

Appendix VI

DISCLOSURE OF EXTRAORDINARY INFORMATION

(issued with Decision No. .../QĐ-SGDVN dated ... of the General Director of the Vietnam Stock Exchange on the Information Disclosure Regulations at the Vietnam Stock Exchange)

**VKC HOLDINGS JOINT STOCK
COMPANY**

SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom - Happiness

No. 18/CV/CBTT/VKC-26

Ho Chi Minh City, March 16, 2026

EXPLANATION OF THE AUDITED FINANCIAL STATEMENTS FOR 2025

**To: The State Securities Commission
Hanoi Stock Exchange**

VKC HOLDINGS JOINT STOCK COMPANY WOULD LIKE TO EXPLAIN ITS AUDITED FINANCIAL STATEMENTS FOR 2025 AS FOLLOWS:

I/ Explain the main reasons why the business results in the audited financial statements for 2025 differed by 10% or more compared to the same period of the previous year, and the accumulated loss was VND 511.326 billion

(Unit: billion VND)

Indicator	2025	2024	Difference Increase/(Decrease)	% Increase/(Decrease)
Profit/loss after corporate income tax	(48.537) billion	(158.322) billion	109.784 billion	69%

- The reason for the 10% difference (Reduced Loss) is that:** The 2025 audited financial statements showed a reduction in losses compared to the 2024 audited financial statements due to:
- + In the 2025 audited financial statements, financial costs decreased by 46% compared to the 2024 audited financial statements because the 2024 audited financial statements included a provision for investments in other entities of VND 36 billion
 - + Sales and administrative expenses also decreased by 66% and 94% respectively compared to 2024. Specifically, in 2024, the company set aside a provision for doubtful receivables from customers of VND 27,174,890,284 and wrote off debts for 3 branches according to submission No. 15/2024/TTr-VKC/HĐQT approved on July 26, 2024, which is VND 24,248,009,076
- On the other hand, in 2025, the company cut staff, resulting in a 69% reduction in losses in the 2025 audited financial statements compared to the 2024 audited financial statements
- The reason for the loss in the 2025 audited financial statements is:** In the 2025 audited financial statements, revenue decreased compared to the 2024 audited financial statements because the Company no longer engaged in sales and liquidation of fixed assets, and due to the impact of interest on overdue bank loans, Investments in the Subsidiary Company and overdue interest payments on the bond lot resulted in losses in the audited financial statements for 2025
- The issues mentioned above have led to a significant discrepancy between the audited financial statements for 2025 and the same period in 2024**

II/ Explanation of the audit's refusal to provide an opinion:

In its 2025 audit report, the auditing firm declined to comment primarily due to the following reasons:

Opinion 1: According to the notes in sections V.3, V.4, V.5, V.6 and V.11 of the accompanying (separate) Notes to the Financial Statements, the Company has not assessed the recoverability of receivables as of December 31, 2025 and made provisions for doubtful receivables (if any). Furthermore, we have not yet collected all the debt confirmation letters in the form of direct responses to us. With the documents currently available at the Company, we have not yet gathered evidence to assess the recoverability of the aforementioned receivables, nor have we been able to verify the existence of the aforementioned balances through other audit procedures. The auditor's opinion stated in the report was that it was impossible to obtain complete information on accounts receivable and there was no basis for making provisions for doubtful receivables. As of December 31, 2025, the balance of short-term receivables was VND 175,975,513,653. Following the audit, our company continues to contact customers to confirm the outstanding balance as of December 31, 2025, and will soon resolve this issue to obtain sufficient information for assessing recoverability in upcoming reporting periods.

Opinion 2: -According to the notes in sections V.12 and V.13 – Notes to the Financial Statements (separate), we have not yet collected complete letters of acknowledgment of liability in the form of direct responses to us regarding short-term payments to sellers and short-term advance payments to buyers as of December 31st/In 2025, the amounts will be VND 7,261,793,917 and VND 106,039,720 respectively. We were also unable to verify the existence of the aforementioned balances through other audit procedures.

The auditor's opinion stated in the report was that due to the inability to obtain complete information on short-term payables to the seller and the buyer who made short-term advance payments as of December 31, 2025, amounting to VND 7,261,793,917 and VND 106,039,720, respectively. Following the audit, our company continues to contact the supplier to confirm the outstanding balance as of December 31, 2025, and will address this issue in upcoming reporting periods.

