the fiscal year ended 31 December 2024*

To: Shareholders
Board of Management and Board of General Directors
Port of Hai Phong Joint Stock Company

We have audited the accompanying Separate Financial Statements of Port of Hai Phong Joint Stock Company (hereinafter referred to as the "Company") which were prepared on 21 February 2025, as set out on page 06 to 54, including: the Separate Statement of Financial Position as at 31 December 2024, the Separate Income Statement and Separate Cash Flow Statement for the fiscal year then ended and the Notes thereto.

Responsibilities of the Board of General Directors

Board of General Directors of Company is responsible for the preparation and fair presentation of these separate financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and legal regulations related to the preparation and presentation of the separate financial statements in Vietnam and for such internal control as the Board of General Directors determines is necessary to enable the preparation and presentation of the separate financial statements that are free from material misstatements, whether due to fraud or error.

Responsibilities of the Auditors

Our responsibility is to express an opinion on these Financial Statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those Standards require that we comply with ethical requirements, plan and perform the audit to obtain reasonable assurance whether the separate financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate financial statements. The selected procedures depend on the auditor's judgment, including the assessment of the risks of material misstatement of the separate financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Board of Management, as well as evaluating the overall presentation of the separate financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Basis for Qualified Opinion

1. As of 31 December 2024, Company recognized assets related to Berths No. 04 and No. 05 and the Chua Ve Port container yard under the item "Tangible Fixed Assets" (code 221) on the Separate Balance Sheet. These assets had a total historical cost of VND 279.7 billion and a net carrying amount of VND 142.14 billion. The sources of funds for these assets are recorded under "Long-term Borrowings and Finance Lease Liabilities" (code 338) on the Separate Balance Sheet, with a corresponding value of VND 342.1 billion. These assets belong to Phase II of the Hai Phong Port Renovation and Upgrading Project, which was invested by Ministry of Transport using Japanese ODA loans and the Government's counterpart funding.

As required by Ministry of Finance, Company has temporarily paid to the State budget some amounts related to the above project, including: Depreciation of assets related to berths No. 04 and No. 05 and Chua Ve port container yard during the period from 2014 to 31 December 2018 at VND 44.8 billion, and temporary accrued interest expenses of loans at VND 149.3 billion.

INDEPENDENT AUDITOR'S REPORT (CONT'D)

Basis for Qualified Opinion (Cont'd)

In compliance with the Resolution No. 71/NQ-CHP dated 12 June 2020 of the Board of Management, Company has stopped depreciating and recognizing interest cost since 01 January 2020 for assets related to berths No. 04 and No. 05, and Chua Ve port container yard to pending for approved finalized solution by Government authorities on these assets. As at 8 June 2023, Company issued Document No. 1674/CHP-TCKT to Ministry of Transport proposing Port of Hai Phong JSC would be re-assigned to manage and use Berths No. 04, No. 05 and Chua Ve Port container yard, in accordance with the Document No. 2313/TTg-KTN dated 25 December 2013 by Prime Minister. Ministry of Transport issued Document No. 10882/BGTVT-TC on 28 September 2023, to Ministry of Finance seeking opinions on draft Decree of the management, operation and utilization of maritime infrastructure assets (replacing Decree No. 43/2018/NĐ-CP dated 12 March 2018). Ministry of Transport proposed adding content to the transitional provisions of the Decree in case the proposal is approved, it would resolve the management form of assets, i.e., the assets at berth No. 4, 5 of Chua Ve Port would be handed over to Hai Phong Port for management and utilization (not for lease). On 24 December 2024, the Government Office issued Notification No. 569/TB-VPCP regarding the conclusions on feedback and explanations from Government Members on the Decree on the management, operation, and utilization of inland waterway infrastructure assets. Accordingly, the Deputy Prime Minister agreed not to stipulate transitional handling in the Decree for maritime infrastructure assets formed from state capital, and assigned Ministry of Transport and Ministry of Finance to urgently report the solution plan. When the official approval of the management and utilization plan for the assets at berth No. 4, 5, Chua Ve container yard, and equipment package is received, Hai Phong Port will be responsible for updating the financial report data. On 27 December 2024, following Resolution No. 168/NQ-CHP, the Board of Management of Company approved the policy to continue depreciating berth No. 04, 05, and Chua Ve container yard according to the proposal of the General Director of Hai Phong Port in Report No. 4882/CHP-TCKT dated 25 December 2024.

As of the issued date of this audited report, there has been no any further directive from the Government agency on the management form of berths No. 04, No. 05, and the container yard at Chua Ve Port of Company being issued. Therefore, we do not have sufficient basis to determine the costs related to the use of berths 04, No. 05 and Chua Ve port container yard of Company from 01 January 2020 to 31 December 2024.

2. Ministry of Finance has requested a review of Company's equitization process (as the finalization of the State capital value at the time of equitization has not yet been approved by the relevant authorities). Once official approval is obtained from the regulatory authorities regarding the borrowing and debt repayment plan, Company will make the necessary adjustments (if any) to this Separate Financial Statements. We have not been able to collect the necessary documents to assess the full impact of the aforementioned issues on Company's Separate Financial Statements.

Qualified opinion

In our opinion, except for the effect of the matters described in the "Basis for qualified opinion" section of our report, the Separate Financial Statements give a true and fair view, in all material respects, of the Separate financial position of Port of Hai Phong Joint Stock Company as at 31 December 2024, and results of its operations and its cash flows for the fiscal year ended 31 December 2024, in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the Separate Financial Statements in Vietnam.

EVENTS AFTER THE BALANCE SHEET DATE

The Board of General Directors confirms that there have been no significant events occurring after the balance sheet date which would require adjustments to or disclosures to be made in the Consolidated Financial Statements.

THE AUDITOR

The accompanying Consolidated Financial Statements have been audited by UHY Auditing and Consulting Company Limited.

BOARD OF GENERAL DIRECTORS' STATEMENT OF RESPONSIBILITY

The Board of General Directors of Company is responsible for preparing the Consolidated Financial Statements which give a true and fair view of the financial position of Company for the fiscal year ended 31 December 2024, as well as its results and cash flows for the year then ended, in accordance with Vietnamese Corporate Accounting System and related legal regulations on preparation and presentation of the Consolidated Financial Statements. In preparing these Consolidated Financial Statements, the Board of General Directors is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting principles have been followed, subject to any material departures disclosed and explained in the Consolidated Financial Statements; and
- Prepare the Consolidated Financial Statements on a going concern basis unless it is inappropriate to presume that Company will continue its operations; and
- Design and maintain effective internal controls to ensure the proper preparation and presentation of the Consolidated Financial Statements so as to minimize errors and frauds.

The Board of General Directors confirms that Company has complied with the above requirements in preparing the Consolidated Financial Statements.

The Board of General Directors is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the consolidated financial position of Company and to ensure that the Consolidated Financial Statements comply with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the Consolidated Financial Statements in Vietnam. It is also responsible for safeguarding the assets of Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT OF THE BOARD OF GENERAL DIRECTORS (CONT'D)

OTHER COMMITMENTS

The Board of Directors commits that Company does not violate its obligation to disclose information as prescribed in Circular No. 96/2020/TT-BTC on 16 November 2020 issued by the Ministry of Finance regarding securities market disclosure, complying with the provisions of Decree No.155/2020/ND-CP on 31 December 2020 issued by the Government, which details the implementation of certain provisions of the securities law, and Circular No. 116/2020/TT-BTC dated 31 December 2020 issued by Ministry of Finance, which provides guidelines on corporate governance applicable to public companies under Decree No. 155/2020/ND-CP.

