*Regarding the explanation of the business results in
Quarter 3/2025 changing by more than 10% year-
over-year.*

**To: State Security Commission of Vietnam
Hanoi Stock Exchange**

In accordance with Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance providing guidance on information disclosure on the securities market.

Ha Tinh Minerals and Trading Corporation – Joint Stock Company (the “Corporation”), stock code MTA, hereby provides an explanation for the change of more than 10% in the consolidated business results for the third quarter of 2025 compared to the same period of the previous year (a decrease from VND 33.1 billion in Q3/2024 to VND 11.2 billion in Q3/2025), due to the following reasons:

- In Q3/2025, business activities in the seaport sector faced more difficulties compared to Q3/2024. As a result, the profit of Lao-Viet International Port Joint Stock Company decreased by over VND 11 billion compared to the same period last year.
- In the livestock sector, the outbreak of Porcine Reproductive and Respiratory Syndrome (Blue Ear Disease) and African Swine Fever caused a sharp drop in the selling price of commercial pigs, leading to poor business performance among subsidiaries operating in this field. Mitraco Livestock Joint Stock Company recorded a profit decrease of VND 7 billion, and Agricultural and Forestry Development Joint Stock Company’s profit declined by VND 4 billion compared to the same period last year. Consequently, consolidated profit after tax decreased by 67% year-on-year.

The above is the Corporation’s explanation for your consideration by the State Securities Commission of Vietnam and the Hanoi Stock Exchange.