Opinion 3:

A. According to Note V.17 – Short-term and long-term loans and financial leases, the description of cash outflows from the bond issuance is incorrect according to Board Resolution No. 211/2021/NQ-HĐQT dated December 2, 2021, and incorrect according to the Information Disclosure Statement dated December 22021 (acquisition of the entire capital contribution owned by Louis Land Joint Stock Company in Toccoo Vietnam Co., Ltd. (equivalent to 85%)) with an amount of VND 80,800,000,000; Expenditures not for the intended purpose as per Board Resolution No. 211/2021/NQ-HĐQT dated December 2nd/2021 and for purposes other than those stated in the Information Disclosure Statement dated December 2, 2021, with an amount of VND 34,937,668,136. In addition, of the funds disbursed from the bond issuance, the Company has made a deposit of VND 98,750,000,000 to purchase shares of Toccoo Vietnam Co., Ltd. However, according to Note V.6 – Other short-term and long-term receivables, The description states that the principal and interest payments on the bonds have expired, but the Company has not yet completed the procedures to receive the transfer of shares of Toccoo Vietnam Co., Ltd. from the parties receiving the deposits.

Regarding this matter, the company has filed a complaint with the police to recover the money that was fraudulently misappropriated from the 165 billion VND bond issue from Louis Land Joint Stock Company, Toccoo Vietnam Co., Ltd., and Ms. Tran Thi Thu Phuong. The People's Court of Region 4 - Ho Chi Minh City is still handling the case based on the lawsuit filed by VKC Company. On the other hand, the court has verified Ms. Thu Phuong's place of residence, but she has so far not cooperated with the court in resolving the case.

B. Simultaneously, the description of An Giang Import-Export Joint Stock Company using the assets is the Right to Use and Own Houses and Assets Attached to Land under Certificate No. BR626016 located in Nui Sap Town, Thoai Son District, An Giang Province (now: Nui Sap Town, Thoai Son Commune, An Giang province) to ensure the issuance of bonds by the Company

(according to Resolution No. 135/NQ-ĐHĐCĐ dated March 15, 2022, of An Giang Import-Export Joint Stock Company, 2022) This asset has not yet been secured by a tripartite agreement between the Company and An Giang Import-Export Joint Stock Company, and the organization acting as the recipient of the collateral.

VKC Company has sent a letter requesting Bidico Company to deliver the collateral (worth 88 billion VND) to the recipient of the bond (Seabank). This asset has been used as collateral for the bond issuance but has not yet been handed over to the bondholder.

Based on the two opinions mentioned above, we have identified expenditures from the bond issuance revenue that were not intended for the purpose as stipulated in the resolutions left by the former Board of Directors and Management. The new leadership is also monitoring and addressing this issue and attempting to resolve it in upcoming reporting periods.

About the ability to operate continuously

As of December 31, 2025, the Company had an undistributed accumulated after-tax loss of VND (511,326,921,089); short-term liabilities (VND 526,632,058,999) exceeding the Company's short-term assets (VND 177,825,822,434) by VND 348,806,236,565; and liabilities related to loans, bonds, and interest on loans The bonds are overdue for payment with a total amount of VND 516,422,072,160 and negative equity (VND 290,196,738,243). These conditions indicate the existence of a significant element of uncertainty that could lead to considerable doubt about the Company's ability to continue operating its business.

Currently, the company has restructured into a parent-child model, and its production and business activities for the year have shifted to subsidiaries. The company continues to maintain and strive to invest financially and develop production and business at its two subsidiaries: Vinh Khanh Plastic Cable Manufacturing Joint Stock Company (VKM) and Vinh Khanh Investment and Business Joint Stock Company (VKB) in order to increase revenue, productivity, and profitability Ensuring continuous production and business operations creates a crucial solution for balancing cash flow for the Company's core production and business activities.

The above explains why the auditing firm refused to provide an opinion on the audited financial statements for 2025 of VKC Holdings Joint Stock Company

6. Business results

The financial position and the business results for the fiscal year ended 31st December 2025 of the Company are expressed in the (separate) financial statements attached to this report from page 08 to page 43.

