## REVIEW REPORT

### ON THE INTERIM FINANCIAL INFORMATION

**Dear: THE SHAREHOLDERS, BOARD OF MANAGEMENT AND BOARD OF GENERAL DIRECTORS**

**GIA LAI COFFEE JOINT STOCK COMPANY**

We have reviewed the accompanying Interim Financial Statements of Gia Lai Coffee Joint Stock Company (hereinafter referred to as "the Company"), prepared on August 11, 2025, from page 07 to page 36, which comprises the Interim Balance Sheet as at June 30, 2025, the Interim Income Statement, the Interim Statement of Cash Flows and the Notes to the Interim Financial Statements for the six-month period ended June 30, 2025.

#### **The Board of General Directors's responsibility**

The Board of General Directors of the Company is responsible for the preparation and fair presentation of these interim financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to the preparation and presentation of interim financial statements, and for such internal control as the Board of General Directors determines is necessary to enable the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express a conclusion about these interim financial statements based on our review. We conducted our review in accordance with the Vietnamese Standard on review engagement No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primary person responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that may be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for qualified opinion**

1. As presented in Notes No. V18.b on long-term borrowings and finance leases, the Company's Board of Directors has decided to use land use rights certificates, house ownership, and other assets attached to land granted to the Company as collateral for the loans of Bien Ho Tea Joint Stock Company (a jointly invested company) at the Vienam Bank for Agriculture and Rural Development – Gia Lai Branch since 2022. Such loan security for a related party is not in compliance with Clause 3, Article 293 of Decree 155/2020/ND-CP dated December 31, 2020, detailing the implementation of certain provisions of the Securities Law.
2. As presented in Notes No. VIII.1 – Contingent Liabilities, the land lease fees and late payment penalties as per the Tax Authority's notice have not been fully recorded in the Company's operating expenses in previous periods, specifically:
  - The state-owned enterprise period: VND 7,754,365,354 (land lease fees) and VND 4,020,354,217 (late payment penalties).
  - The joint-stock company period (2019): VND 395,826,472 (land lease fees) and VND 215,124,770 (late payment penalties).

The obligation to pay this land lease fee to the State Budget remains unresolved between the two parties. The Company has filed a lawsuit against the Director of the Gia Lai Tax Department, and the case is

currently being handled by the Gia Lai People's Court. Accordingly, these amounts may impact the Balance Sheet (if applicable) depending on the decision of the competent State authority.

### Qualified conclusion

In our opinion, except for the effects of the matters described in the "Basis for Qualified Opinion" section, nothing has come to our attention that causes us to believe that the interim financial statements do not present fairly, in all material respects, the interim financial position of Company as at June 30, 2025, and its interim financial performance and its interim cash flows for six-month period then ended, in accordance with Vietnamese Accounting Standards, accounting regime for enterprises, and legal regulations relating to the preparation and presentation of interim financial statements.

### Emphasis of matter

We draw readers' attention to Notes No. VIII.5 in the Notes to the Financial Statements, which states that as at June 30, 2025, the accumulated loss amounts to VND (134,369,284,626), and the Company's short-term liabilities exceed its short-term assets by VND 81,914,179,027. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. However, the Board of Directors and Executive Management are committed to ensuring future profitability and securing financial support from shareholders to provide sufficient resources for the Company to continue operating normally in subsequent years. Therefore, the interim financial statements for the six-month period ended June 30, 2025, have been prepared based on the assumption that the Company will continue as a going concern.

Our qualified opinion is not related to this matter.

## **GIA LAI COFFEE JOINT STOCK COMPANY**

No. 97, Pham Van Dong/ Yet Kieu Street, Thong Nhat Ward, Gia Lai Province

### **INTERIM FINANCIAL STATEMENTS**

For the six-month period ended June 30, 2025

#### **Notes to the Interim Financial Statements (cont'd)**

---

- Trade receivables include commercial receivables generating from purchase-sale related transactions between the Company and buyers, also include receivables from sale export goods conducted by consignees.
- Other receivables include non-commercial receivables which is not related to buying-selling transactions.

Provision for doubtful receivables is made for each receivable when:

- An overdue debt under an economic contract, a loan agreement, a contractual commitment or a promissory note has been demanded for several times, but it is unrecoverable. The time overdue of the doubtful debt requiring creation of the allowance shall be determined according to time in which the principal is repaid according to the sale contract, exclusive of the debt rescheduling between contracting parties;
- The debts are not due but the debtor is close to bankruptcy or undergone procedures for dissolution, or the debtor is missing or makes a getaway.

