PRODUCTION AND BUSINESS RESULTS in 2025

Pursuant to the resolution of the 2025 Annual General Meeting of Shareholders;
Pursuant to production and business results in 2025.

The Board of Directors of Saigon Fishing Net Joint Stock Company reports to the 2026 Annual General Meeting of Shareholders the following contents:

I. SITUATION IN 2025:

Assessment of production and business performance in 2025:

The volatile and complex geopolitical situation in the world affected crude oil prices and the prices of raw materials used in production and business throughout 2025.

The USD exchange rate increased sharply from 25,000 VND/USD to 26,500 VND/USD.

The number of storms and tropical depressions was higher than in 2024, significantly impacting the fisheries and agriculture sectors in the central and northern provinces.

The domestic netting industry faces fierce competition from cheap imported goods, making the production and consumption of thread and net domestically more challenging.

Weather patterns are highly variable, affecting fishing grounds and altering the demand for supplies and fishing gear.

The market for fishing nets and thread saw a slight increase compared to the same period in 2025.

Due to the nature of the industry, which requires a large workforce, labor fluctuations significantly impact the company's production, and new recruitment also faces many difficulties.

In 2025, the Company completed the transfer of its factory in Trang Bang Industrial Park, Tay Ninh Province, in accordance with the resolutions of the Extraordinary General Meeting of Shareholders in 2024 and 2025. The Company organized and completed the repair and renovation of the two existing factory buildings in October 2025, completed the fire protection system in December 2025, relocated some machinery and equipment from Trung My Tay ward to Trang Bang Industrial Park, and is gradually organizing operations and stabilizing production at this factory.

In 2025, the company simultaneously organized production and business operations at existing factories, renovated newly acquired factories, and relocated machinery and equipment (to the newly acquired factories), gradually building up production lines and stabilizing overall company operations.

The Board of Directors met regularly in accordance with the Company's charter.

Properly perform the functions of the Board of Directors regarding decisions, directions, policies and strategies in accordance with the Company's operations, ensuring compliance with the Company's charter and current laws.

Based on the content of the resolution approved by the 2025 Annual General Meeting of Shareholders, the Board of Directors has made plans and policies for implementation in each period, assigned the Company Director to implement - under the inspection and supervision of the Board of Supervisors.

The Board of Directors has considered and approved:

REPORT

Regarding the implementation of the Decision of the People's Committee of Vinh Hoi Ward on the land reclamation at 89 Nguyen Khoai Street, Vinh Hoi Ward, Ho Chi Minh City, for the construction project of Nguyen Khoai Bridge and Road.

Based on Notice No. 169/TB-UBND dated October 7, 2024, of the People's Committee of District 4 regarding the announcement of land acquisition for the implementation of the Nguyen Khoai Bridge and Road Construction Project (District 1, District 4, District 7);

Based on Decision No. 1084/QD-UBND-TH dated June 29, 2025, of the People's Committee of District 4 approving the detailed plan for compensation, support, and resettlement when the State recovers land at address No. 89 Nguyen Khoai Street, Ward 1, District 4, used by Saigon Fishing Net Joint Stock Company for the implementation of the Nguyen Khoai Bridge and Road Construction Project (District 1, District 4, District 7);

Based on Decision No. 421/QD-UBND dated September 3, 2025, of the People's Committee of Vinh Hoi Ward regarding the land acquisition for socio-economic development for national and public benefit (according to Clause 1, Article 79 of the 2024 Land Law) at address No. 89 Nguyen Khoai Street, Vinh Hoi Ward, Ho Chi Minh City, used by Saigon Fishing Net Joint Stock Company to implement the Nguyen Khoai Bridge and Road Construction Project (District 1, District 4, District 7);

Based on the Charter of Saigon Fishing Net Joint Stock Company.

The Board of Directors of Saigon Fishing Net Joint Stock Company reports to the Annual General Meeting of Shareholders on the implementation of preparatory work for handing over land to the People's Committee of Vinh Hoi.

Based on land lease contract No. 151/HĐTĐ-GTĐ dated January 6, 2003, between the Department of Land and Housing of Ho Chi Minh City and Saigon Fishing Net Joint Stock Company, at address 89 Nguyen Khoai Street, Vinh Hoi Ward, Ho Chi Minh City (formerly 89 Nguyen Khoai Street, Ward 1, District 4, Ho Chi Minh City), Saigon Fishing Net Joint Stock Company was leased 5,321 m^2 of land to build offices and a factory for producing various types of fishing nets and threads.

On December 6, 2024, after several adjustments to the investment level and local planning of the zoning projects, the Nguyen Khoai Bridge and Road Construction Project was officially approved by the People's Committee of Ho Chi Minh City under Decision 5621/QD-UBND. Initially, some bridge and access road sections on the District 1 side were scheduled to commence in the fourth quarter of 2024. However, due to delays in land clearance and adjustments to the local planning of the 1/2000 scale zoning projects in Districts 1, 4, and 7 (based on the old addresses, now Cau Ong Lanh Ward, Vinh Hoi Ward, and Tan Hung Ward), the

commencement date was postponed. Construction is now expected to begin on December 19, 2025, and be completed in 2028.

According to the plan, when the Nguyen Khoai bridge is built, a portion of the land, measuring 725.3 m^2, will be located on the frontage of Saigon Fishing Net Joint Stock Company. Therefore, Saigon Fishing Net Joint Stock Company must return this land area to the state for the implementation of the aforementioned project.

The Compensation and Land Clearance Board for the construction of the Nguyen Khoai Bridge and Road Project has compensated Saigon Fishing Net Joint Stock Company with the amount of VND 2,583,286,000 (Two billion five hundred eighty-three million two hundred eighty-six thousand dong) for assets on the land (located on an area of 725.3 m2) when the State reclaimed the land at address No. 89 Nguyen Khoai, Vinh Hoi Ward, Ho Chi Minh City.

Saigon Fishing Net Joint Stock Company has undertaken the renovation and repair of its factory, relocation of machinery and equipment, rearrangement of production lines, and demolition and dismantling of the factory on the land to be handed over to the State. These works are currently underway, with the total cost (as of December 31, 2025) being VND 1,543,138,722 (One billion five hundred forty-three million one hundred thirty-eight thousand seven hundred twenty-two Vietnamese Dong). Upon completion of the entire project, the Company will finalize the accounts and report the results of this project at the next General Meeting of Shareholders.

It is expected that by the end of May 2026, Saigon Fishing Net Joint Stock Company will complete the rearrangement of its production line and the dismantling of its factory, and by June 30, 2026, Saigon Fishing Net Joint Stock Company will hand over the cleared site to the construction unit of the Nguyen Khoai Bridge and Road Construction Project.