INDEPENDENT AUDITORS' REPORT

*On the Consolidated Financial Statements of Port of Hai Phong Joint Stock Company
For the fiscal year ended 31 December 2024*

To: Shareholders
Board of Management and Board of General Directors
Port of Hai Phong Joint Stock Company

We have audited the accompanying Consolidated Financial Statements of Port of Hai Phong Joint Stock Company (hereinafter referred to as the "Company") which were prepared on 21 February 2025 as set out on page 08 to 58, including the Consolidated Statement of Financial Position as at 31 December 2024, the Consolidated Income Statement and the Consolidated Cash Flow Statement for the fiscal year then ended and the Notes thereto.

Responsibilities of the Board of General Directors

The Board of General Directors of Company is responsible for the preparation and fair presentation of these Consolidated Financial Statements in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the Consolidated Financial Statements in Vietnam and for such internal control as the Board of General Directors determines is necessary to enable the preparation and presentation of the Consolidated Financial Statements that are free from material misstatements, whether due to fraud or error.

Responsibilities of the Auditors

Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Financial Statements. The selected procedures depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the Consolidated Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Board of Management, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

INDEPENDENT AUDITORS' REPORT (CONT'D)

Basis for qualified opinion

1. As of 31 December 2024, the Company recognized assets related to Berths No. 04 and No. 05 and the Chua Ve Port container yard under the item "Tangible Fixed Assets" (code 221) on the Consolidated Statement of Financial Position. These assets had a total historical cost of VND 279.7 billion and a net carrying amount of VND 142.14 billion. The sources of funding for these assets are recorded under "Long-term Borrowings and Finance Lease Liabilities" (code 338) on the Consolidated Statement of Financial Position, with a corresponding value of VND 342.1 billion. These assets belong to Phase II of the Hai Phong Port Renovation and Upgrading Project, which was invested by Ministry of Transport using Japanese ODA loans and the Government's counterpart funding.

At the request of Ministry of Finance, the Company has temporarily paid certain amounts related to the aforementioned project into the State Budget, these include: Depreciation of assets related to Berths No. 04 and No. 05 and the Chua Ve Port container yard for the period from 2014 to 31 December 2018, totaling VND 44.8 billion, provisionally accrued interest expenses on loans amounting to VND 149.3 billion.

In accordance with Resolution No. 71/NQ-CHP dated 12 June 2020 of the Board of Directors, the Company has suspended depreciation and ceased recognizing interest expenses from 1 January 2020 for assets related to Berths No. 04 and No. 05 and the Chua Ve Port container yard, pending official approval of the management plan for these assets.

On 8 June 2023, the Company issued Document No. 1674/CHP-TCKT to Ministry of Transport, proposing the continued assignment of Hai Phong Port to manage and operate Berths No. 04 and No. 05 and the Chua Ve Port container yard, in line with the provisions of Document No. 2313/TTg-KTN dated 25 December 2013 issued by the Prime Minister.

On 28 September 2023, Ministry of Transport issued Document No. 10882/BGTVT-TC to Ministry of Finance for consultation on the draft Decree regulating the management, use, and exploitation of maritime infrastructure assets (to replace Decree No. 43/2018/NĐ-CP dated 12 March 2018). In this document, Ministry of Transport proposed adding provisions to the transitional clauses of the Decree to ensure that, if the proposal is approved, it would resolve the management framework for these assets, meaning that Berths No.4 and Berths No.5 at Chua Ve Port would be handed over to Hai Phong Port for management and operation (not for lease).

On 24 December 2024, the Government Office issued Notification No. 569/TB-VPCP regarding the conclusions on the feedback and explanations from Government Members concerning the Decree on the management, use, and exploitation of inland waterway infrastructure assets. Accordingly, the Deputy Prime Minister agreed that the Decree should not include provisions for transitional handling of maritime infrastructure assets formed from state capital and assigned Ministry of Transport and Ministry of Finance to urgently report on the handling plan.

Upon official approval from the relevant authorities regarding the management and operation plan for Berths No.4 and Berths No.5, the Chua Ve Port container yard, and the equipment package, Hai Phong Port will be responsible for updating the financial report data.

On 27 December 2024, pursuant to Resolution No. 168/NQ-CHP, the Board of Directors of Company approved the resumption of depreciation for Berths No.4 and Berths No.5 and the Chua Ve Port container yard, as proposed by the General Director of Hai Phong Port in Report No. 4882/CHP-TCKT dated 25 December 2024.

As of the issuance date of this audit report, there has been no decision from the state management authorities regarding the management framework for Berths No.4 and Berths No.5 and the Chua Ve Port container yard of Hai Phong Port Joint Stock Company. Therefore, we do not have sufficient basis to determine the costs related to the use of these assets by Company during the period from 1 January 2020 to 31 December 2024.

2. Ministry of Finance has requested a review of Company's equitization process (as the finalization of the State capital value at the time of equitization has not yet been approved by the relevant authorities). Once official approval is obtained from the regulatory authorities regarding the borrowing and debt repayment plan, Company will make the necessary adjustments (if any) to this Consolidated Financial Statements.

We have not been able to collect the necessary documents to assess the full impact of the aforementioned issues on Company's Consolidated Financial Statements.

INDEPENDENT AUDITORS' REPORT (CONT'D)

Qualified opinion

In our opinion, except for the effect of the matters described in the "Basis for qualified opinion" section of our report, the Consolidated Financial Statements give a true and fair view, in all material respects, of the consolidated financial position of Port of Hai Phong Joint Stock Company as at 31 December 2024, and results of its operations and its cash flows for the fiscal year ended 31 December 2024, in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and related legal regulations on the preparation and presentation of the Consolidated Financial Statements in Vietnam.

Re.: Disclosure of the FY2024
Annual Result

**SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom - Happiness**

Haiphong, February 21st 2025

Attention: - State Securities Commission of Vietnam
- Hanoi Stock Exchange

In accordance with the Article 4, Clause 11, Chapter III of Circular 96/2000/TT-BTC regulating the information disclosure obligations related to financial statements by listed companies, Port of Hai Phong Joint Stock Company (Port of Hai Phong - Stock Code: PHP) hereby provides an explanation of variations in operating results in the separate and consolidated financial statements for FY2024, in comparison to FY2023 as follows:

Unit: VND

N0	Indicator	FY2024	FY2023	Variations	
				In Value	In Percentage
1	Profit After Tax on Separate Financial Statements	642.427.050.347	524.665.978.303	117.761.072.044	22,44%
2	Profit After Tax on Consolidated Financial Statements	975.117.194.652	745.379.622.336	229.737.572.316	30,82%

1. Profit After Tax variations in Separate Financial Statements:

In FY2024, the revenue increased remarkably and the company has applied cost efficiency practice, namely: The Operating Cost/Total Revenue ratio was recorded at 70,49%, equivalent to 3,75% of year-on-year reduction compared to 2023. Simultaneously, revenues from financial activities reached 346,8 billion VNDs, remarking the increase of 18,1% which derived from distribution of profit after tax of capital contribution companies in comparison to 2023. Therefore, profit after tax in FY2024 Separate Financial Statements recorded the growth by 22,44% year on year.

