**Business performance results in the Financial statements of Q4/2025**

Unit: Vietnamese Dong

No.	Content	Q4/2025	Q4/2024	Variance
				Amount
1	Sales and service revenue	138,546,757,862	37,171,409,607	101,375,348,255

Revenue increased by VND 101,375,348,255 compared to the same period last year. The cause is attributed to an increase in revenue from the sale of goods and revenue recognized from completed and settled construction projects.

Profit after corporate income tax in the separate financial statements for Q4/2025 increased by VND 792,604,707 compared to the financial statements of Q4/2024. This was mainly due to increased income from the sale of goods during the period and the settlement of completed projects, leading to a corresponding increase in profit after tax.

Through this official letter, the Company respectfully submits this explanation to Hanoi Stock Exchange and the State Securities Commission regarding the increase in profit after tax in the separate financial statements of Q4/2025 compared to the same period in 2024.