7. Auditors

VIETVALUES Audit and Consulting Co., Ltd. has been assigned to perform the audit on the Company's (separate) Financial Statements for the year ended 31st December 2025.

8. Responsibility of the General Director

The General Director of the Company is responsible for the preparation of the (separate) financial statements to give a true and fair view on the financial position, the business results and the cash flows of the Company for the fiscal year. In order to prepare these (separate) financial statements, the General Director must:

- Select appropriate accounting policies and apply them consistently;
- Make judgments and estimates reasonably and prudently;
- Announce the accounting standards to be followed for the material issues to be disclosed and explained in the (separate) financial statements;
- Prepare the (separate) financial statements of the Company on the basis of the going-concern assumption except for the cases that the going-concern assumption is considered inappropriate;
- Design and implementation of internal control systems effectively for the purpose of preparing and presenting the (separate) financial statements reasonably in order to minimize risk and fraud.

The General Director ensure that all the relevant accounting books have been fully recorded and can fairly reflect the financial position of the Company at any time, and that all accounting books have been prepared in compliance with the adopted accounting regime. The General Director of the Company is also responsible for protecting the Company's assets and consequently has taken appropriate measures to prevent and detect frauds and legal regulations related to the preparation and fair presentation of the (separate) financial statements.

The General Director hereby ensure to comply with all the requirements above in the preparation of the (separate) financial statements.

9. Approving the (separate) financial statements

I, the General Director of the Company confirm that all the accompanying (separate) financial statements. The (separate) financial statements have been properly prepared and have given a true and fair view on the financial position as at 31st December 2025, the business results and the cash flows for the fiscal year then ended, in compliance with the prevailing Vietnamese accounting system and standards as well as legal regulations related to the preparation and presentation of the (separate) financial statements.

Ho Chi Minh city, 16th March 2026

Mr. PHAM HOANG PHONG
General Director

No.: 160301/26/BCKT/AUD-VVALUES

INDEPENDENT AUDITOR'S REPORT

**To: SHAREHOLDERS, THE BOARD OF MANAGEMENT AND
 THE GENERAL DIRECTOR
 VKC HOLDINGS JOINT STOCK COMPANY**

We have audited the accompanying (separate) financial statements of VKC Holdings Joint Stock Company (hereafter referred to as "the Company"), prepared on 16th March 2026 (from page 08 to page 43) which comprise the (separate) Balance Sheet as at 31st December 2025, the (separate) Income Statement, the (separate) Cash Flows Statement for the fiscal year then ended and the Notes to the (separate) Financial Statements.

The General Director's responsibility

The General Director of the Company is responsible for the preparation and fair presentation of these (separate) financial statements in accordance with the accounting standards, Vietnamese enterprises' accounting regime as well as legal regulations related to the preparation and presentation of the (separate) financial statements and for such internal control as the Board of Directors determines is necessary to enable the preparation and presentation of the (separate) financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Vietnamese Standards on Auditing. Because of the matters described in the "Basis for Disclaimer of Opinion" paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

- As at the Notes No. V.3, V.4, V.5, V.6 and V.11 to the accompanying (separate) financial statements, the Company has not yet assessed the recoverability of receivables as at 31st December 2025 and made provision for doubtful debts (if any). Besides, we have not yet been able to obtain a fully confirmation letter via direct response to the auditor. Owing to the nature of the Company's records, we were unable to obtain the sufficient and appropriate audit evidences to assess the recoverability of the above receivables and the existence of the above balances by other alternative audit procedures. Details are as follows:

No.	Items	Notes	Value has not been confirmed (VND)	Value has not been assessed for recoverability (VND)
1	Short-term trade receivables	V.3	21,536,303,438	256,649,845
2	Short-term advance payments to suppliers	V.4	6,812,179,025	-
3	Short-term loan receivables	V.5	2,590,000,000	2,590,000,000
4	Other short-term receivables	V.6a	166,303,991,311	165,385,513,503
5	Other long-term receivables	V.6b	5,924,680,000	5,924,680,000
6	Investments in other entities	V.11	36,000,000,000	-