2. Profit After Tax variations in Consolidated Financial Statements:

At ending 2024, the consolidated total revenue of the company achieved 2.595 billion VNDs, growing by 20,36% in comparison with 2023. The Operating Cost/Total Revenue percentage was recorded at 71,61%, 3,4% less than 2023. Besides, other income recorded an increase by 78,65% because Port of Hai Phong Joint Stock Company and Hoang Dieu Single-member Limited Liability Company received the compensation of 219,16 billion VNDs funded by Hai Phong City, regarding to land acquisition for Nguyen Trai Bridge construction and public landscaping renovation projects at Ward May To,

District Ngo Quyen, Hai Phong City. As a result, the consolidated profit after tax increased by 30,82% comparing to 2023, reaching 745 billion VNDs.

Best regards.

Haiphong, February 21st 2025

Re: Explanation of the qualified opinion
by auditors in the 2024 audited
financial statements

Attention:

- State Securities Commission;
- Hanoi Stock Exchange.

Port of Hai Phong Joint Stock Company (Stock Code: PHP) would like to explain the auditors' qualified opinion regarding the separate and consolidated audited financial statements for the fiscal year from January 1st 2024, to December 31st 2024, as follows:

Auditors' opinion:

"As of 31 December 2024, Company recognized assets related to Berths No. 04 and No. 05 and the Chua Ve Port container yard under the item "Tangible Fixed Assets" (code 221) on the Separate Balance Sheet. These assets had a total historical cost of VND 279.7 billion and a net carrying amount of VND 142.14 billion. The sources of funds for these assets are recorded under "Long-term Borrowings and Finance Lease Liabilities" (code 338) on the Separate Balance Sheet, with a corresponding value of VND 342.1 billion. These assets belong to Phase II of the Hai Phong Port Renovation and Upgrading Project, which was invested by Ministry of Transport using Japanese ODA loans and the Government's counterpart funding."

As required by Ministry of Finance, Company has temporarily paid to the State budget some amounts related to the above project, including: Depreciation of assets related to berths No. 04 and No. 05 and Chua Ve port container yard during the period from 2014 to 31 December 2018 at VND 44.8 billion, and temporary accrued interest expenses of loans at VND 149.3 billion.

In compliance with the Resolution No. 71/NQ-CHP dated 12 June 2020 of the Board of Management, Company has stopped depreciating and recognizing interest cost since 01 January 2020 for assets related to berths No. 04 and No. 05, and Chua Ve port container yard to pending for approved finalized solution by Government authorities on these assets. As at 8 June 2023, Company issued Document No. 1674/CHP-TCKT to Ministry of Transport proposing Port of Hai Phong JSC would be re-assigned to manage and use Berths No. 04, No. 05 and Chua Ve Port container yard, in accordance with the Document No. 2313/TTg-KTN dated 25 December 2013 by Prime Minister. Ministry of Transport issued Document No. 10882/BGTVT-TC on 28 September 2023, to Ministry of Finance seeking opinions on draft Decree of the management, operation and utilization of maritime infrastructure assets (replacing Decree No. 43/2018/NĐ-CP dated 12 March 2018). Ministry of Transport proposed adding content to the transitional provisions of the Decree in case the proposal is approved, it would resolve the management form of assets, i.e., the assets at berth No. 4, 5 of Chua Ve Port would be handed over to Hai Phong Port for management and utilization (not for lease). On 24 December 2024, the Government Office issued Notification No. 569/TB-VPCP regarding the conclusions on feedback and explanations from Government Members on the Decree on the management, operation, and utilization of inland waterway infrastructure assets.

Accordingly, the Deputy Prime Minister agreed not to stipulate transitional handling in the Decree for maritime infrastructure assets formed from state capital, and assigned Ministry of Transport and Ministry of Finance to urgently report the solution plan. When the official approval of the management and utilization plan for the assets at berth No. 4, 5, Chua Ve container yard, and equipment package is received, Hai Phong Port will be responsible for updating the financial report data. On 27 December 2024, following Resolution No. 168/NQ-CHP, the Board of Management of Company approved the policy to continue depreciating berth No. 04, 05, and Chua Ve container yard according to the proposal of the General Director of Hai Phong Port in Report No. 4882/CHP-TCKT dated 25 December 2024.

As of the issued date of this audited report, there has been no any further directive from the Government agency on the management form of berths No. 04, No. 05, and the container yard at Chua Ve Port of Company being issued. Therefore, we do not have sufficient basis to determine the costs related to the use of berths 04, No. 05 and Chua Ve port container yard of Company from 01 January 2020 to 31 December 2024.

Ministry of Finance has requested a review of Company's equitization process (as the finalization of the State capital value at the time of equitization has not yet been approved by the relevant authorities). Once official approval is obtained from the regulatory authorities regarding the borrowing and debt repayment plan, Company will make the necessary adjustments (if any) to this Separate Financial Statements.

We have not been able to collect the necessary documents to assess the full impact of the aforementioned issues on Company's Consolidated Financial Statements."

The auditor's qualified opinions have been mentioned since the Company transitioned to a joint-stock company on July 01st 2014, and Port of Hai Phong Joint Stock Company has submitted written explanations to the State Securities Commission and the Hanoi Stock Exchange regarding auditors' qualified opinions in the financial statements from 2014 to 2023. As of December 31st 2024, the regulatory authorities have yet to be approved a resolution for Berth No.04, Berth No.05, and the Chua Ve container yard yet; thus, the auditors' qualified opinions remain.

Port of Hai Phong Joint Stock Company submits the explanation of the auditors' qualified opinions to clarify this information on relevant financial statements and ensure that shareholders and investors could fully understand the Company's financial situation.

Best regards.

- Pursuant to the Charter of Organization and Operation of Port of Hai Phong Joint Stock Company.

The Board of Management of Port Hai Phong Joint Stock Company (Port of Hai Phong) hereby respectfully submits to the General Meeting of Shareholders for approval the Salary and Remuneration Fund realized in 2024 and planned for 2025 for the Board of Directors (BOD), Supervisory Board (SB) of Hai Phong Port as follows:

1. Actual Performance in 2024:

a. Actual Salary Level

- Actual profit in 2023: 611,672 million VND

- Actual profit in 2024: 738,078 million VND, which includes 153,912 VND million derived from the relocation of Hoang Dieu Port. Excluding this amount, the remaining profit attributable to Port of Hai Phong in 2024 is 584,166 million VND representing an increase of 10,2% compared to the plan (530 billion VND). Within this, the profit from core business operations amounted to 405,453 million VND, an increase of 25,5%, equivalent to an increase of 82,341 million VND compared to 2023 (3231,12 million VND).

- The 2024 profit reached VND 584,166 million. This figure reflects the exclusion of certain revenue items compared to 2023, specifically:

In 2024, due to expanded investment in developing Port of Hai Phong, financial income from interest on deposits and loans decreased by 66,238 million VND (specifically, interest on deposits/loans in 2024 was 31,637 million VND, compared to 97,876 million VND in 2023).

If this revenue item were included, the total achieved revenue in 2024 would be 650,404 million VND, an increase of 38,732 million VND compared to 2023, corresponding to a profit increase factor of 1.0633.

Furthermore, according to the performance evaluation report for the capital representatives of Vietnam Maritime Corporation (VIMC) at Port of Hai Phong regarding the implementation of KPIs for Port of Hai Phong in 2024, all tasks assigned by VIMC were well completed (Converted score reached 103.3%).

