Information disclosure content:

In the Consolidated Financial Statements of Hanoi Textile and Garment Corporation, there are:

Business results in the fourth quarter of 2025:

+ Profit after tax in the fourth quarter of 2024: (366,709,097) VND

+ Profit after tax in the fourth quarter of 2025: 4,467,570,004 VND

Net profit after tax in Q4 2025 changed by more than 10% compared to the same period of the previous year and shifted from a loss in the same period last year to a profit in the current period. Hanoi Textile and Garment Joint Stock Corporation hereby provides an explanation of the reasons:

In Q4 2025, the business performance of the Group's core sectors, namely yarn and towel manufacturing, improved compared to the same period last year. Although the yarn market continued to face significant challenges, the Corporation closely monitored market developments, carried out timely forecasting, and secured favorable cotton and yarn prices. As a result, the yarn segment recorded a profit in Q4 2025 (whereas it incurred a loss in the same period last year).

In the towel segment, higher export revenue in Q4 2025 contributed to increased profits compared to the same period of the previous year.
