In the opinion of the Board of Directors, the interim consolidated financial statements of the Group for the six-month period ended 30<sup>th</sup> June 2025 would not be seriously affected by any important items, transactions, or any extraordinary events happened to the date of this report, which need any adjustments to the figures or disclosures in the interim consolidated financial statements.

## 9. Auditors

**VIETVALUES** Audit and Consulting Co., Ltd. has been assigned to perform the review on the interim consolidated financial statements for the six-month period ended 30<sup>th</sup> June 2025 of the Group. **VIETVALUES** Audit and Consulting Co., Ltd. has expressed their willingness to be appointed as the Company's independent auditor in the coming years.

## 10. Responsibilities of the Board of Directors

The Board of Directors of the Company is responsible for the preparation of the interim consolidated financial statements to give a true and fair view on the interim consolidated financial position, the interim consolidated business results and the cash flows of the Group for the period. In order to prepare these interim consolidated financial statements, the Board of Directors must:

- Selecting appropriate accounting policies and apply them consistently;

- Making judgments and estimates reasonably and prudently;
- Announcing the accounting standards of the Group to be followed for the material issues to be disclosed and explained in the interim consolidated financial statements;
- Preparing the interim consolidated financial statements of the Group on the basis of the going-concern assumption except for the cases that the going-concern assumption is considered inappropriate;
- Design and implementation of internal control systems effectively for the purpose of preparing and presenting the interim consolidated financial statements reasonably in order to minimize risk and fraud.

The Board of Directors ensure that all the relevant accounting books have been fully recorded and can fairly reflect the interim consolidated financial position of the Group at any time, and that all accounting books have been prepared in compliance with the adopted accounting regime. The Board of Directors of the Group is also responsible for protecting the Company's assets and consequently has taken appropriate measures to prevent and detect frauds and legal regulations related to the preparation and fair presentation of the interim consolidated financial statements.

The Board of Directors hereby ensure to comply with all the requirements above in the preparation of the interim consolidated financial statements.

#### **11. Approving the interim consolidated financial statements**

The Board of Directors confirms that the Company has complied with the above requirements in the preparation and presentation of the accompanying interim consolidated financial statements

*Hoc Chi Minh city, 20<sup>th</sup> August 2025*

**For and on behalf of the Board of Directors**

**Mr. LE VAN MY**  
**General Director**

No.: 2452/25/BCKT/AUD-VVALUES

## REVIEW REPORTS ON INTERIM FINANCIAL INFORMATION

**To: SHAREHOLDERS, THE BOARD OF MANAGEMENT  
AND THE BOARD OF DIRECTORS  
HOCMON TRADE JOINT STOCK COMPANY**

We have reviewed the accompanying interim consolidated financial statements of the Holding company - HocMon Trade Joint Stock Company and subsidiary - Hoc Mon Agriculture Wholesale Market Co., Ltd. (hereafter, referred to as "the Group"), prepared on 20<sup>th</sup> August 2025 (from page 08 to page 66) which comprise the interim consolidated Balance Sheet as at 30<sup>th</sup> June 2025, the interim consolidated Income Statement, the interim consolidated Statement of Cash Flows for the six-month period then ended and the Notes to the interim consolidated Financial Statements.

### Responsibility of the Board of Directors

The Board of Directors of the Group is responsible for the preparation and fair presentation of these interim consolidated financial statements of the Group in accordance with the Vietnamese accounting standards, Vietnamese enterprises' accounting regime as well as other related regulations and for such internal control as the Board of Directors determines is necessary to enable the preparation and presentation of interim consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's responsibility

Our responsibility is to express a conclusion on this interim (separate) financial information based on our review. We conducted our review in accordance with the Vietnamese Standards on Review Engagements 2410 – Review of interim financial information performed by the independent auditor of the entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Vietnamese Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

**Auditor's Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial information does not give a true and fair view, in all material respects, of the interim consolidated financial position of the Group (including the Holding company - HocMon Trade Joint Stock Company and subsidiary - Hoc Mon Agriculture Wholesale Market Co., Ltd.) as at 30<sup>th</sup> June 2025, the interim consolidated business results and the interim consolidated cash flows of the Company for the six-month period then ended in conformity with the accounting standards, the prevailing Vietnamese enterprises' accounting regime as well as legal regulations related to the preparation and presentation of the interim consolidated financial statements.

Ho Chi Minh city, 20<sup>th</sup> August 2025.