- As at the Notes No. V.12 and V.13 to the (separate) financial statements we have not yet been able to obtain a fully confirmation letter as at 31st December 2025 via direct response to the auditor for short-term trade payables with amount of VND 7,261,793,917 and Short-term advance payments from customers with amount of VND 106,039,720. We were unable to obtain the sufficient and appropriate audit evidences to assess the existence of the above balances by other alternative audit procedures.
- As at the Notes No. V.17 – Short-term and long-term finance lease loans and liabilities, describing the cash outflow from the bond issuance comply with the purpose of the Resolution of the Board of Management No. 211/2021/NQ-HĐQT dated 02nd December 2021 but it's not in accordance with the Information Disclosure dated 02nd December 2021 (acquired the entire paid-in capital in Toccoo Vietnam Co., Ltd. which is owned by Louis Land JSC (equivalent to 85%)) with amount of VND 80,800,000,000; The improper purpose-spending of the Resolution of the Board of Management No. 211/2021/NQ-HĐQT dated 02nd December 2021 and the Information Disclosure dated 02nd December 2021 with amount of VND 34,937,668,136. In addition, the Company has used part of the proceeds from bond issuance to make the advance deposits of VND 84,150,000,000 to purchase shares of Toccoo Vietnam Co., Ltd. However, according to the Notes No. V.6 – Other short-term and long-term receivables, up to now, the payment of bond principal and interest have expired, but the Company has not completed the procedures for transferring shares of Toccoo Vietnam Co., Ltd. from parties who have received the advance deposits.

At the same time, the description paragraph of An Giang Import-Export JSC has used the property as land-use right and ownership of houses and other land-attached assets under the Certificate No. BR626016 located in Nui Sap town, Thoai Son district, An Giang province to secure the issuance of the Company's bonds (according to the Resolution of 2022 Annual General Meeting of Shareholders No. 135/NQ-ĐHĐCĐ dated 15th March 2022 of An Giang Import-Export JSC), this property has not been signed by 3 parties between the Company and An Giang Import-Export JSC and the organization as the Collateral Receiver.

- As at the Notes No. VII.6 - Going-concern assumption, presented on the (separate) Balance Sheet as at 31st December 2025, the Company's accumulated undistributed loss after tax with amount of (VND 511,326,921,089), the Company's current liabilities (VND 526,632,058,999) exceeded total current assets (VND 177,825,822,434) with total amount of VND 348,806,236,56; The Company has loans, bonds and loan interest owing, overdue bonds with total value of VND 516,422,072,160. These items showed the existence of significant uncertainties which could cause substantial doubt on the Company's going-concern assumption.

From the above limitations, we have no sufficient basis to determine the influence of the above mentioned matter (if any) as well as its influence on the (separate) financial situation as at 31st December 2025, the (separate) income statement and the the (separate) cash flows statement for the fiscal year then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the "Basis for Disclaimer of Opinion" paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the accompanying financial statements.

II. ACCOUNTING PERIOD, AND REPORTING CURRENCY**1. The fiscal year**

The Company's fiscal year starts on 01st January and ends on 31st December of each calendar year.

2. Reporting currency

The standard currency unit used is Vietnam Dong (VND) because the Company uses the main accounting currency unit which is Vietnam Dong (VND) for receipts and payments.

III. ADOPTED ACCOUNTING REGIME AND STANDARDS**1. Applicable accounting regime**

The Company has applied the Accounting Standards and the Vietnamese Corporate Accounting System in accordance with the Circular No. 200/2014/TT-BTC dated 22nd December 2014 and Circular No. 53/2016/TT-BTC dated 21st March 2016 of the Ministry of Finance on amending and supplementing a number articles of Circular No. 200/2014/TT-BTC as well as circulars guidance on implementing the accounting standards of the Ministry of Finance in the preparation of the (separate) Financial statements.

2. Statement on the compliance with the Vietnamese accounting regime and standards

The Board of Directors ensure to follow all the requirements of the accounting standards and the Vietnamese Corporate accounting system promulgating together with the Circular No. 200/2014/TT-BTC dated 22nd December 2014 and Circular No. 53/2016/TT-BTC dated 21st March 2016 of the Ministry of Finance on amending and supplementing a number articles of Circular No. 200/2014/TT-BTC as well as circulars guidance on implementing the accounting standards of the Ministry of Finance in the preparation of the (separate) Financial statements.

