(Re: Explanatory for business results)

THE SOCIALIST REPUBLIC OF VIETNAM

Independence - Freedom - Happiness

-----o0o-----

Hanoi, 26th August 2025

To:

STATE SECURITIES COMMISSION,
HANOI STOCK EXCHANGE.

Organization name: SCI E&C JOINT STOCK COMPANY

Head office: 3rd floor, C tower, Golden Palace building, Me Tri road, Tu Liem ward, Hanoi

Tel: 02433 868 243

Fax: 02433 868 243

Stock code: SCI

SCI E&C Joint Stock Company would like to explain that the Profit after Corporate income tax of the Reviewed Consolidated Financial Statements for the accounting period from 01/01/2025 to 30/06/2025 changes by 10% or more compared to the same period of the previous year (previous period) and loss in this period, profit in previous period as follows:

Unit: VND

No.	Item	From 01/01/2025 to 30/06/2025	From 01/01/2024 to 30/06/2024	Differences ratio %
1	Net revenue from sales and services rendered	488,812,506,331	535,885,798,819	(8.78)%
2	Cost of goods sold	465,182,324,404	528,394,027,364	(11.96)%
3	Gross profit from sales and services rendered	23,630,181,927	7,491,771,455	215.42%
4	Financial income	10,207,300,796	3,250,354,149	214.04%
5	Financial expenses	21,393,031,588	13,462,507,104	58.91%
6	Net profit (loss) from operating activities	(12,989,302,685)	(29,297,659,144)	(55.66)%
7	Other profit (loss)	1,073,479,181	35,262,628,159	(96.96)%
8	Profit after corporate income tax	(11,915,823,504)	4,701,991,849	(353.42)%

Reasons :

During the period, the Company was constructing new projects, so both Revenue and Cost of goods sold decreased. The decrease rate of Cost of goods sold is different from decrease rate of Revenue, leading to an increase in Gross profit on sales and services rendered this period compared to the previous period.

Financial activity revenue in this period increased compared to the previous period due to foreign exchange gains generated from the Company's overseas construction activities. The financial expenses for this period increased compared to the previous period due to a rise in the Company's interest expenses and foreign exchange loss generated from the Company's

overseas construction activities. Aggregating the above factors, the net loss from operating activities in this period decreased compared to the previous period.

Other profits decreased compared to the same period last year, as in the first six months of 2024, the Company generated income from the reversal of warranty provisions for some projects.

Combining the above factors, the Profit after corporate income tax decreased when compared to the previous period and loss in this period, profit in previous period.

REPORT OF THE BOARD OF DIRECTORS AND BOARD OF MANAGEMENT

For the accounting period from 01/01/2025 to 30/6/2025

4. Independent Auditor

The accompanying Interim Consolidated Financial Statements for the accounting period from 01/01/2025 to 30/6/2025 have been reviewed by the Branch of MOORE AISG Auditing and Informatics Services Company Limited.

5. Commitment of the Board of Directors and Board of Management

The Board of Directors and Board of Management are responsible for the preparation of the Consolidated Financial Statements which give a true and fair view of the financial position of the Company as at 30 June 2025, the results of its operation and the cash flows for the 6-month period then ended. In order to prepare these Consolidated Financial Statements, the Board of Directors and Board of Management have considered and complied with the following matters:

- Selected appropriate accounting policies and applied them consistently;
- Made judgments and estimates that are reasonable and prudent;
- Prepared the Consolidated Financial Statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board of Directors and the Board of Management are responsible for ensuring that proper accounting records are kept and maintained, which disclose, with reasonable accuracy at any time, the consolidated financial position of the Company and that the Consolidated Financial Statements are prepared in compliance with the accounting regime stated in Notes to the Consolidated Financial Statements. The Board of Directors and the Board of Management are also responsible for safeguarding the Company's assets, and hence taking reasonable steps for the prevention and detection of frauds and other irregularities.

6. Confirmation

The Board of Directors and the Board of Management, in their opinion, confirmed that the Interim Consolidated Financial Statements including the Interim Consolidated Balance Sheet as at 30 June 2025, the Interim Consolidated Income Statement, the Interim Consolidated Cash Flow Statement and accompanying Notes, which expressed a true and fair view of the financial position of the Company as well as its operating results and cash flows for the 6-month period then ended.

The Interim Consolidated Financial Statements are prepared in accordance with Vietnamese Accounting Standards and System.

Hanoi, 26 August 2025

For and on behalf of the Board of Directors and Board of Management

Phan Thanh Hai

Chairman of the Board of Directors

No. A0625076-SXHN/MOOREAISHN-TC**REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION**

**To: Shareholders, Board of Directors and Board of Management
SCI E&C Joint Stock Company**

We have reviewed the accompanying Interim Consolidated Financial Statements of SCI E&C Joint Stock Company ("the Company") as prepared on 26 August 2025 from pages 04 to 44, which comprise the Interim Consolidated Balance Sheet as at 30 June 2025, the Interim Consolidated Income Statement, the interim Consolidated Cash Flow Statement for the 6-month period then ended and Notes to the Interim Consolidated Financial Statements.

