Auditor

A&C Auditing and Consulting Co., Ltd. has been appointed to perform the review on the Interim Financial Statements for the first 6 months of the fiscal year ended 31 December 2025 of the Company.

Responsibilities of the Board of Management

The Board of Management is responsible for the preparation of the Interim Financial Statements to give a true and fair view on the financial position, the financial performance and the cash flows of the Company during the period. In order to prepare these Interim Financial Statements, the Board of Management must:

- select appropriate accounting policies and apply them consistently;
- make judgments and estimates reasonably and prudently;
- state clearly whether the accounting standards applied to the Company are followed or not, and all the material differences from these standards are disclosed and explained in the Interim Financial Statements;
- prepare the Interim Financial Statements of the Company on the going-concern basis, except for the cases that the going-concern assumption is considered inappropriate; and
- design and implement effectively the internal control system to minimize the risks of material misstatements due to frauds or errors in the preparation and presentation of the Interim Financial Statements.

The Board of Management hereby ensures that all the proper accounting books of the Company have been fully recorded and can fairly reflect the financial position of the Company at any time, and that all the accounting books have been prepared in compliance with the applicable Accounting System. The Board of Management is also responsible for managing the Company's assets and consequently has taken appropriate measures to prevent and detect frauds and other irregularities.

The Board of Management hereby commits to the compliance with the aforementioned requirements in preparation of the Interim Financial Statements.

Approval on the Financial Statements

The Board of Management hereby approves the accompanying Interim Financial Statements, which give a true and fair view of the financial position as at 30 June 2025, the financial performance and the cash flows for the first 6 months of the fiscal year ended 31 December 2025 of the Company, in conformity with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of Interim Financial Statements.

For and on behalf of the Board of Management,

General Director

Le Phung Hoa

REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION**THE SHAREHOLDERS, THE BOARD OF DIRECTORS AND THE BOARD OF MANAGEMENT
VIET NAM CONSTRUCTION JOINT STOCK COMPANY NO 12**

We have reviewed the accompanying Interim Financial Statements of Viet Nam Construction Joint Stock Company No 12 (hereinafter referred to as “the Company”), which were prepared on 12 August 2025, from page 5 to page 32, including the Interim Balance Sheet as at 30 June 2025, the Interim Income Statement, the Interim Cash Flow Statement for the first 6 months of the fiscal year ended 31 December 2025 and the Notes to the Interim Financial Statements.

Responsibility of the Board of Management

The Company’s Board of Management is responsible for the preparation, true and fair presentation of the Interim Financial Statements of the Company in accordance with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of Interim Financial Statements; and responsible for the internal control as the Board of Management determines necessary to enable the preparation and presentation of the Interim Financial Statements to be free from material misstatement due to fraud or error.

Responsibility of Auditors

Our responsibility is to express a conclusion on the Interim Financial Statements based on our review. We conducted our review in accordance with the Vietnamese Standard on Review Engagements No. 2410 – Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Vietnamese Standards on Auditing and therefore, it does not enable us to obtain a reasonable assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express our audit opinion.

Conclusion of Auditors

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Financial Statements do not give a true and fair view, in all material respects, of the financial position as at 30 June 2025 of Viet Nam Construction Joint Stock Company No 12, its financial performance and its cash flows for the first 6 months of the fiscal year ended 31 December 2025, in accordance with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of Interim Financial Statements.

Other matter

The Report on review of the Company’s Interim Financial Statements for the first 6 months of the fiscal year ended 31 December 2025 has been prepared in both Vietnamese and English. In the event of any discrepancy between the two versions, the Vietnamese version shall prevail.

III. ACCOUNTING STANDARDS AND SYSTEM

1. Accounting system

The Company applies the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014, the Circular No. 53/2016/TT-BTC dated 21 March 2016, as well as other circulars guiding the implementation of the Vietnamese Accounting Standards of the Ministry of Finance in the preparation and presentation of Interim Financial Statements.

2. Statement on the compliance with the Accounting Standards and System

The Board of Management ensures the compliance with all the requirements of the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014, the Circular No. 53/2016/TT-BTC dated 21 March 2016, as well as other circulars guiding the implementation of the Vietnamese Accounting Standards of the Ministry of Finance in the preparation and presentation of Interim Financial Statements.

IV. ACCOUNTING POLICIES

1. Basis of preparation of the Financial Statements

All the Financial Statements are prepared on the accrual basis (except for the information related to cash flows).