Pursuant to Clause 2, Article 12 and Point b, Clause 2, Article 11 of the Labor Management and Salary Regulations of Vietnam Maritime Corporation No. 311/QĐ-HHVN dated July 4, 2023, the theoretical calculation for actual salary levels for the Board of Management and Supervisory Board would be determined as follows:

- Salary of the Chairman of the BOD: $140 \text{ million VND} \times 1.13 \times 1.1 \times 1.1 = 191.422 \text{ million VND}$

- Salary of an Executive Member of the BOD: $86 \text{ million VND} \times 1.13 \times 1.1 = 106.6 \text{ million VND}$

- Salary of the Head of the Supervisory Board: $86 \text{ million VND} \times 1.13 \times 1.1 = 106.6 \text{ million VND}$

However, in 2024, the workload at Hai Phong Port was substantial. In addition to regular business operations, significant focus was required on investment projects, port development in the Lach Huyen area (Berths 3, 4), joint venture cooperation with DEEP-C to expand the warehouse and logistics chain serving Lach Huyen exploitation, and organizational restructuring and labor rearrangement associated with the relocation of Hoang Dieu Port. To appropriately reflect the responsibilities across the Port, the applied salary levels for members of the BOD and SB were:

- Salary of the Chairman of the BOM: $140 \text{ million VND} \times 1.13 \times 1.1 = 173.5 \text{ million VND}$

- Salary of an Executive Member of the BOM, Head of the Supervisory Board: $86 \text{ million} \times 1.13 \times 1.1 = \text{VND } 106.6 \text{ million VND}$

b. Remuneration for Non-Executive Board of Management (BOM) and Supervisory Board (SB) Members

The remuneration fund for non-executive BOM and SB members: 1,610 million VND (equal to the planned remuneration fund), allocated as follows:

- Non-executive BOM member: 20 million VND/person/month
- Non-executive Supervisory Board member: 10 million VND/person/month

2. Plan for 2025

a. Planned Salary Levels for the Board of Management (BOM) and Supervisory Board (SB) Members

Revenue: 2,269,000 million VND

Profit before tax: 967,500 million VND

According to Regulation No. 311 dated July 4, 2023, of Vietnam Maritime Corporation:

- Planned salary for the Chairman of the BOD: $140 \text{ million VND} \times 1.15 \times 1.2 = 193.2 \text{ million VND /person-month}$
- Planned salary for the Head of the Supervisory Board: 118.68 million VND /person/month

b. Remuneration for Non-Executive Board of Management (BOM) and Supervisory Board (SB) Members

The remuneration fund for non-executive BOM and SB members: 2,520 million VND (representing a 1.5-fold increase compared to 2024, attributed to increased profit and workload), allocated as follows:

- Non-executive BOM member: 30 million VND/person/month
- Non-executive SB member: 15 million VND/person/month

Respectfully submitted to the General Meeting of Shareholders!

Recipients:

- As above;
- Board of Management, Supervisory Board

**REPORT OF THE SUPERVISORY BOARD
AT THE 2025 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

Respectfully to: the General Meeting of Shareholders of Port of Haiphong JSC

Pursuant to the Law on Enterprises dated June 17th, 2020; the Charter on Organization and Operation of Port of Haiphong Joint Stock Company; the Operating Regulations of the Supervisory Board of the Company;

Pursuant to the Separate Financial Statements and the Consolidated Financial Statements for the year 2024 of Port of Haiphong Joint Stock Company, audited by UHY Auditing and Consulting Company Limited;

The Supervisory Board of Port of Haiphong Joint Stock Company (SB) respectfully reports to the General Meeting of Shareholders (GMS) on the activities, the results of inspection and supervision of the operation of Port of Haiphong Joint Stock Company (Port of Haiphong/Company), the Board of Management (BOM), and the Executive Board (EB) in 2024, and the task implementation plan of the SB for 2025, as follows:

SECTION I: ACTIVITIES OF THE SUPERVISORY BOARD IN 2024

1. Member or Board of Supervisory

Seq	Name	Position	Date of recent appointment
1	Tran Thi Thanh Hai	Head of SB	April 15, 2024
2	Nguyen Thi Hang	Member of SB	April 15, 2024
3	Dong Xuan Khanh	Member of SB	April 15, 2024

2. BS's main activities

The Supervisory Board (SB) monitors the activities of the Board of Management (BOM), the General Director (GD), and review the production, business, and investment activities of Port of Haiphong. The key activities carried out are as follows:

- Monitoring the implementation of Resolution No. 01/2024/NQ-ĐHĐCĐ dated April 15th, 2024, of the General Meeting of Shareholders of Port of Haiphong;

- Monitoring compliance with the General Meeting of Shareholders' resolutions, adherence to the Company's Charter, state laws, and internal regulations of Port of Haiphong regarding the activities of the Board of Management and the management and administration of the General Director.

- Appraising the separate and consolidated semi-annual and annual financial statements for 2024, which have been audited, to assess the accuracy and reasonableness of financial data; evaluating compliance with accounting standards, accounting regimes, and relevant legal policies.

- Providing feedback to the Board of Management and the General Director on issues related to the operations of the Company and its affiliated units, contributing to enhancing the effectiveness of internal control, risk management, and reasonable cost control.

3. Performance evaluation of the members of the Supervisory Board

With a sense of responsibility and demonstrating objective independence, the Supervisory Board (SB) has provided candid feedback to the Board of Management and the Executive Board (EB) upon detecting errors or potentially risky activities.

- The members of the SB have operated in compliance with legal regulations, the Company's Charter, and the Company's SB regulations.

- Each member has completed their assigned monitoring, review, and evaluation tasks diligently and honestly. During the performance of their duties, SB members regularly communicated, coordinated, and supported other members to achieve objective and effective results.

- In 2024, the SB did not receive any requests on review from shareholders.

- The SB thoroughly, carefully, and prudently reviewed the requests for opinions from the BOM and EB to provide necessary and timely recommendations, meeting the Company's overall work progress. These recommendations focused primarily on production and business (P&B) operations, investment, management, and administration, ensuring that the BOD's resolutions and decisions were legally sound for implementation. This demonstrates the high sense of responsibility of the SB members for the benefit of shareholders, employees, and the State.

4. Salaries, Remuneration, and Operating Expenses of the Supervisory Board in 2024

- The Head of the Supervisory Board operates on a full-time basis: receiving salary according to the Port of Haiphong's salary regime.

- The non-full-time members of the Supervisory Board: receive remuneration as per the Resolution of the 2024 Annual General Meeting of Shareholders.

- Operating expenses of the Supervisory Board: Comply with the regulations and internal expenditure rules of Port of Haiphong.

SECTION II. SUPERVISION RESULTS ON THE ACTIVITIES OF THE BOARD OF DIRECTORS AND THE EXECUTIVE BOARD IN 2024

1. Results of Supervising the Activities of the Board of Directors

On March 29, 2024, the Board of Directors of Port of Haiphong issued Resolution No. 40/NQ-HĐQT on the approval of the BSC-KPI targets for 2024 of Port of Haiphong and the operating plan for 2024 of the Board of Directors. The Resolution outlined key tasks related to market, customer, finance, internal processes, and digital transformation, etc. Throughout the year, the Board of Directors directed the implementation of the Resolution to complete the established program, specifically:

- The Board of Directors organized 7 face-to-face meetings and numerous online meetings, and issued 380 written requests for opinions to implement the plan assigned by the General Meeting of Shareholders and directed the General Director to implement the Resolutions in accordance with legal regulations and the Company's Charter.

- The Board of Directors' meetings met the required conditions, and the Board members participated in the meetings in compliance with regulations. At the meetings and through written exchanges, Board members provided constructive feedback or rebuttals on matters within the Board's authority and responsibility to propose orientations and policies consistent with the Company's overall development and the fluctuations of objective factors. For meeting content (or requests for opinions) in which a Board member had a conflict of interest, they did not participate in voting (or providing opinions) to ensure independence and avoid conflicts of interest.