Responsibility of the Board of Directors and Board of Management

The Board of Directors and Board of Management of SCI E&C Joint Stock Company are responsible for the preparation and fair presentation of the Interim Consolidated Financial Statements in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and prevailing regulations applicable to the preparation and presentation of the Interim Consolidated Financial Statements and also for the internal control which the Board of Directors and Board of Management consider necessary for the preparation and fair presentation of the Interim Consolidated Financial Statements that are free from material misstatement, whether due to fraud or error.

Responsibility of the Auditor

Our responsibility is to express a conclusion on the Interim Consolidated Financial Statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of Interim financial information performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Auditor's conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying Interim Consolidated Financial Statements do not give a true and fair view, in all material respects, of the financial position of the Company as at 30 June 2025, and of the results of its operation and its cash flows for the 6-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting Regime and the statutory requirements relevant to the preparation and presentation of the Interim Consolidated Financial Statements.

Other matter

The Report on review of interim financial information is prepared in Vietnamese and English. In the event of any discrepancies or inconsistencies between the Vietnamese and English versions, the Vietnamese version shall prevail.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For the accounting period from 01/01/2025 to 30/6/2025

Unit: VND

I. BUSINESS HIGHLIGHTS**1. Establishments**

SCI E&C Joint Stock Company (former name: Song Da 9 Investment and Construction Joint Stock Company) was established and operates under the first Business Registration Certificate No. 0500574676 dated 31 May 2010 issued by the Hanoi Authority of Planning and Investment, and the 17th amended certificate on 25 November 2024.

Form of ownerships

Joint Stock Company

2. Business sector

The Company's main business activity for the period ended 30 June 2025 is construction.

3. Business lines

- Construction of electric works (Construction of power lines; transformer stations up to 220kV; Construction of power plants);
- Construction of residential buildings; Construction of non-residential buildings; Construction of telecommunications and information works;
- Construction of water supply and drainage works;
- Construction of road works; Construction of railway works;
- Construction of other utility works;
- Specialized construction activities: Foundation construction for buildings including pile driving, humidity testing, and other water testing operations; Waterproofing buildings, anchoring pillars, dismantling non-self-manufactured steel parts, bending steel, bricklaying and stone setting, roofing and covering buildings; Scaffolding erection and site clearance works by dismantling or demolishing buildings except for scaffolding and site rental, dismantling industrial chimneys and boilers, works requiring special skills like climbing techniques and use of related equipment, for example working at heights on tall structures; Below ground works; Construction of outdoor swimming pools; Steam cleaning, sandblasting and similar activities for building exteriors; Rental services of cranes with operators;
- Construction of waterworks such as: Waterways, ports and works on rivers, tourist ports (piers), culverts, ... Dams and dikes;
- Construction of mining industrial projects other than houses, such as oil refineries, coal and ore mining projects, etc.
- Construction of manufacturing and processing works other than houses such as Plants manufacturing basic chemicals, pharmaceuticals, medicinal chemicals, and other chemicals; construction materials manufacturing plants; Food processing plants, etc.;
- Construction of other civil engineering works other than houses such as: Outdoor sports facilities;
- Demolition, site preparation: construction site clearance; Soil transportation: digging, filling, leveling and bulldozing construction sites, drainage, stone transportation, blasting. Site preparation for mining such as transportation of bulky objects and other preparatory and development activities for sites and mineral properties, except for oil and gas; Exploratory drilling, test hole drilling, Taking samples for geological and geophysical testing or similar purposes; construction site water supply and drainage system; agricultural and forestry drainage systems;
- Installation of other construction systems; Installation of electrical systems; Installation of machinery and industrial equipment; Installation of water supply, drainage, heating and air conditioning systems;
- Completion of construction works;
- Wholesale of materials and other installation equipment in construction;
- Production of construction materials from clay; Production of concrete and products from concrete, cement, and plaster

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For the accounting period from 01/01/2025 to 30/6/2025

3. Business lines (continued)

- Mechanical processing; Metal treatment and coating; Production of other metal products not elsewhere classified (For business activities with conditions, enterprises only operate business activities when fully meeting requirements as prescribed by law);
- Quarrying of stone, sand, gravel, and clay; Wholesale of solid, liquid, gas fuels and related products;
- Wholesale of other machinery, equipment, and accessories: Wholesale of machinery, equipment, and accessories for mining and construction; Wholesale of electrical machinery, equipment, and materials (power generators, electric motors, wires, and other equipment used in electrical circuits such as transformers, relays, circuit breakers, fuses, etc.); Wholesale of office machinery, equipment and accessories (except computers and peripherals); Wholesale of industrial machinery, equipment and spare parts;
- Wholesale of motor vehicles and other motor vehicles; Sale of motorcycles; and motor scooters; Retail sale of passenger cars (9 seats or less);
- Repair of machinery and equipment; Maintenance and repair of cars, motorcycles and motorbikes and other motor vehicles;
- Iron ore mining (Operating only after being licensed by the competent authority of the State);
- Freight transport by road;
- Production, transmission and distribution of electricity: Production, transmission and distribution of electricity; Electricity trading;
- Motor vehicle rental: Car rental; Rental of machinery, equipment and other tangible items without operator: Rental of agricultural and forestry machinery and equipment without operator;
- Other business support service activities not elsewhere classified: Import and export of goods traded by the company (except for items prohibited by the State).