**II. ACCOUNTING PERIOD, AND REPORTING CURRENCY**

**1. The Group's fiscal year**

The Group's fiscal year starts on 01<sup>st</sup> January and ends on 31<sup>st</sup> December of each calendar year.

These interim consolidated financial statements are prepared for the six-month period ended 30<sup>th</sup> June 2025.

**2. Currency used in accounting**

The standard currency unit used is Vietnam Dong (VND) because the Group uses the main accounting currency unit which is Vietnam Dong (VND) for receipts and payments.

### **III. ADOPTED ACCOUNTING REGIME AND STANDARDS**

#### **1. Applicable accounting regime**

The Group have applied the Vietnamese Accounting Standards, the Circular No. 200/2014/TT-BTC dated 22<sup>nd</sup> December 2014 on guidelines for accounting policies for enterprises and the Circular No. 202/2014/TT-BTC dated 22<sup>nd</sup> December 2014 of the Ministry of Finance on guidelines for preparation and presentation of the interim consolidated financial statements and other circulars guidance on implementing the accounting standards of the Ministry of Finance in the preparation of the interim consolidated Financial statements.

Whereby, the accompanying interim consolidated Balance Sheet, interim consolidated Income Statement, interim consolidated Cash Flows Statement and Notes to the interim consolidated Financial Statements and the use of this report is not intended for subjects who are not provided information on the procedures, principles and accounting practices in Vietnam, as well as not intentionally presented the financial position, the business results and the cash flows under the procedures and principles and accounting practices widely accepted in other countries and territories outside Vietnam.

#### **2. Statement on the compliance with the Vietnamese accounting regime and standards**

The Board of Directors ensures to follow all the requirements of the accounting standards and the Vietnamese Corporate accounting system promulgating together with the Circular No. 200/2014/TT-BTC dated 22<sup>nd</sup> December 2014 and the Circular No. 202/2014/TT-BTC dated 22<sup>nd</sup> December 2014 as well as the guiding circulars on implementing the accounting standards of the Ministry of Finance in the preparation and presentation of the interim consolidated Financial statements.

#### **3. Registered accounting documentation system: General journal recording.**

### **IV. ADOPTED ACCOUNTING POLICIES**

#### **1. Basis of preparation the interim consolidated financial statements**

The interim consolidated financial statements are prepared on the basis of accrual accounting (except for information related to cash flows).

#### **2. Basis of consolidation**

The interim consolidated financial statements include the financial statements of Holding company and all subsidiaries. Subsidiaries is a company that is controlled by the Holding company. The control is achieved when the Holding company has the ability to control the financial and operational policies of the investee company in order to get economic benefits thanks to their operating activities. In determining the control, the Company shall consider the potential voting rights arising from the call options or debt instruments and capital instruments that are convertible into common stocks at the end of the accounting period.

Income Statements of subsidiaries acquired or sold in the year presented in the interim consolidated income statement from the date of purchase or until the date of disposal of an investment in that subsidiary.

The financial statements of holding company and subsidiaries used for interim consolidated are prepared for the same fiscal year as well as applied the same accounting policies of holding company. Adjusted entries are applied for any different accounting policy in order to ensure the consistency of holding company and all subsidiaries.

All inter-company balances and transactions, including recognised profits arising from inter-group transactions, have been eliminated in full. Unrealized losses are eliminated in interim consolidated financial statements, except irrevocable expenses.

Minority interest showed the profit/loss and net assets which are not held by the Group and are presented by a separate item on the interim consolidated Income Statement and the interim consolidated Balance Sheet (Owners' equity). Minority interest includes value of non-controlling interests as at the date of the initial business consolidation and the non-controlling interests in movement of owners' equity from the date of the business consolidation. Losses incurred by subsidiaries will be allocated to the non-controlling interests in proportion to their percentages ownership, in case those losses is greater than their percentages ownership in the subsidiary's net assets.

**3. Actual interest rate (effective interest rate) is used to discount the cash flows**

The Group has no incurred the discounted cash flows

**4. Cash and cash equivalents**

Cash includes cash on hand, cash in transit and call deposits.

Cash equivalents is the short-term securities of which the due dates can not exceed 3 (three) months from the dates of the investments (with an original maturity not exceeding 3 months) and the convertibility into cash is easy, and which do not have a lot of risks in the conversion into cash.

**5. Financial investments**

***Trading securities***

The investments are classified as trading securities if the company intends to hold for profit-making purpose.