The Interim Financial Statements have been prepared in both Vietnamese and English, in which the Interim Financial Statements in Vietnamese are the official statutory financial statements of the Company. The Interim Financial Statements in English have been translated from the Vietnamese version. In the event of any discrepancy between the two versions, the Vietnamese version shall prevail.

2. Cash and cash equivalents

Cash includes cash on hand and demand deposits at banks. Cash equivalents are short-term investments of which the due dates do not exceed 3 months from the dates of the investments that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value as of the balance sheet date.

3. Financial investments

Held-to-maturity investments

Investments are classified as held-to-maturity investments that the Company intends and is able to hold to maturity. Held-to-maturity investments only include term deposits at banks held to maturity for the purpose of earning periodical interest. Interest income from these term deposits at banks after the acquisition date is recognized in the Income Statement on the accrual basis.

Investments in associates

An associate is an entity which the Company has significant influence but does not have the right to control its financial and operating policies. Significant influence is the right to participate in making resolution on the associate's financial and operating policies but not control those policies.

Investment in associate is initially recognized at costs, including the cost of purchase or capital contributions plus other directly attributable transaction costs. If the Company contributes capital by non-monetary assets, costs of the investment are recognized at the fair value of the non-monetary assets at the time of occurrence.

Dividends and profits of the periods prior to the acquisition of investment are deducted from the cost of such investment. Dividends and profits of the periods after the acquisition of such investment are recorded in the Company's financial income. Particularly, stock dividends received are not recorded as an increase in value, but the increasing quantity of shares is followed up.

NOTES TO THE INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ended 31 December 2025

Notes to the Interim Financial Statements (cont.)

Provisions for impairment of investment in associate are made when the associate suffers from losses, with the provision amount determined by the difference between owners' actual contributed capital and total owners' equity as of the balance sheet date multiplied (x) by the Company's rate of charter capital owning in the associate. If the associate is a parent company and has its own Consolidated Financial Statements, provisions for impairment loss will be made based on its Consolidated Financial Statements.

Increases/ (decreases) in provisions for impairment of investment in associate to be recognized as of the balance sheet date are recorded into "Financial expenses".

4. Receivables

Receivables are recognized at the carrying amounts less allowances for doubtful debts.

The classification of receivables as trade receivables and other receivables is made according to the following principles:

- Trade receivables reflect receivables concerning the commercial nature arising from purchase and sale transactions between the Company and customers who are independent to the Company.
- Other receivables reflect receivables not concerning the commercial nature and irrelevant to purchase and sale transactions.

Allowance is made for each doubtful debt after being offset against liabilities (if any). The allowance rate is based on the estimated loss.

Increases/ (decreases) in allowance for doubtful debts to be recognized as of the balance sheet date are recorded into "General and administration expenses".

5. Inventories

Inventories are recognized at the lower of cost and net realizable value.

Costs of inventories are determined as follows:

- For work in progress ("WIP"): Costs comprise costs of main materials, labor and other directly attributable costs. WIP of each construction work is determined as follows:

$$\begin{array}{rcccl} \text{Ending balance of} & = & \text{Beginning balance} & + & \text{Costs incurred} \\ \text{WIP} & & \text{of WIP} & & \text{during the period} \\ & & & & - \text{Costs of sales} \\ & & & & \text{recognized during} \\ & & & & \text{the period} \end{array}$$

- For finished goods: Costs comprise costs of land use right, directly attributable costs and general costs arising for the property investment and construction at No. 57 Vu Trong Phung Street.

The cost of inventories is determined using the weighted average method and recorded in accordance with the perpetual inventory system.

Net realizable value is the estimated selling price of inventories in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Allowance for inventories is recognized for each type of inventories when their costs are higher than their net realizable value. Increases/ (decreases) in allowance for inventories to be recognized as of the balance sheet date are recorded into "Costs of sales".

Notes to the Interim Financial Statements (cont.)

6. Prepaid expenses

Prepaid expenses comprise actual expenses arising and relevant to financial performance in several accounting periods. These prepaid expenses are allocated over the prepayment period or the period in which corresponding economic benefits are generated from these expenses.

Prepaid expenses of the Company primarily include:

Tools

Expenses for tools in use are allocated to expenses using the straight-line method over a maximum period of 36 months.

Expenses for fixed asset repairs

Expenses for fixed asset repairs arising once with high value are allocated to expenses using the straight-line method over a period of 36 months.