4. Head office: 3rd Floor, Tower C, Golden Palace Building, Me Tri Street, Tu Liem Ward, Hanoi

5. Normal operating cycle

Normal operating cycle of the Corporation lasts 12 months of the normal fiscal year beginning from 01 January and ending on 31 December annually.

6. The Company's operations in the financial year affecting the Financial Statements:

None.

7. Enterprise's structure**7.1 Affiliated units do not have legal status and are dependent accounting**

Name	Address	Main business
SCI E&C Joint Stock Company - Southern Branch	Soc Trang	Construction
SCI E&C Joint Stock Company - Central Branch	Quang Tri	Construction

7.2 Total of subsidiaries:

- Number of subsidiaries to be consolidated: 01 subsidiaries.
- Number of subsidiaries not to be consolidated: none.

List of subsidiaries to be consolidated:

As at 30 June 2025, the Company has one (01) directly owned subsidiary as follows:

Name	Address	Main business activity	Benefit ratio
SCI E&C Mien Bac One 1. Member Limited Company	Na Cung Village, Khong Lao Commune, Lai Chau Province, Vietnam.	Construction	100.00%

7.3 List of subsidiaries to be excluded from the consolidation:

None

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***8. Total employees as at 30 June 2025: 564 persons.***(As at 31 December 2024: 609 persons.)***9. Disclosure on the comparability of information in the consolidated Financial Statements:**

The selection of figures and information needs to be presented in the Consolidated Financial Statements based on the principles of comparability among corresponding accounting periods.

II. FINANCIAL YEAR AND REPORTING CURRENCY**1. Financial year**

The Company's financial year begins on 01 January and ends on 31 December annually.

2. Reporting currency

Vietnamese Dong (VND) is used as a currency unit for accounting records.

III. APPLIED ACCOUNTING STANDARDS AND REGIME**1. Applied accounting regime**

The Company applies the Vietnamese Corporate Accounting System as guided in Circular No. 200/2014/TT-BTC dated 22 December 2014 issued by the Ministry of Finance and Circular No. 53/2016/TT-BTC dated 21 March 2016 amending and supplementing a number of articles of Circular No. 200/2014/TT-BTC of the Ministry of Finance. These consolidated financial statements are prepared in accordance with the provisions of Circular 202/2014/TT-BTC ("Circular 202") issued by the Vietnam Ministry of Finance on 22 December 2014 guiding the method for preparation and presentation of the Consolidated Financial Statements.

2. Disclosure of compliance with Vietnamese Accounting Standards and system

We conducted our accounting, preparation, and presentation of the Consolidated Financial Statements in accordance with Vietnamese Accounting Standards and System and other relevant statutory regulations. The consolidated Financial Statements give a true and fair view of the Consolidated financial position of the Corporation and the consolidated results of its operations as well as its Consolidated cash flows.

The selection of figures and information presented in the notes to the Consolidated Financial Statements complies with the material principles in Vietnamese Accounting Standard No. 21 - "Presentation of the financial statements".

IV. APPLIED ACCOUNTING POLICIES**1. Changes in accounting policies and disclosures**

The accounting policies that the Company uses for preparing the Consolidated Financial Statements for the current year are consistent with those used to prepare consolidated Financial Statements for the financial year ended 31 December 2024.

2. Basis for consolidating the financial statements

The consolidated financial statements include the financial statements of SCI E&C Joint Stock Company ("the Company") and its subsidiaries for the accounting period from 01/01/2025 to 30/6/2025.

From the date of acquisition, the subsidiaries are fully consolidated as soon as the "Company" acquires control, and cease on the date the "Company" actually loses control of the subsidiaries.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***2. Basis for consolidating the financial statements (continued)**

Financial statements of the subsidiaries are prepared under accounting policies that are consistent with those of SCI E&C Joint Stock Company. Adjusting entries have been made for any accounting policies that differ to ensure consistency between the subsidiaries and SCI E&C Joint Stock Company.

All balances between the units within the company, revenues, income, and expenses arising from such internal transactions, and even the unrealized profits arising from those transactions added to the asset value should be completely excluded.

Unrealized losses resulting from the internal transactions that are reflected in the value of asset are excluded unless the costs caused by such losses cannot be recovered.

3. Types of exchange rates applied in accounting

The Company converts foreign currencies into Vietnam Dong based on actual exchange rates and book rates.

Principles for determining actual exchange rates

All transactions denominated in foreign currencies that arise during the period (trading foreign currencies, capital contribution or receipt of contributed capital, recording receivables and payables, purchasing assets or expenses immediately paid by foreign currencies) are converted at the actual exchange rates ruling as of the transaction dates.

Closing balance of monetary items (cash, cash equivalents, payables and receivables, except for prepayments to suppliers, advances from customers, pre-paid expenses, deposits and unearned income) denominated in foreign currencies should be revalued at the actual rate ruling at the balance sheet date.

Foreign exchange differences, which arise from foreign currency transactions, shall be included in the income statement. Foreign exchange differences due to the revaluation of the monetary items in foreign currencies at the end of the financial year after offsetting their positive differences against negative differences shall be included in the operating results.

