for Net profit after corporate income tax as shown in the Income Statement for the  
disclosed period:

No.	Item	Quarter II/2024	Quarter II/2025	% increase (+)/decrease (-)

**Reason:**

Profit in the second quarter of 2025 increased by 13.34% compared to the  
same period in 2024 due to the following main reasons:

In the second quarter of 2025, the real estate market showed signs of  
recovery, leading to an increase in sales volume by ~19.1%. Moreover, the average  
selling price of products also rose, thereby increasing revenue compared to the same  
period last year. On the other hand, the Company's Board of Directors has timely
