*Re: Explanation of the changes in profit after
tax for the Reviewed Financial Statements for
the First Six Months of 2025*

Tay Ninh, ~~14~~ August, 2025

Respectfully to: Hanoi Stock Exchange

Complying with the provisions of Clause 3, Article 14 of Circular No. 96/2020/TT-BTC dated 16/10/2020 of the Ministry of Finance guiding information disclosure on the stock market;

Long An Water Supply and Sewerage Joint Stock Company would like to provide the following explanation regarding the fluctuations in profit after corporate income tax presented in the reviewed semi-annual financial statements for 2025:

1. Profit after tax for the six-month reporting period of 2025 shows a difference of 5% or more before and after the audit:

Unit: Million VND

No.	Content	Before review	After review	Changes	Rate
1	The profit after corporate income tax	14.010	22.180	8.170	58,32%

2. Profit after tax in the statement of profit or loss for the reviewed six-month reporting period of 2025 changes by 10% or more compared with the reviewed six-month report of 2024:

Unit: Million VND

No.	Content	2025	2024	Changes	Rate
1	The profit after corporate income tax	22.180	8.852	13.328	150,56%

Reason for Changes: During the review process, the Company made adjustments to reduce the accrued expenses for major repairs of fixed assets and for regular maintenance costs, as the repair works are currently in progress but have not yet incurred actual expenses. This adjustment resulted in a decrease in expenses recognized for the period, thereby increasing profit after corporate income tax compared with the pre-review figures.

Above is the explanation of Long An Water Supply Sewerage Joint Stock Company on the change in profit after tax in the reviewed financial statements for the first six months of 2025 to the Hanoi Stock Exchange and shareholders.