- Based on the content of the meetings and through written requests for opinions, the Board of Directors issued 214 Resolutions related to production and business operations, investment, personnel organization, and enterprise innovation to implement the plan assigned by the General Meeting of Shareholders. The Resolutions and Decisions of the Board of Directors were issued within their authority, in accordance with legal regulations, the Company's Charter, and the Operating Regulations of the Board of Directors.

- The Board of Directors regularly directed and supervised the implementation of resolutions and tasks assigned to the Executive Board; closely monitored the implementation of investment projects; directed the General Director to propose solutions to enhance competitiveness, meet customer needs effectively, maintain and expand market share, and overcome difficulties to achieve the set goals. The risk management and supervision activities of the Board of Directors were enhanced through the activities of the Internal Audit Department.

2. Results of Supervising the Activities of the Executive Board

Under the direction of the Board of Directors, in 2024, the Executive Board seriously implemented the Resolutions of the Board of Directors to achieve the goals assigned by the General Meeting of Shareholders, specifically:

- Accelerated the implementation of market solutions, organized production operations ensuring basic productivity, labor safety, and focused on improving service quality and managing all aspects of work effectively. Particularly, the management of cost items was efficiently organized, exceeding the set plan. Revenue and profit targets of the parent company and consolidated results both grew compared to the set plan.

- Investment projects were implemented according to schedule, and bidding packages for the investment project of berths 3 and 4 at Lach Huyen Port were urgently constructed with the goal of commissioning the project in the first quarter of 2025.

- Security at the Port were maintained. The income and living standards of the Company's employees were ensured and stable

- Ensured that contracts and transactions with related parties were conducted in compliance with legal regulations. Port of Haiphong disclosed these transactions in the 2024 Corporate Governance Report, as required for public companies. This report was published on Port of Haiphong's website and submitted to the State Securities Commission and the Hanoi Stock Exchange in accordance with regulations.

- Ensured that information disclosure was carried out in compliance with the regulations of the State Securities Commission.

- In 2024, Port of Haiphong achieved most of its annual KPI targets as outlined in Resolution No. 40/NQ-HĐQT dated March 29th, 2024. However, the container throughput and parent company market share targets reached only 96.8% of the annual plan.

3. The coordination between the Board of Management (BOM), the Executive Board (EB), and the Supervisory Board (SB)

- The Supervisory Board (SB) has closely coordinated with the Board of Management (BOM) and the Executive Board (EB) in performing its assigned functions and duties. The BOD and EB have created favorable conditions for the SB to carry out its tasks. The SB has been provided with information and documents related to the Company's operations and has been invited to attend all meetings of the BOM and other relevant meetings.

- Most of the timely feedback provided by the SB on the activities of the BOD and EB has been acknowledged and adjusted during the implementation process.

- The close coordination between the BOM, EB, and SB contributes to enhancing the effectiveness of internal control and risk management within the Company.

SECTION III. IMPLEMENTATION RESULTS OF THE GENERAL MEETING OF SHAREHOLDERS' RESOLUTION FOR 2024

1. Results of Implementing Business Plan Targets

The Supervisory Board (SB) agrees with the report of the Board of Management (BOM) and the Executive Board (EB) on Port of Haiphong's production and business situation in 2024 with the following targets:

**Parent Company Business Performance Indicators*

Seq	Indicator	Unit	Plan	2024 Performance	2023 Performance	Compare Per/Plan (%)	Compare 2024/2023 (%)

**Performance Review:*

In 2024, Port of Haiphong's production and business operations faced numerous challenges from the global political situation, the impact of Typhoon Yagi, and especially intense competition among ports in the Hai Phong area. The completion of the channel dredging to a depth of -8.5m at Nam Dinh Vu Port, enabling it to

accommodate large vessels with a tonnage of over 40,000 DWT, significantly intensified this competition.

Additionally, the Hai Phong city's implementation of land acquisition activities in the Hoang Dieu area for the Nguyen Trai bridge construction and the accelerated progress of the May Chai bridge joining had a considerable impact on Port of Haiphong's overall production and business efficiency. These events caused uncertainty among Port of Haiphong's customers, affecting their decision to bring cargo to the port. Meanwhile, competing ports in the region intensified their restructuring and repurposing efforts to attract cargo away from Port of Haiphong during the Hoang Dieu area's relocation.

In 2024, the parent company's throughput target was not achieved and was lower than the same period in 2023, while the consolidated throughput target saw only a slight increase. However, both the parent company and consolidated revenue and profit targets were exceeded. This was primarily due to Port of Haiphong's significant revenue in 2024, along with the recognition of compensation from the city for the relocation of Hoang Dieu Port (219.2 billion VND), profits from the divestment at Vietnam Maritime Commercial Joint Stock Bank (22.3 billion VND), and asset liquidation at Dinh Vu Port (24.8 billion VND). Furthermore, the company implemented increasingly efficient operational organization measures, including the application of information technology and effective cost control.

- The income and living standards of all Port of Haiphong employees were ensured and stable.

- The company fulfilled its tax obligations in accordance with legal regulations.

2.Investment, Procurement, and Basic Construction

In 2024, the Company continued the completion of carry-over projects from 2023 and implemented several key investment tasks to promptly meet production service requirements and continue the expansion investment at Lach Huyen Port. The results of the investment activities in 2024 are as follows:

Unit: Million dong.

Investment project	Unit	Y2024 plan	Y2024 actual	Y2024 Implement	Compare Iml/plan (%)
- Facility investment	Mn.VND	43,951	4,902	19,753	44.94%
- Equipment investment	Mn.VND	52,863	28,165	37,460	70.86%

- Technology	Mn.VND	14,684	9,601	11,394	77.59%
- Terminal expansion investment	Mn.VND	2,450,000	1,058,587	2,001,825	81.71%
Total		2,561,498	1,101,255	2,070,432	80.83%

Specific projects are detailed in the Board of Management's report presented at the General Meeting.

***Implementation Assessment:**

- The implementation process of investment projects and constructions complies with legal regulations.

- Some in-depth projects aimed at enhancing operational capacity at subsidiaries and units did not meet the planned schedule. This was due to the need for thorough reviews of certain projects to align with the business situation and the investment plan for Berths no 3 and 4 at Lach Huyen Terminal.

The port expansion project, including the investment and construction of Berths no 3 and 4 at Lach Huyen Terminal, experienced delays compared to the initial plan. This was attributed to the weak capacity of contractors, leading to missed implementation deadlines, market material shortages, and some subjective factors in project supervision and management. However, the Board of Management has set targets to ensure the project's commissioning by the first quarter of 2025. The total investment project volume of the parent company in 2024 was 2,070.432 billion VND, achieving 80.83% of the 2024 plan (2,561.5 billion VND).

3. Equity investment in External Enterprises:

- In 2024, the Company initiated a project to contribute capital to establish a joint venture company for warehouse and logistics services in Cat Hai District, Hai Phong City. It is expected that the joint venture company, named SITC Logistics Service (Hai Phong) Co., Ltd., will commence operations in January 2025, with a charter capital of 20,000,000 USD (of which Port of Haiphong contributes 4,000,000 USD, equivalent to 20% of the charter capital; SITC Logistics (HK) Co., Ltd. contributes 12,800,000 USD, equivalent to 64% of the charter capital; and SITC Dinh Vu Co., Ltd. contributes 3,200,000 USD, equivalent to 16% of the charter capital).