3. Registered accounting documentation system

General journal recording (on computer).

IV. APPLIED ACCOUNTING POLICIES**1. Basic for preparing the Financial statements**

The Financial statements are prepared based on accrual accounting (excluding information related to the cash flows).

2. Cash and cash equivalents

- Cash includes cash on hand, call deposits and cash in transit, monetary gold.
- Cash equivalents is the short-term securities of which the due dates can not exceed 3 (three) months from the dates of the investments and the convertibility into cash is easy, and which do not have a lot of risks in the conversion into cash.

3. Financial investments

Held-to-maturity investments

The investments are classified as held-to-maturity if the company has both the ability and the intention to hold to maturity. Held-to-maturity investments include: term deposits (including treasury bills, promissory note) bonds, preferred stocks which the issuance party is obligated to repurchase at a specific time in the future and held-to-maturity loans for the purpose of collecting interest periodically and other held-to-maturity investments.

Held-to-maturity investments are initially recognized at the historical costs include purchase price and expenses related to investments transactions. After initial recognition, these investments are recognized at recoverable amount. Interest income on held-to-maturity investments after the date of acquisition are recognized in Income Statement on the basis of accrual. Interest enjoyed before the Company held is deducted against the historical cost as at the date of acquisition.

4. Receivables

Doubtful receivables are presented by book value subtracting the provisions for doubtful receivables.

Receivables are classified as trade receivables and other receivables comply with the following principles:

- Trade receivables reflect the commercial elements arising from selling - purchasing transactions between the Company and the buyer is an independent entity, include receivables from export sales under entrusted others.
- Other receivables reflect the non-commercial elements, unrelated to selling - purchasing transactions.

Provisions for doubtful receivables: are prepared for each doubtful debt based on the overdue debts or the estimated losses which may arise.

Increase/Decrease in the balance of provisions for doubtful receivables must be made as at the accounting period ended and are recognized in the general & administration expenses.

5. Inventories

Inventories are recognized at the lower of their historical costs or their net realizable values.

Historical costs of inventories are determined as follows:

- Raw materials, goods: including the acquisition cost and other direct related expenses arising to obtain inventory in current status and place.
- Finished goods: including the cost of direct materials, direct labor and related factory overhead cost are allocated based on normal capacity.
- Work-in-process: including only the costs of main raw materials, direct labor and general production costs.

Net realizable values is the estimated selling price of inventory in normal operating cycle except for the estimated costs to complete and necessary to consume them.

The value of inventories are recognized at the weighted average method and recorded at the perpetual method.

Provision for devaluation of inventories is made for the expected value of loss due to declines in value (due to price reduction, poor quality, obsolescence, ...) which may arise for inventories owned by the Group based on reasonable evidence of decline in value as at the balance sheet date. Increase/Decrease in the balance of provision for devaluation of inventory must be made as at the end of the accounting period and are recognized in the cost of goods sold.

6. Prepaid expenses

Prepaid expenses include the actual arising costs but related to the operating results of numerous accounting periods. The Company's prepaid expenses include:

Tools

Expenses on tools being put into use are allocated into expenses in accordance with the straight line method for the maximum period of 36 months.

Repair costs of fixed assets

Repair costs of assets arising once have great value are allocated into expenses in accordance with the straight line method for the maximum period of 36 months.

Prepaid land rental

Prepaid land rental represents the rental already prepaid for the land being used by the Company. Land rental is allocated in accordance with the straight line method in line with the leasing period of 40 years.

7. Tangible fixed assets

Tangible fixed assets are determined by the historical costs less (-) accumulated depreciation. Historical costs of tangible fixed assets include all the expenses of the company to have these fixed assets as of the dates they are ready to be put into use. Other expenses incurred subsequent to the initial recognition are included in historical costs of fixed assets only if they certainly bring more economic benefits in the future thanks to the use of these assets. Those which do not meet the above conditions will be recorded into expenses during the period.

When tangible fixed assets are disposed or liquidated, their historical costs and accumulated depreciation are written off, then any profit (or loss) generated from the liquidation is included in the income or the expenses during the period.