Trading securities are recorded in the accounting books at their historical cost. Historical cost of trading securities is determined by the fair value of the payments as of the date transactions arise plus the expenses related to transaction of purchasing trading securities.

Trading securities is recognized as at the time the Group has the ownership, details are as follows:

- For listed securities: is recognized as at the time of order matching (T+0).
- For unlisted securities: is recognized as at the time of formal ownership in accordance with law.

When trading securities are purchased, their interests, dividends and profits from previous years are accounted in reducing their value. And their interests, dividends and profits of following years are recognized in the income from financial activities. Received dividends by stocks are only monitored as the number of stocks increases, not to be recorded as the received stocks.

Provision for devaluation of trading securities is made for each particular type of securities in the market and for which the market value lower of their historical costs. The determination of the fair value of trading securities listed on the stock market or traded on UPCOM, the fair value of the stock is the closing price at the balance sheet date. If the stock market or UPCOM is not traded as at the balance sheet date, the fair value of stocks is the closing price of preceding trading session.

Increase/Decrease in the balance of provision for devaluation of trading securities must be make as at the accounting period ended and are recognized in the expenses from financial activities.

***Held-to-maturity investments***

The investments are classified as held-to-maturity if the Group has both the ability and the intention to hold to maturity. Held-to-maturity investments include: term deposits (including treasury bills, promissory note) bonds, preferred stocks which the issuance party is obligated to repurchase at a specific time in the future and and held-to-maturity loans for the purpose of collecting interest periodically and other held-to-maturity investments.

Principles for determining held-to-maturity investments are initially recognized at the historical costs include purchase price and expenses related to investments transactions. After initial recognition, these investments are recognized at recoverable amount. Interest income on held-to-maturity investments after the date of acquisition are recognized in Income Statement on the basis of accrual. Interest enjoyed before the Group held is deducted against the historical cost as at the date of acquisition.

When there is certainly evidence shows part of or the entire investment may not be recoverable and the loss can be determined reliably, the loss is recognized in Expenses from financial activities in year and direct reduction of investment value.

### ***Investments in associated companies***

#### ***Associated companies***

Associated company is an enterprise in which the Group has significant influence but not control over the financial and operating policies. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control over those policies.

Investments in associates is initially recorded at their historical cost, include purchase price or capital contributions plus the costs directly related to the investment. In case of investment by non-monetary assets, the cost of investment is recognized at fair value of non-monetary assets as at the arising date.

When investments are purchased, their dividends and profits from previous years are accounted in reducing their value. And their dividends and profits of following years are recognized in the revenue. Received dividends by stocks are only monitored as the number of stocks increases, not to be recorded as the received stocks.

Provision for loss of investments in associates is appropriated as subsidiaries, associates have suffered losses, by the differences between the actual capital contributions by parties in s subsidiaries, associates and the actual equity multiplied (X) with the percentage of capital contribution of the Group and total actual capital contributions by parties in subsidiaries, associates. If the subsidiaries, associates is subject to present the interim consolidated financial statements, basis of determination of provision for loss is the interim consolidated financial statements.

Increase/Decrease in the balance of provision for loss of investments in associates must be make as at the accounting period ended and are recognized in the expenses from financial activities.

### ***Investments in equity instruments of other entities***

Investments in equity instruments of other entities include investments in equity instruments but the Group does not have control, joint control or significant influence over the investee.

Investments in equity instruments of other entities is initially recorded at their historical cost, include purchase price or capital contributions plus the costs directly related to the investment.

When investments are purchased, their dividends and profits from previous years are accounted in reducing their value. And their dividends and profits of following years are recognized in the revenue. Dividends received in stocks are only tracked by the number of additional stocks, the value of stocks received is not recorded (except for state-owned companies that comply with current legal regulations).

Provision for loss of investments in equity instruments of other entities is appropriated as follows:

- For investments in listed stocks or fair value of investments is determined reliably, the provision is based on the market value of stocks.
- For investments can not determine fair value as at the date of report, the provision is based on the loss of investee by the differences between the actual capital contributions by parties in other entity and the actual equity multiplied (X) with the percentage of capital contribution of the Group and total actual capital contributions by parties in other entity.

Increase/Decrease in the balance of provision for loss of investments in equity instruments of other entities must be make as at the accounting period ended and are recognized in the expenses from financial activities.

## **6. Receivables**

Doubtful receivables are presented by book value subtracting the provisions for doubtful receivables.