4. Principles for recording cash and cash equivalents

Cash includes cash on hand, demand deposits.

Cash equivalents comprise term deposits, short-term investments with an original maturity of three months or less since investment date, high liquidity and are able to convert to a known amount of cash and subject to an insignificant risk of changes in value.

5. Principles for accounting financial investments**Principles for accounting trading securities**

Trading securities include stocks and bonds listed on the stock market; securities and other financial instruments held for trading purposes (including securities with a maturity of more than 12 months purchased and sold for profit).

Principles for accounting held-to-maturity investments

Held-to-maturity investments include term deposits with purpose of earning periodic interest.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***5. Principles for accounting financial investments (continued)****Principles of recording financial investments in other entities**

Equity investment in other entities represents the Company's investment in other entities without control or joint control and has no significant influence over the investee.

The investments are stated at the original cost including purchase cost and costs directly attributable to the investment. In the case of non-monetary assets investment, the investment fee should be recorded at the fair value of the non-monetary assets at the date of occurrence.

Regarding the investments the Company holds for a long time (not trading securities) and no significant influences are exercised on the investees, provision for the loss will be made as follows:

- + If an investment in listed shares or the fair value of the investment is determined reliably, the provision shall be made according to the market values of the shares.
- + If it is impossible to determine the investments' fair value at the reporting date, the provision will be made based on the loss that the investee suffers. The basis for making provision for loss of investments is the consolidated financial statements of the investee (if it is a parent company), and the investee's financial statements (if it is an independent enterprise without a subsidiary).

6. Principle for recording trade receivables and other receivables

Principle for recording receivables: At cost less provision for doubtful receivables.

The classification of the receivables as trade receivables and other receivables depends on the nature of the transaction or relationship between the company and the debtor.

Method of making provision for doubtful receivables: Provision for doubtful debts is estimated for the loss value of the receivables, other held-to-maturity investments similar to doubtful debts that are overdue and undue, but are likely to become possibly irrecoverable due to insolvency of debtors who go bankruptcy, making procedures for dissolution, go missing or run away, etc.

7. Principle of recording inventories

Principle of recording inventories: Inventories are stated at cost less (-) the provision for the devaluation and provision for obsolete and deteriorated inventories.

Original costs are determined as follows:

- The original cost of materials and merchandise consists of costs of purchase, costs of transportation, and other costs incurred in bringing the inventories to their present location and condition.
- Finished goods: costs of materials, direct labor and manufacturing overheads which are allocated on the basis of main materials costs
- Work in progress: includes the cost of major raw materials, direct labor, and general production costs incurred during the production process. The value of unfinished products at the end of the period is grouped by each type of product that has not been completed or has not been recorded as revenue, corresponding to the work volume and unfinished products at the end of the period.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For the accounting period from 01/01/2025 to 30/6/2025

Unit: VND

7. Principle of recording inventories (continued)**Method of accounting for the inventories:** Perpetual method

Method of making provision for the devaluation of inventories: Provision for the devaluation of inventories is made when the net realizable value of inventories is lower than their original cost. Net realizable value is the estimated selling price less the estimated costs of completion and selling expenses. Provision for the devaluation of inventories is the difference between the cost of inventories greater than their net realizable value. Provision for the devaluation of inventories is made for each inventory with the cost greater than the net realizable value.

8. Principle for recording and depreciating fixed assets**8.1 Principle of recording tangible fixed assets**

Tangible fixed assets are stated at cost less accumulated depreciation. The original cost of a tangible fixed asset comprises all expenditures of bringing the asset to its working condition for its intended use. The expenditures incurred beyond their originally assessed standard of performance are capitalized as an additional cost of tangible fixed assets when they have resulted in an increase in the future economic benefits expected to be obtained from the use of those tangible fixed assets. The expenditures which do not meet the above conditions are charged to the expenses in the period.

When the assets are sold or disposed of, their original costs and the accumulated depreciation which have been written off and any gain or loss on disposal of assets are recorded in the income statements.

Determination of original cost in each case

Tangible fixed assets purchased

The original cost of purchased tangible fixed assets shall consist of the purchase cost (less (-) trade discounts or reduction), plus taxes (excluding taxes to be refunded) and relevant expenses calculated to the time when such fixed assets are put into ready use such as fees for installation and trial operation, specialists and other direct costs.

The original cost of a tangible fixed asset formed from capital construction under the mode of tendering shall be the finalization price of the construction project, other relevant fees plus registration fee (if any).

Fixed assets which are buildings, structures attached to land use right, the value of land use right is computed separately and recorded as intangible fixed assets.

8.2 Principles for recording intangible fixed assets:

Intangible fixed assets are stated at cost less accumulated amortization. The original cost of an intangible fixed asset comprises all expenditures of bringing the asset to its working condition and location for its intended use.

Land use rights

The original cost of an intangible fixed asset which is the land use right shall be the payment made to obtain the lawful land use right, compensation for site clearance, expenses for leveling the ground, registration fee... (or right to use the land as capital contribution in joint-venture).