Tangible fixed assets are depreciated in line with straight-line method to gradually write off the historical costs of fixed assets over their estimated useful lives. The depreciation years of tangible fixed assets applied are as follows:

<u>Kinds of fixed assets</u>	<u>Years</u>
Buildings and structures	05 – 20
Machineries and equipments	03 – 12
Vehicles, transmissions	06 – 10
Equipments and tools management	03 – 10
Other tangible fixed assets	06

8. Intangible fixed assets

Intangible fixed assets are determined by the historical costs less (-) accumulated amortization.

Historical costs of intangible fixed assets include all the expenses of the company to have these fixed assets as of the dates they are ready to be put into use. Other expenses incurred subsequent to the initial recognition are included in expenses during the period only if they attached to the specific intangible fixed asset and bring more economic benefits thanks to the use of these assets.

When intangible fixed assets are disposed or liquidated, their historical costs and accumulated amortization are written off, then any profit (or loss) generated from the liquidation is included in the income or the expenses during the period.

The Company's intangible fixed assets include:

Land-use right

Land-use right is all actual expenses related directly to the used land, included: the payment for getting land-use right, costs of compensation, site clearance, ground leveling, registration fee ... which the Company paid. Land-use right is amortized in line with straight-line method with estimated amortized years is 25 years.

Computer software

Costs related to computer software programs is not an integral part of the related hardware is capitalized. Historical costs of computer software include all the expenses of the Company to pay until the date the software is put into use. The Company's accounting software is amortized in line with straight-line method in 06 years.

9. Construction-in-progress

Construction-in-progress reflects the direct cost (include relevant interest expenses in accordance with accounting policies of the Company) related to the assets are being built, machineries and equipments are being installed for the purpose of manufacturing, leasing and management, as well as expenses related to the repair of fixed assets which are being implemented. Those assets are recorded at their historical cost and not to be depreciated.

10. Liabilities and accruals

Liabilities and accruals are recognized for payable amounts in the future related to the received goods and services. Accruals are recognized based on the reasonable estimates of the payable amounts.

Payables are classified as trade payables, accruals and other payables comply with the following principles:

- Trade payables reflect the commercial elements arising from purchasing transactions of goods, services, assets and the seller is an independent entity, include payables from import by a trustee.
- Accruals reflect the payables to the received goods and services from seller or provided to buyer but not yet paid due to do not have invoice or insufficient accounting records and vouchers and payable to employees on sabbatical salary, operating costs must be accrued.
- Other payables reflect the non-commercial elements, unrelated to selling - purchasing transactions, rendering of services.

11. Basis for calculation and deduction of wage

Wage and salary is calculated by the Company based on labor contracts with employees, wage and salary is paid by work time.

12. Owners' equity

Owners' invested equity

Owners' invested equity is recognized according to the shareholders' actual capital.

13. Profit distribution

Profit after corporate income tax is distributed to shareholders after appropriating for funds in accordance with the Company's Charter as well as regulations and being approved by General Meeting of Shareholders.

Distribution of profits to shareholders is considered non-monetary items in undistributed earnings after tax which can affect the cash flows and ability to pay dividends such as profit from revaluation of the contributed assets, revaluation of monetary items, financial instruments and other non-monetary items.

Dividends are recorded as liabilities when being approved by General Meeting of Shareholders.

14. Recognition of revenues and income

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return.

Revenues from sale of merchandises (tires), finished goods (telecommunication cables)

- Revenues from sale of goods are recognized when satisfying the following conditions:
 - Most of risk and benefits associated with the goods ownership are transferred to customers;
 - There are no rights to manage or to control the goods;
 - Revenues can be determined reliably;
 - Getting or will get reliable economic benefits from providing service;
 - Expenses related to providing and completing service can be determined.

Revenues from rendering of services (premises for rent)

Revenues from rendering of services transaction are recognized when the result of transaction is determined reliably. Where the service is rendered during numerous periods, revenue in period is recognized based on the results of work completely as at balance sheet date.

- The results of rendering of services transaction are determined when satisfying all the following conditions:
 - Revenue is determined rather reliably;
 - Be able to gain economic benefits from the transactions;
 - Determining work completely as at Balance Sheet date;
 - Determining expenses related to rendering of services.

Interest

Interest is recognized on an accrual basis, and determined on balance of savings accounts and the actual interest rates for each period.