Increasing, decreasing provision for doubtful debts need to be made at the ended day of the fiscal year are recorded as general administration expenses.

#### **4. Inventories**

Inventories are stated at the lower of cost and net realizable value.

The historical cost of inventories are determined as follows:

- Raw materials, materials, goods: include buying costs and other directly related costs arising to have inventories at present area and state.
- Finished products: include direct raw materials costs, direct employee costs and general production costs shall be basis on normal operation level/land using right, direct costs related and general costs arising in the process building finished goods - property.
- The cost of work in progress: include direct raw materials costs, direct employee costs, costs of construction machinery and general production costs.

Net realizable value is the estimated selling price less the estimated costs of completion the products and the estimated costs needed for their consumption.

The value of inventory is measured using the weighted average method and inventory recording base on the perpetual inventory method.

Provision for decrease in value of inventories is made when the net realizable value of inventories is less than original cost. With the process services, provision for decrease is made by type of services with different price. The increase, decrease in balance of provision for decrease in value of inventories to be made at the year end are recorded in the cost of goods sold.

#### **5. Prepaid expenses**

Prepaid expenses is classified into short-term prepaid expense and long-term prepaid expenses on the Balance sheet and are allocated over the prepaid period or the period in which economic benefits are generated from these expenses

Prepaid expenses are expenses which have already been paid but relate to results of operations of multiple accounting periods. Prepaid expenses of the Company include:

##### ***Tools and instruments***

**INTERIM FINANCIAL STATEMENTS**

For the six-month period ended June 30, 2025

**Notes to the Interim Financial Statements (cont'd)**

Cost of tools and instruments being put into use are allocated in accordance with the straight-line method for a period of not more than 36 months.

**Business advantage**

Business advantage arising after equitization is allocated to expenses using the straight-line method over a 10-year allocation period.

**6. Tangible fixed assets**

Tangible fixed assets are stated at cost less accumulated depreciation. The cost of tangible fixed assets comprises their purchase price and all the costs incurred by the Company to acquire those assets as of the time of putting such assets into the ready for use state. The costs incurred after the initial recognition of tangible fixed assets shall be recorded as increase in their historical cost if these costs are certain to augment future economic benefits obtained from the use of these assets. Those incurred costs which fail to meet this requirement must be recognized as production and business expenses in the year.

When tangible fixed assets are sold or liquidated, their cost and accumulated depreciation are written off, and arisen gain/loss are recorded into the income or the expenses in the year.

Depreciating the cost of tangible fixed assets is calculated on straight-line method. Depreciation amount determined is based on historical cost and estimated useful-life of the assets. The time of depreciation is:

<u>Kind of assets</u>	<u>Depreciation years/Current period</u>
Buildings, Architectures	5 - 25
Machinery and equipment	5 - 8
Means of transportation	8 - 10
Equipment and management tools	8
Long term trees	20

**7. Intangible fixed assets**

**VIII. OTHER INFORMATION****1. Contingent Liabilities**

According to Notification No. 5556/TB-CTGLA-KĐT dated July 8, 2024, from the Gia Lai Tax Department, the Company still owes land rental fees and late payment penalties from previous years as follows:

	<b>Land Rental Fees</b>	<b>Late Payment Penalties</b>	<b>Total</b>
State-Owned Enterprise Phase	7,754,365,354	4,020,354,217	11,774,719,571
Joint Stock Company Phase	395,826,472	215,124,770	610,951,242
<b>Total</b>	<b>8,150,191,826</b>	<b>4,235,478,987</b>	<b>12,385,670,813</b>

Reasons for the Omission of These Liabilities in Previous Financial Statements:

- a. State-Owned Enterprise Phase: These land rental fees arose during the State-Owned Enterprise phase and were not included in the equitization plan or the enterprise valuation documentation.
- b. Joint Stock Company Phase: The discrepancy arises because the Tax Department calculated land rental fees on the total land area, including portions that had already been transferred to local authorities for management.

The Company has filed a lawsuit against the Director of the Gia Lai Tax Department on July 19, 2024, and the Gia Lai People's Court is currently handling the case.

**2. Transactions and balance with related parties**

The Company's related parties include key management personnel, individuals related to key management personnel, and other related entities.

**a. Transactions and balance with key management members and related individuals with key management members**

Key management personnel include members of the Board of Directors, the Executive Board, and the Supervisory Board. Individuals related to key management personnel are their close family members.