Receivables are classified as trade receivables and other receivables comply with the following principles:

- Trade receivables reflect the commercial elements arising from selling - purchasing transactions between the Company and the buyer is an independent entity, include receivables from export sales under entrusted others.
- Other receivables reflect the non-commercial elements, unrelated to selling - purchasing transactions.

Provisions for doubtful receivables: are prepared for each doubtful debt based on:

- For the overdue receivables recorded in economic contracts, loan agreements, contractual commitment or debt commitments, the company has claimed many times but still have not yet collected. Determining the overdue period of a receivable debt that is determined to be doubtful and requires a provision to be made based on the principal repayment time according to the original purchase and sale contract, regardless of debt extension between parties;
- Receivables haven't yet reached their due date but the debtor has fallen into bankruptcy or is undergoing dissolution process, has been missing or fled;
- For the undue receivables but are unlikely to withdraw: Based on the estimated losses to make provision.

Increase/Decrease in the balance of provisions for doubtful receivables must be make as at the accounting period ended and are recognized in the general & administration expenses.

## **7. Inventories**

Inventories are recognized at the lower of their historical costs or their net realizable values.

Historical costs of inventories are determined as follows:

- Raw materials, goods: including the acquisition cost and other direct related expenses arising to obtain inventory in current status and place.
- Finished goods: including the cost of direct materials, direct labor and related factory overhead cost are allocated based on normal capacity and land-use rights costs, direct costs and related general costs incurred in the process of investing in the construction of completed properties.
- Work-in-process: including only the costs of main raw materials, labor and others.

Net realizable values is the estimated selling price of inventory in normal operating cycle except for the estimated costs to complete and necessary to consume them.

The value of inventories is recognized at the first-in first-out method and recorded at the perpetual method.

Provision for devaluation of inventory is made for each item based on their costs is higher than their net realizable values. For services provided in progress, the provision for impairment is calculated for each of service which has a separate price. Increase/Decrease in the balance of provision for devaluation of inventory must be made as at the end of the accounting period and are recognized in the cost of goods sold.

## **8. Prepaid expenses**

Prepaid expenses include short-term prepaid expenses or long-term prepaid expenses on interim balance sheet and are allocated in the prepaid period or the time brings corresponding economic benefits thanks to these expenses.

Prepaid expenses include the actual arising costs but related to the operating results of numerous accounting periods. The Group's prepaid expenses include:

### **Tools**

Expenses on tools being put into use are allocated into expenses in accordance with the straight line method for the maximum period of 03 years.

### ***Prepaid land rental***

Prepaid land rental represent the rental already prepaid for the land being used by the Group. Prepaid land rental is allocated into expenses in accordance with the straight line method in line with the lease term.

### ***Repair costs***

Repair costs are gradually allocated to business results expenses during year in accordance with the straight line method for the maximum period of 03 years.

### ***Prepaid land rental for clean water supply station***

Prepaid land rental for clean water supply station represent the rental already prepaid for the land being used by the Group. Prepaid land rental for clean water supply station is allocated into expenses in accordance with the straight line method in line with the lease term of fifty (50) years.

### ***Insurance premiums***

Insurance premiums are allocated into expenses in accordance with the straight line method in line with the period specified in the insurance contract.

### ***Market entry tickets***

Market entry ticket costs are gradually allocated into expenses during period according to the actual revenue of each type of ticket.

## **9. Tangible fixed assets**

Tangible fixed assets are determined by the historical costs less (-) accumulated depreciation. Historical costs of tangible fixed assets include all the expenses of the Group to have these fixed assets as of the dates they are ready to be put into use. Other expenses incurred subsequent to the initial recognition are included in historical costs of fixed assets only if they certainly bring more economic benefits in the future thanks to the use of these assets. Those which do not meet the above conditions will be recorded into expenses during the period.

When tangible fixed assets are disposed or liquidated, their historical costs and accumulated depreciation are written off, then any profit (or loss) generated from the liquidation is included in the income or the expenses during the period.

Tangible fixed assets are depreciated in line with straight-line method to gradually write off the historical costs of fixed assets over their estimated useful lives. Details are as follows:

### ***The estimated useful lives of fixed assets:***

Buildings and structures	07 – 50 years
Machineries and equipments	03 – 07 years
Vehicles	06 – 10 years
Management equipments and tools	05 – 08 years

## **10. Intangible fixed assets**

Intangible fixed assets are determined by the historical costs less (-) accumulated amortization.