Computer software

Computer software includes all expenses the company incurred to obtain software for use and is depreciated under straight-line method over its useful life.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***8. Principle for recording and depreciating fixed assets (continued)****8.3 Principles for recording financial lease fixed assets**

Principles for recording finance lease fixed assets: Finance lease fixed asset is stated at cost less (-) accumulated depreciation. The original cost of a financial lease fixed assets is the lower of the reasonable value of the leased asset at the start date of the lease contract and the current value of minimum rent payment plus the initial expenses arising in direct relation to the financial lease activity. All other leases that are not finance leases are operating leases.

8.4 Method of depreciating fixed assets

Fixed assets are depreciated on straight line basis over their estimated useful lives. Useful life means the duration in which the tangible fixed assets produce their effect on production and business.

Estimated useful lives of the fixed assets are as follows:

<i>Buildings and structures</i>	<i>40 years</i>
<i>Machinery and equipment</i>	<i>From 3 to 15 years</i>
<i>Means of transportation</i>	<i>From 3 to 10 years</i>
<i>Other fixed assets</i>	<i>From 3 to 5 years</i>
<i>Management equipment, tools</i>	<i>5 years</i>
<i>Intangible fixed asset</i>	<i>3 years</i>

9 Principles for recording construction in progress

Construction in progress is recorded at cost. This cost includes all costs necessary to newly purchase fixed assets, build or repair, renovate, expand or re-equip technical works such as construction costs; equipment costs; compensation, support and resettlement costs; project management costs; construction investment consulting costs and other costs.

This cost is carried forward to increase asset value when the project is completed, the overall acceptance is finished and the assets are handed over and put into a ready-to-use state.

10. Principles for recording prepaid expenses

Prepaid expenses are all expenses that actually incurred but relate to the operating result of several accounting periods.

Method of allocating prepaid expenses: The determining and allocating of prepaid expenses into operating cost of each period is on a straight-line basis. Based on the nature and level of each expense, the term of allocation is defined as follows: short-term prepaid expenses should be allocated within 12 months; Long-term prepaid expenses should be allocated from 12 months to 36 months.

11. Principles for recording liabilities

Liabilities are recorded at the original cost and not lower than the payment obligation.

The Company classifies liabilities into trade payables and other payables depending on the nature of transactions and the relationship between the Company and debtors.

Liabilities must be recorded in detail according to the payment schedule, creditor, original currency (including the revaluation of liabilities that meet the definition of monetary items denominated in foreign currencies) and other factors as per the Company's management

At the reporting date, if it is evident that there is an unavoidable loss, an amount payable will be immediately recorded under prudent principles.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***12. Principles for recording borrowings and finance lease liabilities**

Borrowings are total amounts the Company owes to banks, institutions, financial companies and other objects (excluding borrowings under the form of bond or preferred stock issuance which require the issuer to repurchase at a certain time in the future).

Finance lease liabilities are recorded as total payable amount calculated by present value of minimum lease payment. Borrowings and financial lease liabilities are monitored in detail according to creditor, agreement and borrowed asset.

13. Principles for recording accrued expenses

Accrued expenses are amounts that have to be paid for goods and services that the Company has received from the suppliers or provided to buyers in the period but have not yet been paid out due to pending invoices or insufficient accounting documents, and accrued payables to employees on annual leave salary, accrued operating cost.

14. Principles for recording provisions for payables:

Provisions for payables are only recognized when the following conditions are met: the Company has a present obligation (legal or constructive) as a result of past events; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; And value of the obligation can be estimated reliably.

The amount recognized as a provision for payables should be the best estimate of the expenditure required to settle the present obligation at the balance sheet date.

Provision for payables of the Company includes provision for construction warranty.

15. Principles for recording owners' equity**Owners' contributed capital**

The owner's contributed capital is the amount that is initially contributed by members and supplemented from the shareholders. The owners' equity will be recorded at the actually contributed capital by cash or assets in the early establishment period or additional mobilization to expand the operation.

The owner's contributed capital is the amount that is initially contributed and supplemented by the shareholders. The owners' equity will be recorded at the actually contributed capital by cash or assets at par value of share issued in the early establishment period or additional mobilization to expand the operation.

Principles for recording undistributed profit:

Undistributed profit after tax is recorded at the profit (loss) from the Company's result of operation after deducting (-) the current period corporate income tax and the adjusted items due to the retroactive application of changes in accounting policy and adjustments for material misstatement of the previous years.

The distribution of profits is based on the Company's charter and approved by the Annual General Meeting of Shareholders.

16. Principles and methods for recording revenues and other income**Principles and methods for recording revenue from goods sold**

Revenue from the sale of goods should be recognized when all five (5) following conditions have been satisfied: 1. The enterprise has transferred to the buyer the significant risks and rewards of ownership of the goods; 2. The enterprise retains neither continuing managerial involvement as an owner nor effective control over the goods sold; 3. The amount of revenue can be measured reliably; When the contract specifies that buyers are entitled to return products, goods they have bought under specific conditions, the enterprise will record the revenue only when those conditions no longer exist and the buyers do not have right to return products, goods (except for changing to other goods, services) 4. The economic benefits associated with the transaction has flown or will flow to the enterprise; 5. The costs incurred or to be incurred in respect of the transaction can be measured reliably.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***16. Principles and methods for recording revenues and other income (continued)****Principles and methods for recording revenue from services rendered**

Revenue from a service rendered is recognized when the transaction results can be measured reliably. In a case where the services are rendered in several periods, the revenue will be recorded by the part of completed works at the end of the period. Revenue from services rendered is recognized when all four (4) of the following conditions are satisfied simultaneously: 1. The revenue is determined firmly. When the contract specifies that buyers are entitled to return the service they have bought under specific conditions, the enterprise will record the revenue only when those conditions no longer exist and the buyers do not have the right to return the service; 2. The economic benefits associated with the transaction have flown or will flow from the supply of the provided service; 3. Part of completed works can be determined at the balance sheet date; 4. The costs incurred or to be incurred in respect of the transaction can be measured reliably.