Expenses for limestone quarry exploitation

Expenses for limestone quarry exploitation include expenses for preparing the environmental impact assessment report and environmental rehabilitation plan, exploration fees, and expenses for acquiring limestone mining right at Mines T3 and T4, Ong Cu Mountain, Kien Khe Town, Thanh Liem District. These expenses are allocated to expenses using the straight-line method over a period of 192 months.

7. Tangible fixed assets

Tangible fixed assets are determined by their historical costs less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Company to bring the asset to its working condition for its intended use. Other expenses arising subsequent to initial recognition are included into historical costs of fixed assets only if it can be clearly demonstrated that the expenditure has resulted in future economic benefits expected to be obtained from the use of these assets. Those which do not meet the above conditions will be recorded into operating costs during the period.

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the period.

Tangible fixed assets are depreciated in accordance with the straight-line method over their estimated useful lives. The depreciation years applied are as follows:

<u>Class of fixed assets</u>	<u>Years</u>
Buildings and structures	05 – 25
Machinery and equipment	05 – 10
Vehicles	06 – 10
Office equipment	05
Other fixed assets	04 – 07

8. Intangible fixed assets

Intangible fixed assets are determined by their historical costs less accumulated amortization.

Historical costs of intangible fixed assets include all the costs paid by the Company to bring the asset to its working condition for its intended use. Other costs relevant to intangible fixed assets arising subsequent to initial recognition are included into operating costs during the period, otherwise, these costs are included into historical costs of fixed assets only if they are associated with a specific intangible fixed asset and result in future economic benefits expected to be obtained from the use of the asset.

When an intangible fixed asset is sold or disposed, its historical costs and accumulated amortization are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the period.

VIET NAM CONSTRUCTION JOINT STOCK COMPANY NO 12

Address: No. 57 Vu Trong Phung Street, Thanh Xuan Ward, Hanoi City, Vietnam

NOTES TO THE INTERIM FINANCIAL STATEMENTS

For the first 6 months of the fiscal year ended 31 December 2025

Notes to the Interim Financial Statements (cont.)

The Company's intangible fixed asset is land use right only, which includes all the actual expenses paid by the Company directly attributable to the land being used, such as expenses to obtain the land use right, expenses for site clearance compensation and ground leveling, registration fees, etc. The land use right is amortized using the straight-line method over a period of 46 years.

9. Investment properties

Investment property refers to land use right, a building or part of a building, or infrastructure held by the Company as the owner under a finance lease to earn rentals. Investment property held to earn rentals is measured at its historical costs less accumulated depreciation. Historical costs of an investment property include all expenses paid by the Company, or the fair value of other considerations given to acquire the asset up to the date of its acquisition or construction.

Subsequent expenditure on an investment property is added to the investment property's carrying amount when it is probable that future economic benefits will flow to the entity. All other subsequent expenditure is expensed in the period in which it is incurred.

When an investment property is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposals is included in the income or the expenses during the period.

The transfer from owner-occupied property or inventories into investment property shall be made when, and only when, there is a change in use evidenced by the end of owner-occupation and the commencement of an operating lease to another party or the end of construction. The transfer from investment property to owner-occupied property or inventories shall be made when, and only when, there is a change in use evidenced by the commencement of owner-occupation or the commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the historical cost or net book value of investment property at the date of transfer.

The Company's investment properties include all usable areas from the 1st floor to the 5th floor of the Office Building, and the 16th floor of the Apartment Building at No. 57 Vu Trong Phung Street, which are used for rental purposes and depreciated using the straight-line method over their estimated useful lives. The depreciation years of investment properties are as follows:

<u>Class of assets</u>	<u>Years</u>
Land use right	46
Buildings	25

10. Payables and accrued expenses

Payables and accrued expenses are recorded based on the amounts payable for merchandise and services already used. Accrued expenses are recorded based on reasonable estimates for the amounts payable.

The classification of payables as trade payables, accrued expenses, and other payables is made on the basis of following principles:

- Trade payables reflect payables of commercial nature arising from the purchase of merchandise, services, or assets and the seller is an independent entity with the Company.
- Accrued expenses reflect expenses for merchandise, services received from suppliers or supplied to customers but have not been paid, invoiced or lack of accounting records and supporting documents; pay on leave payable to employees; and accrual of operating expenses.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of merchandise or rendering of services.

Payables and accrued expenses are classified into short-term and long-term ones in the Interim Balance Sheet based on the remaining terms as of the balance sheet date.