Historical costs of intangible fixed assets include all the expenses of the company to have these fixed assets as of the dates they are ready to be put into use.

Other expenses incurred subsequent to the initial recognition are included in expenses during the period only if they attached to the specific intangible fixed asset and bring more economic benefits thanks to the use of these assets.

When intangible fixed assets are disposed or liquidated, their historical costs and accumulated amortization are written off, then any profit (or loss) generated from the liquidation is included in the income or the expenses during the period.

**Land-use right**

Land-use rights are assigned by the State with land use fees collected: is amortized in line with straight-line method based on the land allocation period (20-50 years), land-use right with indefinite term is not amortized.

**11. Investment properties**

Investment properties are property being land use right, a building or a part of building, infrastructure held by the Group under a financial lease to earn rental or for capital appreciation.

Leasehold investment properties are determined by the historical costs less (-) accumulated depreciation. Historical cost of investment properties include all the expenses paid by the Group or the fair value of other consideration given to acquire the assets at the time of its acquisition or construction.

Subsequent expenses relating to an investment properties that have already been recognized should be added to the net book value of the investment properties when they are probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment properties, will flow to the company.

When investment properties are disposed or liquidated, their historical costs and accumulated depreciation are written off, then any profit (or loss) generated from the liquidation is included in the income or the expenses during the period.

A transfer from owner-occupied property or inventories to investment property only when the owner ends of using that property and commencement of an operating lease to another party or end of construction. A transfer from investment property to owner-occupied property or inventories only when the owner commencements of using that property or commencement of development with a view to sale. A transfer from investment property to owner-occupied property or inventories does not change the historical cost or the net book value of the property as at the date for transfer.

Leasehold investment properties which are land-use rights with indefinite term are not amortized. The depreciation years of investment properties are as follows:

Traditional marketplace	25 years
Ground leveling cost	50 years
Compensation costs	20 years
Shop for rent	06 years

**12. Construction-in-progress**

Construction-in-progress reflects the direct cost (include relevant interest expenses in accordance with accounting policies of the Group) related to the assets are being built, machineries and equipments are being installed for the purpose of manufacturing, leasing and management, as well as expenses related to the repair of fixed assets which are being implemented. Those assets are recorded at their historical cost and not to be depreciated.

**13. Business combination and goodwill**

The Group had no incurred the business combination and goodwill.

**14. Liabilities and accruals**

Liabilities and accruals are recognized for payable amounts in the future related to the received goods and services. Accruals are recognized based on the reasonable estimates of the payable amounts.

Payables are classified as trade payables, accruals and other payables comply with the following principles:

- Trade payables reflect the commercial elements arising from purchasing transactions of goods, services, assets and the seller is an independent entity, include payables from import by a trustee.
- Accruals reflect the payables to the received goods and services from seller or provided to buyer but not yet paid due to do not have invoice or insufficient accounting records and vouchers and payable to employees on sabbatical salary, operating costs must be accrued.
- Other payables reflect the non-commercial elements, unrelated to selling - purchasing transactions, rendering of services.
- Finance lease loans and liabilities reflect loans, finance lease liabilities and the payment situation of loans, finance lease liabilities.

## **15. Wages fund**

Wages fund is made appropriation on basis of the Resolution of the Annual General Meeting of Shareholders No. 05/2025/NQ-ĐHĐCĐ dated 28<sup>th</sup> March 2025.

- The Holding Company's wages fund is made appropriation on basis of the Resolution of the Annual General Meeting of Shareholders No. 05/2025/NQ-ĐHĐCĐ dated 28<sup>th</sup> March 2025. According to this Resolution, the wages fund at unit price is made appropriation in the Company's fiscal year 2025 determined by the formula: (total revenue minus (-) total expenditure) x 55%, in which total revenue excludes profits transferred from subsidiaries, total expenditure excludes salary, bonuses in salary and allowances, subsidies, insurance deducted from salary and meal allowance. And the above mentioned wages fund is used to pay salary according to the Labor Contract and the business performance. In any case, the Holding Company must still ensure payment and include in the expenses the employee's salary in accordance with the provisions of the Labor Law. Bonus costs included in salary that will be paid to employees according to the Holding Company's salary and bonus regulations. The Holding Company's total wages fund includes salary and Bonus costs included in salary.
- The Subsidiary's wages fund is determined by the formula: (total revenue minus (-) total expenses excluding salary and allowances, subsidies) x 66% rate.