Port of Haiphong has made the first capital contribution with the value of 1,400,000 USD. The capital contribution value was adjusted due to the capital contribution ratio in the joint venture, to ensure the effectiveness of the capital investment;

- The capital contribution to increase capital in Hai Phong Port Tug and Transport Joint Stock Company and the capital contribution to the joint venture operating in the

Lach Huyen area were not implemented in 2024 due to the operating schedules of these companies.

4. Capital Divestment Activities

The Company completed the capital divestment at MSB, with a profit of 22.3 billion VND. The capital divestment at SPL and VIMC Logistics was not implemented in 2024.

5. Distribution of After-Tax Profit in 2023

Port of Haiphong completed the distribution and accounting of funds in accordance with the Resolution of the General Meeting of Shareholders.

6. Salary and Remuneration Fund for 2024

The planned salary fund for full-time Board of Management and Supervisory Board members was 3,500.6 million VND, while the actual amount was 3,639 million VND, representing 104% of the plan. The salary fund increased due to higher-than-planned profits, and the recognition of objective factors affecting profits during the year, resulting in an average salary increase compared to the plan.

The planned total remuneration for non-full-time managers was 1,440 million VND, while the actual amount was 1,610 million VND, representing 111.8% of the plan.

7. Selection of Audit Firm for Financial Statements

The Board of Management issued Resolution No. 40/NQ-CHP dated June 27th, 2024, approving UHY Auditing and Consulting Company Limited as the independent audit firm to review and audit the Separate Financial Statements and the Consolidated Financial Statements for 2024 of Hai Phong Port. The selection of the audit firm was in accordance with the criteria approved by the General Meeting of Shareholders. Hai Phong Port complied with information disclosure regulations.

UHY Auditing and Consulting Company Limited conducted the semi-annual financial statement review and the annual financial statement audit of Hai Phong Port in accordance with the terms agreed upon by both parties.

SECTION IV. FINANCIAL STATEMENT APPRAISAL RESULTS

1. General Comments on the Financial Statements

- The Separate and Consolidated Financial Statements for 2024 of the Company were audited in accordance with legal regulations, the Charter, and the Resolution of the 2024 Annual General Meeting of Shareholders. UHY Auditing and Consulting Company Limited was selected to audit the 2024 Annual Financial Statements of the Company.

- The Separate and Consolidated Financial Statements for 2024 were prepared based on the selection of appropriate accounting policies, reflecting fully, truthfully, and in accordance with the Company's production and business situation, and complying with Vietnamese accounting standards, accounting regimes, and relevant legal regulations.

- Auditor's Opinion:

The auditor issued a qualified opinion regarding the recognition of "Tangible Fixed Assets" and "Long-term Loans and Finance Leases" on the balance sheet, related to assets at wharves 04 and 05 and the container yard at Chua Ve Terminal, and the approval documents for the final settlement of state capital value at the time of equitization, which are awaiting official approval decisions from competent authorities as stated on pages 04 and 05 of the Audit Report.

Except for the effects of the matter mentioned in the "Basis for Qualified Opinion" section, the Separate and Consolidated Financial Statements present fairly and reasonably, in all material respects, the separate and consolidated financial position of Port of Haiphong Joint Stock Company as of December 31st, 2024, as well as its separate and consolidated financial performance and its separate and consolidated cash flows for the year then ended, in accordance with Vietnamese accounting standards, accounting regimes, and relevant legal regulations related to the preparation and presentation of the Separate and Consolidated Financial Statements.

- Supervisory Board's Opinion: The auditor's opinion is well-founded and consistent with current Vietnamese accounting laws and standards.

However, the depreciation of fixed assets at wharves 4 and 5 and the container yard at Chua Ve Terminal without approval from competent authorities poses a potential risk, as these assets are not yet owned by Port of Haiphong. A corresponding expense is necessary when using these two wharves for production and business activities, as they generate revenue. However, attention should also be paid to the amount temporarily collected by the Ministry of Finance Inspectorate in 2019 upon official approval from competent authorities.

Furthermore, the Board of Management and the Executive Board of Port of Haiphong need to have more proactive solutions to get the Management and Operation Plan for wharves 4 and 5 at Chua Ve Terminal approved, as a basis for the independent auditor to remove the qualified opinion on the Financial Statements.

2. Key Indicators of Assets, Liabilities, and Basic Financial Ratios in 2024

Based on the audited Separate and Consolidated Financial Statements for 2024, the Supervisory Board has prepared the following summary table of assets and liabilities:

Generally, the Company's financial situation is sound, shareholders' equity continues to be preserved and developed, and high liquidity ensures the full fulfillment of obligations to the State budget and the payment of debts to suppliers and lenders. The Company's fixed assets are mostly formed from equity capital. Good management and recovery of receivables contribute to ensuring business efficiency. The distribution of profits and payment of dividends in 2024 were carried out in accordance with the resolutions of the General Meeting of Shareholders and the Company's regulations.

The separate and consolidated financial statements both show an increase in after-tax profit in 2024 compared to 2023, and both the parent company and subsidiaries have implemented more effective cost management measures.

3. Cash Flow of Port of Haiphong

- Cash and cash equivalents as of December 31, 2024, were 80.8 billion VND, compared to 487.3 billion VND in the same period last year. Net cash flow in 2024 was positive 257 billion VND (positive 405 billion VND in 2023). This includes:

+Net cash flow from operating activities was positive 934.2 billion VND (positive 396.2 billion VND in 2023), mainly due to increased profit from business operations.

+Net cash flow from investing activities in 2024 was negative 522 billion VND (negative 643.9 billion VND in 2023) due to cash outflows for purchasing and constructing fixed assets and other long-term assets.

+Net cash flow from financing activities in 2024 was negative 155 billion VND (negative 157 billion VND in 2023) due to reduced repayment of loan principal.

- As of December 31st, 2024, Port of Haiphong had term deposits with maturities of over 3 months and under 12 months amounting to 290 billion VND, and held-to-maturity investments of 70 billion VND, compared to 30 billion VND and 766 billion VND respectively in the same period last year, due to disbursements for investment projects during the year.

SECTION V. OTHER MATTERS

1. Transactions between Port of Haiphong, subsidiaries, other companies where the Company holds controlling interest (over 50% of charter capital), and members of the Board of Directors, General Director, and their related parties

In 2024, there were no transactions between Port of Haiphong and companies where a member of the Board of Directors was a founding member or held a management position within the last 3 years prior to the transaction.

SECTION VI. PROPOSALS

The Supervisory Board proposes that the Board of Management continue to direct the Executive Board to implement the following tasks:

- Continue to divest capital from non-core businesses and inefficient long-term investments to focus capital on expanding and deepening investment in existing branches and operating units.

- Closely adhere to the Company's development strategy and annual production and business plan, continue to review and evaluate to innovate and streamline the organizational structure towards lean, efficient, effective, and impactful operations. The organizational structure should aim for a modern management model that prioritizes customer centricity, encourages creativity, enhances flexibility, and enables rapid decision-making to promptly respond to market fluctuations (Promote decentralization, delegation of authority, and enhance autonomy and accountability at all levels within the organization).

- Review and evaluate labor quality according to the required standards and conditions of job titles, based on criteria of competence, work efficiency, and the level of meeting job requirements in the new era. Develop training plans to improve skills, qualifications, and rejuvenate the workforce.

- Ensure consensus in the process of streamlining the organizational structure. Conduct thorough ideological work for officers and employees during the streamlining process. Develop regulations and documents on policies for employees during the restructuring.

- Continue to strongly promote scientific and technological activities, innovation, and digital transformation in all management and administration operations, operational exploitation, and business to improve labor productivity, manage and control costs effectively, and optimize resources.

