Re: Clarification the Financial Statements for the first six months of 2025

To: Hanoi Stock Exchange

Pursuant to Circular No. 96/2020/TT-BTC dated 16 November 2020 issued by the Ministry of Finance, providing guidance on information disclosure in the securities market.

Vinacomin - Power Holding Corporation hereby provides clarification regarding the Profit After Tax indicator in the reviewed Financial Statements for the first six months of 2025, which has changed year-over-year, as follows:

Indicators	The first six months of 2025	The first six months of 2024	Comparison	
			Difference	Percentage difference
2	3	4	5 = 3 - 4	6 = [5/4]
Profit After Corporate Income Tax – Parent Company	566,550,443,309	503,654,487,971	62,895,955,338	12.49 %
Profit After Corporate Income Tax – Consolidated	574,963,207,912	491,354,011,290	83,609,196,622	17.02 %

In the first six months of 2025, electricity output increased and financial expenses decreased due to the gradual repayment of medium-term and long-term loan principals, which were the main factors driving the year-over-year increase in Profit After Tax for both the Parent Company and the Consolidated entity.

The Corporation respectfully reports as follows.