## **16. Provision for severance allowance**

Pursuant to the Vietnam Labor Code, the Company's employees are entitled to receive severance allowance when they have worked on a regular basis for a period of at least 12 months or more. The qualified period of work as the basis for calculation of severance allowance shall be the total period during which the employee actually worked for the Company minus the period over which the employee participated in the unemployment insurance in accordance with unemployment insurance laws and the period for which severance allowance has been paid by the Company.

The employee's severance allowance is accrued in each accounting period ended at rate of a half of the average monthly salary for each working year. The salary as the basis for calculation of severance allowance shall be the average salary of the last 06 months under the employment contract before the date of these financial statements.

This accrual is used for a one-time payment when the employee terminates his employment contract according to prevailing regulations.

## **17. Owners' equity**

### ***Owner's invested equity***

Owner's invested equity is recognized according to the shareholders' actual capital.

### ***Profit distribution***

Profit after corporate income tax is distributed to shareholders after appropriating for funds in accordance with the Group's Charter as well as regulations and being approved by General Meeting of Shareholders.

Distribution of profits to shareholders is considered non-monetary items in undistributed earnings after tax which can affect the cash flows and ability to pay dividends such as profit from revaluation of the contributed assets, revaluation of monetary items, financial instruments and other non-monetary items.

Dividends are recorded as liabilities when being approved by General Meeting of Shareholders.

## **18. Recognition of revenues and income**

Revenues are recognized when the Group may get economic benefits that can be determined reliably. Revenues are measured at the fair value of received or receivable accounts after deducting trade discounts, sales discounts and sales returns.

### ***Revenues from sale of goods are mainly gasoline, oil, ...***

Revenues from sale of goods are recognized when satisfying the following conditions at the same time:

- Most of risk and benefits associated with the goods ownership are transferred to customers;
- There are no rights to manage or to control the goods;
- Revenues can be determined reliably. When the contract stipulates that the buyer has the option to return purchased goods under specific conditions, revenue is only recognized when those specific conditions no longer exist and the buyer is not entitled to return the goods (except in cases where the customer has the right to return the goods in exchange for other goods or services)
- Getting or will get reliable economic benefits from providing service;
- Expenses related to providing and completing service can be determined.

### ***Revenues from rendering of loading services***

Revenues from rendering of services are recognized when satisfying the following conditions at the same time:

- Revenues can be determined reliably. When the contract stipulates that the buyer has the option to return provided services under specific conditions, revenue is only recognized when those specific conditions no longer exist and the buyer is not entitled to return the provided services.
- Getting or will get reliable economic benefits from providing service;
- Determining work completely as at Balance Sheet date;
- Expenses related to providing and completing service can be determined.

In case the service is performed in many periods, the revenue recognized in the period is based on the results of the work completed at the end of the accounting period.

### ***Revenues from sales of properties***

Revenues from sales of properties in which the Group is the investor are recognized when satisfying the following conditions at the same time:

- The properties have been fully completed and handed over to customers, the Group has transferred the risks and benefits associated with the property ownership to customers.
- The Group has no rights to manage or to control the property as the owner.
- Revenues can be determined reliably.

- The Group has obtained or will obtain reliable economic benefits from the property transactions.
- Expenses related to property transactions can be determined.

In case customers have the right to complete the interior of property and the Group implemented to complete it according to the design, model and requirements of customers under a separate property interior completion contract, revenue is recognized upon completion and handover of the rough construction to customers.

***Revenues from division of land parcels for sale***

Revenues from division of land parcels for sale under irrevocable contracts are recognized when satisfying the following conditions at the same time:

- Most of risk and benefits associated with the land-use rights are transferred to customers.
- Revenues can be determined reliably.
- Expenses related to transactions on sales of land parcels can be determined.

The Company has obtained or will obtain reliable economic benefits from the land transactions.

***Revenue from operating leasehold assets***

Revenue from operating leasehold assets is recorded in accordance with the straight line method over the leasing period. The revenue received in advance of many accounting periods are allocated in the revenue matching with the leasing period.

***Unearned revenue***

Rent payments received in advance for numerous periods are allocated to revenue in line with the lease term.

***Interest on bank deposits***

Interest is recognized on an accrual basis, and determined on balance of savings accounts and the actual interest rates for each period.