If the contract result cannot be determined reliably, revenue will only be recognized at the recoverable amounts of the recognized costs.

Principles for recording revenue from construction contracts

Revenues of a construction contract include initial revenue stated in the contract; and increase and decrease amounts in the contract performance, bonuses and other payments, provided that these amounts are capable of changing the revenue and can be reliably determined. The revenue of a construction contract is determined as the reasonable value of received or to be-received amounts. The determination of the contractual revenue is affected by many uncertain factors which depend on future events. The estimation must often be corrected upon the occurrence of such events and the settlement of uncertain factors. As a result, the contractual revenue may be increased or decreased in each specific period.

Recognition of revenue and expenses of construction contracts:

For contracts stipulating payment based on the value of work performed: when the results of contract performance are reliably determined and confirmed by the customer, revenue, and expenses related to the contract are recognized proportionally to the completed work confirmed by the customer in the reporting period stated on the issued invoice.

For fixed-price construction contracts, the contract results shall be reliably estimated when the following four (4) conditions are simultaneously met: 1. Total contract revenue can be reliably calculated; 2. Enterprises can get economic benefits from the contract; 3. Costs for completing the contract and the work already completed at the time of compiling financial statements can be reliably calculated; 4. Costs related to the contract can be clearly identified and reliably calculated so that actual total contract cost can be compared with the total cost estimates.

For construction contracts with extra costs, the contract results shall be reliably estimated when the following two conditions are simultaneously met: 1. Enterprises can get economic benefits from the contract; 2. Costs related to the contract can be clearly identified and reliably estimated regardless of whether they are reimbursed or not.

Principles and methods for recording financial income

Financial incomes include interest income from deposits and are recorded based on time and interest rate of each period.

Revenue from interest is recognized when both of the following conditions are satisfied: 1. It is possible to obtain benefits from the transaction; 2. Revenue is determined with relative certainty.

- Interest income is recognized based on the time and actual interest rates in each period.

When an amount that has been recorded as an income becomes irrecoverable, such irrecoverable or uncertainly recoverable amount must be recorded as an expense incurred in the period, but not recorded as an income decrease.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***17. Principles and methods of recording cost of goods sold**

The cost of goods sold reflects the costs of goods, products and services, investment properties; the production cost of construction products (for construction companies) sold in the period; Costs related to real estate business activities, and other costs recorded in the cost of goods sold or recorded as a decrease in the cost of goods sold in the reporting period. The cost of goods sold is recorded at the date the transaction incurs or is likely to incur in the future regardless of whether payment has been made or not. The cost of goods sold and revenue shall be recorded simultaneously on the matching principle. Expenses exceeding normal consumption levels are recorded immediately to the cost of goods sold on a prudent principle.

18. Principles and methods for recording financial expenses

Financial expenses include expenses or losses related to the financial investment, lending and borrowing cost, and other financial expenses.

Financial expenses are recorded in detail for each expense incurred in the period and determined reliably when there is reliable evidence of these expenses.

19. Principles for recording General and Administrative expense

General and Administrative expenses are general overhead costs including salary expenses of management staff (salary, wages, subsidies,...); social insurance, health insurance, union fee, unemployment insurance for management staff; expenses for office materials, labor instruments, fixed asset depreciation used for business management, land rental fee, license tax, provision for doubtful debts, external services (electricity, water, telephone,...); Other costs in cash (guests reception, customer workshop, etc.).

20. Principles and methods for recording current Corporate income tax expense

Corporate income tax includes current corporate income tax and deferred corporate income tax incurred in the year and set a basis for determining operating results after tax in the current fiscal year.

Current Corporate tax expense is the tax payable on the taxable income and tax rate enacted in the current year.

Deferred income tax liabilities are the amounts of income tax payable in the future periods arising from the recording of the deferred income tax payable in the year and reversing the deferred income tax being recorded from prior years. The Company does not record in this account the deferred income tax assets or deferred income tax liabilities arising from the transactions being recorded directly in the owner's equity.

Deferred corporate income tax income is a reduction in deferred corporate income tax expense arising from the recognition of deferred income tax assets in the year and the reversal of deferred income tax liabilities recognized from previous years.

The Company offsets deferred income tax assets and deferred income tax payables only when the Company has a legally enforceable right to offset current tax assets against current tax payables and deferred income tax assets and deferred income tax payables related to corporate income tax administered by the same tax authority for the same taxable entity; or the enterprise intends to settle current income tax payables and current income tax assets on a net basis.

