Re: Explaining the increase in profit
after tax in the Income Statement for
the 2025 compared to 2024

To:

- State Securities Commission of Vietnam;
- Hanoi Stock Exchange (HNX).

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance on the disclosure of information in the securities market;

Pursuant to Binh Dinh Water supply and sewerage Joint Stock Company's Financial Statement for the 2024 and the Financial Statement for the 2025.

Binh Dinh Water Supply and Sewerage Joint Stock Company explains the increase in profit after tax in the Income Statement for the 2025 compared to 2024 as follows:

Description	Unit	2024	2025	% Increase, Decrease (+/-)
Profit after tax	Dong	35,904,572,211	38,032,120,856	5.59

The reason why profit after tax in the 2025 increased by VND 2,127,548,645 compared to 2024 is due to the water consumption volume increasing by 1.23% compared to the same period last year and the clean water selling price being adjusted according to Decision No. 1487/QĐ-UBND dated April 29, 2025, of the People's Committee of Binh Dinh Province (now the People's Committee of Gia Lai Province).