Notes to the Interim Financial Statements (cont.)

11. Owner's equity

Owner's contribution capital

Owner's contribution capital is recorded according to the actual amounts invested by the shareholders.

Share premiums

The differences between the issuance price and face value upon the IPO, additional issue or the difference between the re-issuance price and carrying value of treasury shares and the equity component of convertible bonds upon maturity date are recognized into share premiums. Expenses directly attributable to the additional issue of shares and the re-issuance of treasury shares are recorded as a decrease in share premiums.

12. Profit distribution

Profit after tax is distributed to the shareholders after appropriation for funds under the Charter of the Company as well as legal regulations and approved by the General Meeting of Shareholders.

The distribution of profits to the shareholders is made in consideration of non-cash items in retained earnings that may affect cash flows and the ability to pay dividends such as gains from revaluation of assets invested in other entities, gains from revaluation of monetary items, financial instruments and other non-cash items.

Dividends are recorded as payables upon approval of the General Meeting of Shareholders.

13. Recognition of revenue and income

Revenue from sales of finished goods

Revenue from sales of finished goods shall be recognized when all of the following conditions are satisfied:

- The Company has transferred most of risks and benefits incident to the ownership of products to customers.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the products sold.
- The amount of revenue can be measured reliably. When the contract stipulates that the buyer has right to return products purchased under specific conditions, revenue is recognized only when those specific conditions no longer exist and the buyer retains no right to return products (except for the case that the customer has the right to return the products in exchange for other goods or services).
- It is probable that the economic benefits associated with sale transactions will flow to the Company.
- The cost incurred or to be incurred in respect of the sale transaction can be measured reliably.

Revenue from rendering of services

Revenue from rendering of services shall be recognized when all of the following conditions are satisfied:

- The amount of revenue can be measured reliably. When the contract stipulates that the buyer is entitled to return the services rendered under specific conditions, revenue is recognized only when those specific conditions no longer exist and the buyer is not entitled to return the services rendered.
- The Company received or shall probably receive the economic benefits associated with the rendering of services.
- The stage of completion of the transaction at the end of reporting period can be measured reliably.
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

In the case that the services are rendered in several accounting periods, revenue is recognized on the basis of the stage of completion as of the balance sheet date.

Notes to the Interim Financial Statements (cont.)

Revenue from operating leases

Revenue from operating leases is recognized using the straight-line method during the lease term. Rentals received in advance for several periods are allocated to revenue in consistence with the lease term.

Interest

Interest is recorded based on the term and the actual interest rate applied in each particular period.

Dividend income

Dividend income is recognized when the Company has the right to receive dividends from the investees.

14. Construction contracts

A construction contract is written contract for the construction of an asset or combination of assets which are closely interrelated or interdependent in terms of their design, technology, function or basic use purposes.

When the outcome of the construction contracts is estimated reliably:

- For the construction contract stipulating that the contractor is paid based on the value of performed work volume, revenue and related costs are recognized in proportion to the work completed, as confirmed by the customer and reflected in the issued invoices.

Variation in amount of contract work done, compensation receivables and other receivables are recognized into revenue only when these are accepted by customers.

When the outcome of the construction contracts cannot be estimated reliably:

- Revenue is only recognized to the extent of contract costs incurred, where recovery is reasonably certain.
- Contract costs are recognized as expenses when they are incurred.

15. Borrowing costs

Borrowing costs are interest expenses and other costs that the Company directly incurs in connection with the borrowings. Borrowing costs are recorded as expenses when incurred.

16. Expenses

Expenses are those that result in outflows of the Company's economic benefits and are recorded at the time of transactions or when incurrence of the transaction is reliable regardless of whether payment for expenses is made or not.

Expenses and their corresponding revenue are simultaneously recognized in accordance with matching principle. In the event that matching principle conflicts with prudence principle, expenses are recognized based on the nature and regulations of accounting standards in order to guarantee that transactions can be fairly and truly reflected.

17. Corporate income tax

Corporate income tax only includes current income tax, which is the tax amount computed based on the taxable income. Taxable income is different from accounting profit due to the adjustments of temporary differences between tax and accounting figures, non-deductible expenses as well as those of non-taxable income and losses brought forward.

18. Related parties

Parties are considered to be related parties in case that one party is able to control the other party or has significant influence on the financial and operating decisions of the other party. Parties are also considered to be related parties in case that they are under the common control or under the common significant influence.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely the legal form.