Taxes payable to the state budget will be finalized with the tax authorities. The difference between the tax payables on the books and those under finalization will be adjusted when having official finalization with the tax authorities.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS*For the accounting period from 01/01/2025 to 30/6/2025**Unit: VND***21. Principles for recording earnings per share**

Basic Earnings per share (EPS) is calculated by dividing profit or loss to the common shareholders after subtracting the Bonus and Welfare Fund created in the period and dividing by the weighted average number of common shares outstanding during the period.

Diluted EPS is calculated by dividing profit or loss after tax to common shareholders (after adjusting dividends of preferred convertible shares) by the weighted average number of the common shares circulating in the period and the weighted-average number of the common shares will be issued in the case where all dilutive potential common are converted into common shares.

22. Financial instruments**Initial recognition:****Financial assets**

According to Circular No. 210/2009/TT-BTC dated November 06, 2009 (Circular No. 210) by the Ministry of Finance; financial assets are classified properly, for the purpose of presentation in the financial statements, into the financial assets which are stated at fair value through the Income Statement, loans and receivables, held-to-maturity investments and available-for-sale financial assets. The Company decides to classify these assets at the date of initial recognition.

At the date of initial recognition, the financial assets are recognized at cost plus transaction cost that is directly attributable to the acquisition of the financial assets.

Financial assets of the Company comprise cash, short-term deposits, trade receivables and other receivables, loans, listed and unlisted financial instruments and derivative financial instruments.

Financial liabilities

According to Circular 210/2009/TT-BTC dated November 06, 2009, financial liabilities are classified properly, for the purpose of presentation in the financial statements, into the financial liabilities which are stated through the Income Statement, financial liabilities determined on an allocated cost basis. The Company decides to classify these liabilities at the date of initial recognition.

At the date of initial recognition, all the financial liabilities are recognized at cost plus transaction cost that is directly attributable to the acquisition of the financial liabilities.

Financial liabilities of the Company comprise trade payables, other payables, borrowings and liabilities and derivative financial instruments.

Value after initial recognition

Currently, there are no requirements for the re-measurement of the financial instruments after initial recognition.

Offsetting

Financial assets and financial liabilities are offset and the net amount reported in the report on financial position if, and only if, there is a currently enforceable legal right to offset the financial assets against financial liabilities or vice-versal and there is an intention to settle on a net basis or to realize the assets and settle the liability simultaneously.

23. Related parties

Related parties include enterprises and individuals that directly or indirectly through one or more intermediaries, control, or are under control of the Company. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel such as Board of Directors, Board of Management and close members of the family of these individuals and companies associated with these individuals also constitute related parties. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

24. Other accounting principles and methods

Value added tax: The Company registered to pay tax on a deductible basis.

Other types of taxes and fees are implemented under regulations on current taxes, and fees by the State.

11. Basic earnings per share

	From 01/01/2025 to 30/6/2025	From 01/01/2024 to 30/6/2024 (*)
Accounting profit after Corporate income tax	(11,915,823,504)	4,701,991,849
Adjustments to increase or decrease	-	-
Profit allocated to shareholders owning common shares	(11,915,823,504)	4,701,991,849
Average common shares circulating in the period	30,491,409	30,491,409
Basic earnings per share	(391)	154

(*) In 2024, the Company increased its capital conditions from undistributed after-tax profits of 2023. Therefore, basic earnings per share in the same period last year have been adjusted according to the number of additional shares issued. This adjustment caused basic earnings per share from 01/01/2024 to 30/6/2024 to decrease from 185 VND to 154 VND.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Average number of common shares outstanding during the year	30,491,409	30,491,409
Average number of common shares in the year after adjusting dilution factors	30,491,409	30,491,409
Diluted earnings per share	(391)	154

13. Financial risk management policies and objectives

The risks from financial instruments include market risk, credit risk and liquidity risk.

The Board of Management considers the application of management policies for the above risks as follows:

13.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. There are three market risks: interest rate risk, foreign exchange risk and other price risks, for example, risk of stock price. Financial instruments affected by the market risks include borrowings and liabilities, deposits, and available-for-sale investments.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risks due to changes in the interest rate of the Company mainly relate to: borrowings and liabilities, cash, and short-term deposits.

The Company manages the interest rate risk by analyzing the competition status in the market in order to apply the interest rate that brings benefits to the Company while is still within the limit of its risk management.

Foreign exchange risk

Foreign exchange risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in the exchange rate. The Company bears risks due to changes in the exchange rate of currencies other than VND related directly to the Company's operating activities.

The Company manages foreign currency risk by considering current and expected market conditions when planning future transactions in foreign currencies. The Company does not use any derivative financial instruments to hedge its foreign currency risks.

Stock price risk

Listed and unlisted shares held by the Company are exposed to market risks due to the uncertainty of their future value. The company manages stock price risk by setting investment limits.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

For the accounting period from 01/01/2025 to 30/6/2025

Unit: VND

13.2 Credit risk

Credit risk is the risk due to the uncertainty in the counterparty's ability to meet its obligations causing financial loss. The Company bears credit risks from production and doing business activities (mainly trade receivables) and from its financial activities including deposits, foreign exchange transactions and other financial instruments.