- Continue to review, amend, supplement, and issue internal regulations and rules in accordance with current laws and the Company's specific characteristics to ensure compliance, consistency, and efficiency in implementation.

- Coordinate with enterprises within the Vietnam National Shipping Lines system and relevant functional agencies to increase overall strength and provide a complete service chain for customers.

- Continue to work with management agencies to definitively resolve the operation plan for wharves 4 and 5 at Chua Ve Port.

SECTION VII. THE SUPERVISORY BOARD'S ACTIVITIES IN 2025

- Perform inspection and supervision of management and administration activities according to the functions and duties stipulated by the Law on Enterprises and the Company's Charter.

- Supervise compliance with legal regulations, the Charter on Organization and Operation, the implementation of Regulations, Resolutions, and Decisions of the General Meeting of Shareholders and the Company's Board of Management.

- Appraise financial statements and evaluate the efficiency of production and business operations.

- Carry out coordination activities with the Board of Management and the Executive Board as they arise in practice.

The above is the report on the activities of the Supervisory Board in 2024 and the orientation of the Supervisory Board's activities in 2025.

Respectfully submitted to the General Meeting of Shareholders for consideration and approval.

Wishing all Delegates and Shareholders good health and peace.

Wishing the General Meeting great success!

Article 3. Election method

Pursuant to Clause 3, Article 148 of the Law on Enterprises 2020 and Clause 3, Article 29 of the Charter of Organization and Operation of the Company:

The voting for members of the Board of Management and the Supervisory Board shall be conducted by cumulative voting, whereby each shareholder has a total number of voting rights corresponding to the total number of shares held multiplied by the number of members of the Board of Management to be elected, and the shareholder has the right to cast all or part of their total votes for one or more candidates. The elected members of the Board of Management shall be determined based on the number of votes, from highest to lowest, starting from the candidate with the highest number of votes until the required number of members to be elected at the General Meeting is reached. In case two or more candidates receive the same number of votes for the last member of the Board of Management, a vote shall be conducted (approval, disapproval, no opinion) to re-elect among the candidates with the same number of votes. The voting ratio for approval by

voting method shall be implemented in accordance with Clause 2, Article 29 of the Company's Charter.

Article 4. Ballot

The ballot is pre-installed in the electronic voting system. Some terms used in the ballot are understood and explained as follows:

+ "Total number of Represented Voting Shares": is understood as the number of voting shares including the number of shares owned by the Shareholder and/or authorized by one or more other Shareholders.

+ "Total number of votes for electing members of the Board of Management": is understood as the Total number of represented voting shares multiplied by (x) the number of BoM members to be elected.

+ "Total number of votes for Supervisory Board": is understood as the Total number of represented voting shares multiplied by (x) the number of Supervisory Board members to be elected.

+ "Number of Members to be Elected": is understood as the Total number of members of the Board of Management and the Supervisory Board to be elected at the General Meeting

Shareholders/Authorized attendees shall prepare electronic devices with internet connection (e.g., computers, tablets, mobile phones, etc.) to log in to the online General Meeting of Shareholders system and conduct the election via electronic voting.

Article 5. Method of completing the ballot

Each ballot may be used to vote for a maximum number of candidates as proposed in the Board of Management's proposal.

Shareholders/Authorized representatives attending the meeting shall cast their votes according to the following instructions:

- Case 1: Voting for one (01) candidate

The Shareholder/Authorized representative attending the meeting shall tick the square box in the "Cumulative Voting" column of the selected candidate or enter the number of votes in the "Number of Votes" section, which must equal the maximum number of votes of the Shareholder/Authorized attendee.

- Case 2: Voting for multiple candidates

+ The Shareholder/Authorized representative attending the meeting shall tick the square box in the "Cumulative Voting" column for the selected candidates, and the System will automatically distribute the votes equally among the candidates, or

+ The Shareholder/Authorized representative attending the meeting shall enter the number of votes for each candidate in the "Number of Votes" section.

- For the online voting system, in all cases, the total number of votes the Shareholder/Authorized attendee casts for the candidates must equal the maximum number of votes the Shareholder/Authorized attendee holds (*using all the votes the Shareholder/Authorized attendee holds*).

Note: If the Shareholder/Authorized attendee both ticks the “Equally Distributed Cumulative Voting” box and enters a number in the “Number of Votes” box, the result will be based on the number of votes in the “Number of Votes” box (*in case of a valid ballot*).

Article 6. Voting Procedure

Starting from 08:00 on April 29, 2025, the electronic voting system shall be opened. The voting process shall commence when the electronic voting system is opened and continue until the Chairman of the General Meeting or the Vote Counting Committee announces the end of the voting period. Shareholders/Authorized attendees who exercise their voting rights from the time the electronic voting system is opened shall be counted as attendees of the online AGM. The voting deadline shall be displayed on the electronic voting system’s notification for shareholders to easily monitor. After the voting period ends, the system will no longer accept any additional votes.

After completing the ballot, the Shareholder/Authorized attendee shall click “Vote” to save and send the voting results to the system. The Shareholder/Authorized attendee has the right to change the voting results until the electronic voting period ends. The final recorded vote will be the last one submitted before the electronic voting period concludes.

Article 7. Invalid ballots

The following ballot shall be deemed invalid by the system:

+ The number of candidates selected by the Shareholder/Authorized attendee exceeds the number of members of the Board of Management/Supervisory Board approved for supplementary election by the General Meeting of Shareholders.

+ The total number of votes cast for candidates is either more or less than the total number of voting ballots allocated for electing Board of Management/Supervisory Board members.

+ The ballot is submitted after the voting period has ended.

For invalid ballot, the electronic voting system will issue a warning to the Shareholders/Authorized attendees participating in the online General Meeting of Shareholders and casting electronic votes. The Shareholders/Authorized attendees are responsible for adjusting the ballot. The system will not record invalid ballots, and the Shareholders/Authorized representative shall be deemed as having not participated in the electronic voting process.

Article 8. Principle for Determining Election

- The elected members of the Board of Management/Supervisory Board shall be determined based on the number of votes, from highest to lowest, starting from the candidate with the highest number of votes until the required number of members is reached.

- In case two or more candidates receive the same number of votes for the last member of the Board of Management/Supervisory Board, a vote shall be conducted (approval, disapproval, no opinion) to re-elect among the candidates with the same number of votes using the method as stipulated in Article 3 of this Regulation.

- If the first voting round does not produce a sufficient number of elected members, additional rounds shall be conducted until the required number of members is elected.

Article 9. Vote Checking, Casting, and Counting

1. The Vote Counting Committee, introduced by the Presidium and approved by the General Meeting of Shareholders, is responsible for conducting the vote counting and announcing the vote counting results.

2. The voting process will start at 08:00 on April 29, 2025 and end when the Chairman declares the conclusion of the voting period.

3. The vote counting will be conducted by the vote counting committee immediately after the voting period has ended.

Article 10. Preparation and Announcement of Vote Counting Results

1. After counting the votes, the Vote Counting Committee shall prepare a Vote Counting Report.

2. The Vote Counting Report must include the following key details:

a. Time and location of the Vote Counting Report preparation;

b. Composition of the Vote Counting Committee;

c. Purpose and content of the vote;

d. Total number of Shareholders/Authorized attendees participating in the meeting and the corresponding number of votes, total number of Shareholders/Authorized attendees participating in the election and the corresponding number of votes; the ratio of votes of Shareholders/Authorized attendees participating in the vote to the total number of votes of Shareholders/Authorized attendees participating in the meeting (by cumulative voting method), number of valid/invalid votes, number of votes for each candidate for member of the Board of Management/Supervisory Board;

e. Election results;

f. Signatures of the members of the Vote Counting Committee.