***Dividends and divided profits***

Dividends and divided profits are recorded as the Company has the right to receive dividends or profits from the capital contribution. Received dividends by stocks are only monitored as the number of stocks increases, not to be recorded as the received stocks.

**19. Revenue deductions**

Revenue deductions include trade discounts, sales discounts and sales returns arising in the same consumption period of products, goods, and services that are adjusted to reduce revenue of the arising period. And the revenue deduction is the special consumption tax.

In case products, goods and services have been consumed in previous years, but only in current year have trade discounts, sales discounts and sales returns, revenue can be reduced according to the following principles:

- If the trade discounts, sales discounts and sales returns arise before the date of the interim consolidated Financial Statements: record a decrease in revenue on the interim consolidated Financial Statements in current period.
- If the trade discounts, sales discounts and sales returns arise after the date of the interim consolidated Financial Statements: record a decrease in revenue on the interim consolidated Financial Statements in the following period.

**20. Cost of goods sold**

Cost of goods sold is total cost of merchandises, investment properties, production cost of finished products sold, expenses directly of provided services and other expenses are included or recorded reducing in the cost of goods.

**21. Expenses from financial activities**

Expenses from financial activities are the costs related to financial activities include interest expenses. Borrowing costs is recognized in expenses when incurred.

**22. Borrowing costs**

Borrowing costs include interest and other costs incurred directly related to loans.

Borrowing costs will be capitalized when they are directly related to the construction or the production of an asset in progress, which has taken a substantial period of time (over 12 months) to get ready for intended use or sales of the asset. Otherwise, the borrowing costs will be recognized into expenses during the period. For private loans serve the construction of fixed assets, investment properties, interest is capitalized even if the construction period of less than 12 months. The income arising from the temporary investment of loans is recorded reducing the historical cost of the relevant assets.

In the event of general borrowings which are partly used for acquiring, constructing or producing an asset in progress, the costs eligible for capitalization will be determined according to the capitalization rates applied to average accumulated expenditure on that asset. The capitalization rates are computed at the average interest rates on the borrowings not yet paid during the period, except for particular borrowings serving the purpose of obtaining a specific asset.

**23. Selling expenses and General & administration expenses**

Selling expenses and General & administration expenses are all costs related to the process of rendering of services and general administration expenses of the Group.

**24. Taxes and Statutory obligations**

Value Added Tax (VAT): in accordance with deduction method.

The Group has paid Corporate income tax (CIT) at rate of 20% (twenty percent) of profit gained from the operation activities.

Other taxes will be paid according to current regulations.

**25. Corporate income tax (CIT) recognition methods and principles**

Corporate income tax expenses include current corporate income tax and deferred corporate income tax.

***Current corporate income tax***

Current corporate income tax expense is recognized based on taxable income. Taxable income is different from accounting profit due to the adjustments of differences between tax and accounting figures as well as those of non-taxable or non-deductible income and expenses.

***Deferred Corporate income tax***

Deferred income tax is the amount of corporate income tax payable or refundable due to temporary differences between book values of assets and liabilities serving the preparation of the financial statements and the values for tax purposes. Deferred income tax liabilities are recognized for all the temporary taxable differences. Deferred income tax assets are recorded only when there is an assurance on the availability of taxable income in the future against which the temporarily deductible differences can be used.

Book values of deferred corporate income tax assets are considered at the balance sheet dates and will be reduced to the rates that ensure enough taxable income against which the benefits from a part of or all of the deferred income tax can be used. Deferred corporate income tax assets are not yet recorded in before that will be reconsidered as at the accounting period ended and recorded when being reliably taxable profit to be able to use deferred income tax assets.

Deferred income tax assets and deferred income tax liabilities are determined at the estimated rates to be applied in the year when the assets are recovered or the liabilities are settled based on the effective tax rates as of the balance sheet date. Deferred income tax is recognized in the income statement. In the case that deferred income tax is related to the items of the owner's equity, corporate income tax will be included in the owner's equity of the company.

Deferred income tax assets and deferred income tax liabilities should be offset when:

- The Group have a legal right to implement the offset of current income tax assets and current income tax payable; and
- Those deferred income tax assets and deferred income tax payable related to corporate income tax is administered by the same tax authority:
  - + For the same taxable entity; or
  - + The Group intend to pay current income tax payable and current income tax assets on the basis of net or recover assets at the same time with the payment of liabilities in each future period when the significant deferred income tax payable or deferred income tax assets to be paid or recovered.