Trade receivables

The Company minimizes the credit risk by only doing business with entities that have a good financial capacity and closely keeping track of the liabilities to speed up the recovery of debts. On the basis of this method and receivables related to different customers, the credit risk does not concentrate on a certain customer.

Bank deposits

The company mainly maintains deposits at large and prestigious banks in Vietnam. The Company finds that the concentration of credit risk on bank deposits is low.

13.3 Liquidity risk

Liquidity risk is the risk that arises from difficulty in fulfilling financial obligations due to a lack of capital. The liquidity risk of the Company mainly arises from the difference in the maturity of the financial assets and liabilities.

The Company supervises liquidity risk by maintaining an amount of cash, cash equivalents and borrowings from banks at the level that the Board of Management considers sufficient to satisfy the Company's activities and minimize influences of changes in cash flows.

The following table summarizes liquidity deadline of the Company's financial liabilities on the basis of estimated payments in accordance with contract which are not discounted:

As at 30/06/2025	Less than 1 year	Over 1 year	Total
Borrowings and liabilities	446,140,690,594	9,312,995,990	455,453,686,584
Trade payables	140,886,569,088	-	140,886,569,088
Accrued expenses	60,799,936,012	-	60,799,936,012
Other payables	5,904,156,540	-	5,904,156,540
Total	653,731,352,234	9,312,995,990	663,044,348,224
As at 01/01/2025	Less than 1 year	Over 1 year	Total
Borrowings and liabilities	534,884,382,567	7,180,111,816	542,064,494,383
Trade payables	177,878,672,474	-	177,878,672,474
Accrued expenses	48,367,584,232	-	48,367,584,232
Other payables	48,367,584,232	-	48,367,584,232
Total	809,498,223,505	7,180,111,816	816,678,335,321

The Company has the ability to access capital sources and borrowings due within 12 months can be renewed with current customers.

Secured assets

The Company used machinery and equipment as collateral for short-term loans from banks (please see Note to Loans and Finance Lease Liabilities).

The Company does not hold any secured assets of the third party as at 30 June 2025 and 31 December 2024.

Unit: VND

14. Financial assets and liabilities

The following table presents the book value and fair value of financial instruments presented in the Company's Financial Statements:

	Book value		Fair value	
	30/06/2025	01/01/2025	30/06/2025	01/01/2025
	Provision	Value	Provision	Value
Financial assets				
- Cash and cash equivalents	52,353,773,233	69,154,588,844	-	69,154,588,844
- Held to maturity investment	6,447,468,255	6,300,338,236	(3,756)	6,300,334,480
- Trade receivables	493,006,459,557	687,315,946,576	(12,873,626,681)	674,442,319,895
- Other receivables	17,336,530,899	8,541,631,552	(383,541,210)	8,158,090,342
TOTAL	569,144,231,944	771,312,505,208	(13,257,171,647)	758,055,333,561
Financial liabilities				
- Borrowings and liabilities	455,453,686,584	542,064,494,383	-	542,064,494,383
- Trade payables	140,886,569,088	177,878,672,474	-	177,878,672,474
- Accrued expenses	60,799,936,012	48,367,584,232	-	48,367,584,232
- Other payables	5,904,156,540	48,367,584,232	-	48,367,584,232
TOTAL	663,044,348,224	816,678,335,321	-	816,678,335,321

The fair value of financial assets and financial liabilities is stated at the value that the financial instruments are convertible in present transaction among partners, except for compulsory sale or disposal.

The Company uses the following methods and assumptions to estimate the fair value:

The fair value of cash on hand and short-term deposits, trade receivables, trade payables and other short-term liabilities is equivalent to the book value of these items because these instruments are in short-term.

The fair value of securities and listed financial liabilities is determined at market value.

For unlisted securities investments that are frequently traded, fair value is determined as the average price provided by three independent securities companies at the end of the financial year.

The fair value of securities and financial investments whose fair value cannot be determined with certainty due to the lack of a liquid market for these securities and financial investments is presented at book value.

These notes are an integral part of the consolidated financial statements

Unit: VND

3. Presentation of assets, revenue, and operating result by segment**3.1. Secondary segment report: by business sector**

A business segment is a distinguishable component of the Company engaged in production or in providing an individual product or service or a group of related products or services and that is subject to risks and rewards that are different from those of other business segments. The Company operates mainly in the construction sector, accounting for over 90% of total operating revenue. Therefore, the Company does not prepare segment reports by business sector.

3.2. Secondary segment report: by geographical area

The Company generates revenue mainly outside of Vietnam (accounting for more than 90%), therefore, the Company does not prepare segment reports by geographical area.

4. Comparative information

Comparative figures as at 01/01/2025 on the Interim Consolidated Balance Sheet as at 30/06/2024 and comparative figures on the Interim Consolidated Income Statement, Interim Consolidated Cash Flow Statement for the accounting period from 01/01/2025 to 30/6/2025 are derived from the Consolidated Financial Statements for the financial year ended 31/12/2024 and the Interim Consolidated Financial Statements for the accounting period from 01/01/2024 to 30/06/2024 of the Company, audited and reviewed by the Branch of MOORE AISIC Auditing and Informatics Services Co., Ltd.

5. Information on the going-concern operation: The Company will continue to operate in the future.