3. The full text of the Vote Counting Report shall be announced by the Vote Counting

Committee before the General Meeting and recorded in the Resolution of the General Meeting.

Article 11. Complaints Regarding the Election and Vote Counting

Any complaints regarding the election results shall only be considered at the General Meeting; shareholders shall not object to this validity at any other time. In case of disagreement regarding the election procedures or election results, the Vote Counting Committee shall review and seek the General Meeting's decision.

Article 12. Effectiveness of this Regulation

This regulation shall take effect immediately upon approval by the General Meeting of Shareholders of Port of Hai Phong Joint Stock Company at the General Meeting on April 29, 2025.

In case of forgetting the login password, shareholders click “Quên mật khẩu” (Forgot the Password), enter **the Username** and **email address** (Email registered with PHP - in case of non-deposited shares or registered at the securities company where the PHP securities depository account was opened). The login password to the system will be sent to the shareholder via a valid email address or phone number. In case shareholders have not registered an email address/phone number, please contact Mr. Tran Van Hoan/Ms. Nguyen Thi Ha Phuong directly using the information provided in the Meeting Invitation for assistance in retrieving login information.

The screenshot shows a web browser window with the URL 'login.fpts.com.vn/Login'. The page has a header with 'Vietnam (VN)' and a main content area with a white modal box titled 'Bạn quên mật khẩu'. Inside the modal, there are two input fields: 'Tên đăng nhập' (Username) with a placeholder 'Nhập tên đăng nhập' and 'Email' with a placeholder 'Nhập email'. Below these fields are two buttons: 'ĐÓNG' (Close) and 'Lấy mật khẩu' (Get Password). At the bottom of the modal, there are links for 'Trợ giúp' (Help) and 'Hướng dẫn sử dụng' (User Guide).

2. Changing the password

Port of Hai Phong recommends that shareholders/authorized representatives of shareholders, upon receiving login information, including username and password, should access the system to change the login password to secure information.

The screenshot shows a user profile section with a red arrow pointing to the user name 'NGUYỄN ĐIẾP TÙNG' and ID 'DEMO.000'. Below this, there is a 'Đổi mật khẩu' (Change Password) form. The form has two columns. The left column, titled 'Thông tin cổ đông' (Shareholder Information), contains fields for 'Mã đại hội' (Meeting Code) with value 'Công ty Cổ phần', 'Tên cổ đông' (Shareholder Name) with value 'NGUYỄN ĐIẾP TÙNG', and 'Mã' (ID) with value 'DEMO.000'. Below these fields are links for 'Thay đổi mật khẩu' (Change Password), 'Yêu cầu thay đổi mật khẩu' (Request to change password), and 'Đổi mật khẩu' (Change Password), with a red arrow pointing to the last one. The right column, titled 'Đổi mật khẩu' (Change Password), contains three input fields: 'Mật khẩu cũ' (Old Password), 'Mật khẩu mới' (New Password), and 'Nhập lại mật khẩu mới' (Repeat new password). Below these fields is a green button labeled 'Lưu thay đổi' (Save changes). A note at the bottom of the right column states: 'Lưu ý: Mật khẩu mới phải ít nhất có 10 ký tự, trong đó có ít nhất 1 ký tự viết hoa, 1 ký tự viết thường, 1 chữ số và 1 ký tự đặc biệt trong các ký tự sau ([!@#\$%^&*()~:;])'.

For the voting contents, please select 01 of the 03 options: “**Tán thành**” (Approve), “**Không tán thành**” (Disapprove), “**Không có ý kiến**” (No comment), then click “**Biểu quyết**” (Vote), the system will record and save the voting results.

Shareholders/Authorized representatives of shareholders who have voted on the contents at the Meeting before the Chair announces the end of the voting time for that content, can change the voting results by clicking the button **THAY ĐỔI BIỂU QUYẾT**, then pressing **BIỂU QUYẾT** to have the system record the new voting results.

For the election content, esteemed shareholders/authorized representatives of shareholders can choose 01 of 02 forms: **Form 1**: Check the boxes in the “**Cumulative Voting**” (**Bầu dồn phiếu**) column corresponding to each candidate; **Form 2**: Enter the number of votes in the box in the “**Number of Votes**” (**Số phiếu bầu**) column corresponding to each candidate.

Shareholders/authorized representatives of shareholders who have voted on the agenda items before the Chairman announces the conclusion of the voting period for that item may change their election results by pressing **Thay đổi bầu cử**, then clicking **Bầu cử** so that the system records the new voting result.

5. Authorization

Shareholders who do not attend the online meeting of the 2025 Annual General Meeting of Shareholders of Port of Hai Phong can authorize another individual/organization and vote on issues under the agenda of the Meeting. Shareholders perform the online authorization operation as follows:

The screenshot shows a web interface for online authorization. At the top, there are navigation tabs: TRANG CHỦ, TÀI LIỆU ĐẠI HỘI, LIÊN HỆ, DANH SÁCH ỦY QUYỀN, and a user profile for NGUYỄN ĐIẾP TÙNG (DEMO.000). The main header displays the date and time: 12 Thứ 4, tháng 3, 2025, 33 Ngày, 20 Giờ, 0 Phút, with a countdown timer showing 12:00:15/04/2025. Below the header, there are four buttons: Đăng Ký Tham Dự, Ủy Quyền, Biểu quyết / bầu cử, and a button to cancel the authorization (Đang tiến hành bỏ phiếu). The interface also shows the number of shares authorized (Số lượng phiếu biểu quyết đại diện: 250) and the number of shares held (Phiếu biểu quyết sở hữu: 250). There are also buttons for receiving shares (Phiếu biểu quyết nhận ủy quyền: 0) and shares already authorized (Phiếu biểu quyết đã ủy quyền: 0). Below this, there are four buttons for different types of shares: SP biểu quyết sở hữu (31.000), SP biểu quyết đã UQ (0), SP biểu quyết nhận UQ (0), and SP biểu quyết còn lại (31.000). A section titled THỎA THUẬN NỘI DUNG ỦY QUYỀN contains a disclaimer and a checkbox for agreement. Below this, there are radio buttons for selecting the authorized person: Người nội bộ của Công ty, Đại biểu khác, and Người nhận ủy quyền khác. A dropdown menu for Danh sách người nội bộ is also present. At the bottom, there are input fields for the authorized person's name, ID, and address.

Shareholders choose to authorize the Chairman of the Board of Management of Port of Hai Phong or another individual/organization by checking the box before each of these choices.

Shareholders enter the number of authorized shares, then click **ỦY QUYỀN** to record the authorization on the system. The system will automatically send a notification to the shareholder as follows:

Kính mời Quý đại biểu in và gửi Giấy ủy quyền hợp lệ về địa chỉ của Tổ chức phát hành theo quy định tại Thông báo mời họp

In

After performing the above operation, the shareholder's authorization is in the “**CHƯA PHÊ DUYỆT**” (NOT APPROVED) status. Shareholders can “**HỦY ỦY QUYỀN**” (CANCEL THE AUTHORIZATION) or proceed to print the Authorization Letter and send the hard copy (*along with the documents related to the authorization, if any*) to the contact address of the

Organizing Committee of the 2025 Annual General Meeting of Shareholders of Port of Hai Phong according to the information in the Meeting Invitation.
