## REVIEW REPORT ON INTERIM FINANCIAL INFORMATION

**To: Shareholders, the Board of Directors and the Board of Management  
Binh Duong Producing and Trading Corporation**

We have reviewed the Interim Consolidated Financial Statements of Binh Duong Producing and Trading Corporation prepared on 27 August 2025, on pages 07 to 56 including: Interim Consolidated Statement of Financial Position as at 30 June 2025, Interim Consolidated Statement of Income, Interim Consolidated Statement of Cash Flows for the 06 months accounting period then ended and Notes to the Interim Consolidated Financial Statements.

### The Board of Management's responsibility

The Board of Management is responsible for the preparation and presentation of the Interim Consolidated Financial Statements that give a true and fair view in accordance with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to preparation and presentation of Interim Consolidated Financial Statements and for such internal control as the Board of Management determines is necessary to enable the preparation of the Interim Consolidated Financial Statements that are free from material misstatement, whether due to fraud or error.

### Auditors' responsibility

Our responsibility is to express a conclusion on these Interim Consolidated Financial Statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Basis for qualified conclusion

- According to the contents as in Notes No. 41a and 41c in Notes to the Interim Consolidated Financial Statements, regarding the land transfer and the cancellation of the land transfer contract with the Development Co., Ltd and U&I Realty Corporation, the above transactions were carried out based on the policy approved by the Binh Duong Province Party Committee and in accordance with the agreement between the parties involved. The profits from the transfer transactions, which were incurred before the equitization stage, were adjusted by the Corporation by reducing the liabilities balance for profits payable to the State Budget as in Note No. 21. As at the preparation date of this Interim Consolidated Financial Statement, the balances of the mentioned items have not been reconciled or confirmed, and the Corporation has not yet obtained approval for the equitization settlement from the competent authorities. Through the audit procedures performed, we are unable to assess the impact of the above issues on the attached Interim Consolidated Financial Statements.

## Basis for qualified conclusion (Continued)

- According to the presentation as in Note No. 41b of Notes to the Interim Consolidated Financial Statements, regarding the land transfer to An Binh Joint Stock Company, as at 01/01/2025 and 30/06/2025, the Corporation is presenting receivables related to the land compensation and transfer contract incurred before the equitization date with the amount of VND 60 billion. On 14/11/2019, the People's Committee of Binh Duong Province issued the Decision No. 3379/QĐ-UBND regarding the revocation of the decision granting An Binh Joint Stock Company a land lease with a one-time payment for the entire lease term in Phu Loi ward, Thu Dau Mot city, Binh Duong province. Currently, the parties have not reached an agreement on how to address the issues related to the mentioned contract. Based on the documents collected, we have carried out all necessary audit procedures, but we are unable to assess the collectability of this receivable and the impact of this issue on the attached Interim Consolidated Financial Statements.
- We are unable to assess the appropriateness of the capital contribution transaction to Tan Thanh Investment & Development Joint Stock Company ("Tan Thanh"), the calculation of interest on the related capital advance and the recoverability of this receivable, further details are disclosed in Note No. 40b to the Notes to the Interim Consolidated Financial Statements. As at 30/06/2025, this receivable was overdue; however, the Corporation has not considered making a provision for this receivable.

Also related to Tan Thanh Investment & Development Joint Stock Company, as in Notes No. 07 and 08 present the outstanding lendings balances and corresponding overdue interest amounts owed by Tan Thanh as at 30/06/2025 are VND 107.35 billion and VND 57.03 billion, respectively, the provision made for these amounts is VND 68.52 billion. Since 01/01/2023, the Corporation did not recognize any interest related to the outstanding principal borrowing balance owed by Tan Thanh. The outstanding balance of interest receivables on overdue lending and late payment interest arising from overdue lending receivables but not recognised as income until 30/06/2025 was VND 38.71 billion (as at 01/01/2025: VND 34.45 billion). the amount of interest incurred during the period did not recognised as revenue was VND 4.26 billion (detailed as in Note No. 09).

Through the audit procedures performed, we are unable to assess the additional interest on overdue lendings that should be recognized, as well as the collectability of the receivables mentioned above, the provision that should be made, and the impact of these issues on the attached Interim Consolidated Financial Statements.

- According to the information presented as in Notes No. 08 and 40c of Notes to the Interim Consolidated Financial Statements, the Corporation is required to pay additional land use fees due to the application of incorrect unit prices and late payment penalties, as per the Judgment of the High People's Court in Hanoi, the notice from the Binh Duong Tax Department, and the notice from the Civil Judgment Enforcement Agency in Hanoi. The total amount is VND 1,060.22 billion. The total amount the Corporation has paid and been offset is VND 1,060.22 billion, in which VND 806.17 billion was paid in cash and VND 254.05 billion was offset by the enforcement agency. The offset amount includes:
  - + The amount of VND 128.36 billion was paid by related individuals to rectify the consequences through the Corporation.
  - + The amount of 125.69 VND billion was temporarily paid by the Corporation in 2019, which includes the outstanding receivables from Tan Phu Investment - Construction Co., Ltd, about which we previously issued a qualified opinion in prior years (detailed as in Notes No. 08 and 40a).

The total amount the Corporation has paid and been offset, as mentioned above (excluding the receivable from Tan Phu Investment - Construction Co., Ltd), is recognized under the item "Other receivables - Receivables from temporary payments awaiting settlement of the equitization settlement" and has been appropriate provision with the accumulated amount as at 30/06/2025 of VND 176.70 billion, in which, the provision recognized as administrative expenses for the current period is VND 35.34 billion (As in Notes No. 08 and 31), based on the Resolution of the Annual General Meeting of Shareholders in 2023, No. 72/NQ-DHDCD dated 30/06/2023, at the same time, the amount of VND 128.36 billion paid by individuals to rectify the consequences through the Corporation is recognized as a payable under the item "Other payables" (As in Note No. 21). Through the audit procedures performed, we are unable to assess the appropriateness and accuracy, as well as the collectability of the Other receivables - Receivables from temporary payments awaiting settlement of the equitization settlement and the corresponding provision, the receivables from Tan Phu Investment - Construction Co., Ltd, and the recognition of the payable to individuals related to the judgment. We have also not determined whether there is necessary to recognize additional liabilities for land use fees and late payment penalties (if any) related to the land use fee arrears for other land plots according to the conclusion of the State Audit Office of Vietnam, Region IV in 2017, and the impact of these issues on the attached Interim Consolidated Financial Statements.

Based on our review, with the exception of the matter described in the “Basis for qualified conclusion” paragraph, nothing has come to our attention that caused us to believe that the accompanying Interim Consolidated Financial Statements does not give a true and fair view, in all material respects, of the financial position of Binh Duong Producing and Trading Corporation as at 30 June 2025, its operating results and its cash flows for the 06 months accounting period then ended in accordance with the Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and the statutory requirements relevant to preparation and presentation of Interim Consolidated Financial Statements.