## **26. Related parties**

A party is considered as a related party of the company in case that party is able to control the company or to cause material effects on the financial decisions as well as the operations of the company. A party is also considered a related party of the company in case that party is under common control or significant influence.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

## **27. Segment Reporting**

A business segment is a distinguishable component of an enterprise that is engaged in providing an individual product or service or a group of related products or services and that is subject to risks and returns that are different from those of other business segments.

A geographical segment is a distinguishable component of an enterprise that is engaged in providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

Segment information is prepared and presented comply with the accounting policies in the preparation and presentation of the interim consolidated financial statements of the Group.

<sup>(1)</sup> In accordance with the Decision No. 2815/QĐ-UBND dated 31<sup>st</sup> May 2017 of the People's Committee of Ho Chi Minh city on approving Hoc Mon Trade Joint Stock Company is the investor of the housing project in Xuan Thoi Dong commune, Hoc Mon district, Ho Chi Minh city with an area of 42,944.9 m<sup>2</sup> at Xuan Thoi Dong commune, Hoc Mon district, estimated implementation time and progress is 3 years from the time of investment approval. On 18<sup>th</sup> January 2019, the Company has been granted the Construction License No. 09/GPXD by the Ho Chi Minh city Department of Construction on permission to construct technical infrastructure works at the housing project in Xuan Thoi Dong commune. The Announcement No. 12938/SXD-PTN&TTBĐS dated 10<sup>th</sup> November 2020 of the Ho Chi Minh city Department of Construction regarding the Company's eligibility to sell and lease-purchase future housing. According to the Decision No. 3694/QĐ-UBND dated 03<sup>rd</sup> October 2020 of the People's Committee of Ho Chi Minh city, Hoc Mon Trade Joint Stock Company is allowed to adjust the project implementation time and progress to 3 years from the date of issuance of the Decision on approving the investment adjustment.

On 26<sup>th</sup> June 2025, the Ho Chi Minh City Department of Finance had sent the Report No. 121/BCTD-STC to the People's Committee of Ho Chi Minh city on adjusting the investment policy decision of

**HocMon Trade Joint Stock Company**

Address: 25 Ba Trieu street, Quarter 1, Hoc Mon commune, Ho Chi Minh city.

**CONSOLIDATED FINANCIAL STATEMENTS**

For the six-month period ended 30<sup>th</sup> June 2025

Notes to the interim consolidated Financial Statements (cont.)

"The housing project in Xuan Thoi Dong commune, Hoc Mon district " of the Company. As of 30<sup>th</sup> June 2025, the Company is waiting for the Decision of People's Committee of Ho Chi Minh city on approving the adjustment of the project implementation schedule to be extended by 2 years (*refer to the Notes No. V.12*).

<sup>(2)</sup> This is the cost of receiving the transfer of the 4<sup>th</sup> floor at Hoc Mon Trade Center according to the Transfer Agreement No. 08/2016/HĐMBKTDV-HM dated 23<sup>rd</sup> March 2016 between Hoc Mon Trade Joint Stock Company and Hoang Quan Consulting – Trading – Service Real Estate Corporation.

According to the Minutes of the meeting certified by the Notary Public dated 19<sup>th</sup> July 2016, the Company agrees to assign Hoang Quan Consulting – Trading – Service Real Estate Corporation the right to search, negotiate and reach an agreement with a third party on the transfer of the entire above-mentioned premises under the following conditions:

- Must notify the Company of the third party transfer;
- The minimum transfer contract value must be equal to the contract value and the penalty as agreed in clauses 15.1 and 15.2, Article 15 of the above Contract No. 08/2016/HĐMBKTDV-HM dated 23<sup>rd</sup> March 2016;
- The third party must pay the transfer amount for all or part of the above-mentioned premises of the 4<sup>th</sup> floor with a total amount of 20 billion VND and the penalty as agreed in clauses 15.1 and 15.2, Article 15 of the Contract No. 08/2016/HĐMBKTDV-HM dated 23<sup>rd</sup> March 2016 and attached appendix to the bank account of Hoc Mon Trade Joint Stock Company.

However, Hoang Quan Consulting – Trading – Service Real Estate Corporation has transferred the above area to a third party and collected the transfer amount without the Company's consent, and did not refund the transfer amount to the Company.

During the period, the Company has signed a legal service contract to resolve disputes related to the above contract. Up to now, the two parties are still in the negotiation process to resolve disputes and related matters.

**13. Construction-in-progress**