15. Cost of goods sold

Cost of goods sold is total cost of goods, production cost of finished goods sold, other expenses are included in the cost of goods.

16. Expenses from financial activities

Expenses from financial activities are the costs related to financial activities include borrowing costs, foreign exchange rate losses when being paid in a foreign currency and due to the revaluation on period-end.

17. Selling expenses and General & administration expenses

Selling expenses and General & administration expenses are all costs related to the process of selling products, goods, rendering of services and general administration expenses of the Company.

18. Borrowing costs

Borrowing costs include interest and other costs incurred directly related to loans.

Borrowing costs will be capitalized when they are directly related to the construction or the production of an asset in progress, which has taken a substantial period of time (over 12 months) to get ready for intended use or sales of the asset. Otherwise, the borrowing costs will be recognized into expenses during the period. For private loans serve the construction of fixed assets, investment properties, interest is capitalized even if the construction period of less than 12 months. The income arising from the temporary investment of loans is recorded reducing the historical cost of the relevant assets.

In the event of general borrowings which are partly used for acquiring, constructing or producing an asset in progress, the costs eligible for capitalization will be determined according to the capitalization rates applied to average accumulated expenditure on that asset. The capitalization rates are computed at the average interest rates on the borrowings not yet paid during the period, except for particular borrowings serving the purpose of obtaining a specific asset.

19. Transactions in foreign currencies

The transactions in foreign currencies are converted at the actual exchange rates ruling as of the transaction dates. The balances of monetary items in foreign currencies are converted at the actual exchange rates ruling as of the balance sheet date.

Foreign exchange differences arising during year from transactions in foreign currencies are recognized in income from financial activities or expenses from financial activities. Exchange rate differences due to the revaluation of monetary items in foreign currencies as of the balance sheet date after offsetting differences of increasing and decreasing are recognized in income from financial activities or expenses from financial activities.

Exchange rate used to convert the foreign currency transactions is the actual exchange rate as at the time when transactions are incurred. The actual exchange rate of the foreign currency transactions is determined as follows:

- For receivables: buying exchange rate of the commercial bank where the Company indicated for the customer's payment at the time when transactions are incurred.
- For liabilities: selling exchange rate of the commercial bank where the Company is expected to deal at the time when transactions are incurred.
- For the purchase transactions of assets or expenses are paid immediately in foreign currencies (not via the payable accounts): buying exchange rate of the commercial bank where the Company implements the payment.

Exchange rate used to revalue balances of the monetary items in foreign currencies is determined comply with the following principles:

- For foreign currency account in banks and for the monetary items in foreign currencies: foreign currency buying exchange rate of bank.
- For the monetary items in foreign currencies is classified as liabilities: foreign currency selling exchange rate of bank.

20. Corporate income tax (CIT)

Corporate income tax expenses include current corporate income tax and deferred corporate income tax.

Current corporate income tax

Current corporate income tax expense is recognized based on taxable income. Taxable income is different from accounting profit due to the adjustments of differences between tax and accounting figures as well as those of non-taxable or non-deductible income and expenses.

Corporate income tax rate of 17%.

Deferred Corporate income tax

Deferred income tax is the amount of corporate income tax payable or refundable due to temporary differences between book values of assets and liabilities serving the preparation of the financial statements and the values for tax purposes. Deferred income tax liabilities are recognized for all the temporary taxable differences. Deferred income tax assets are recorded only when there is an assurance on the availability of taxable income in the future against which the temporarily deductible differences can be used.

Book values of deferred corporate income tax assets are considered at the balance sheet dates and will be reduced to the rates that ensure enough taxable income against which the benefits from a part of or all of the deferred income tax can be used. Deferred corporate income tax assets are not yet recorded in before that will be reconsidered as at the accounting period ended and recorded when being reliably taxable profit to be able to use deferred income tax assets.

Deferred income tax assets and deferred income tax liabilities are determined at the estimated rates to be applied in the year when the assets are recovered or the liabilities are settled based on the effective tax rates as of the balance sheet date. Deferred income tax is recognized in the income statement. In the case that deferred income tax is related to the items of the owner's equity, corporate income tax will be included in the owner's equity of the company.

Deferred income tax assets and deferred income tax liabilities should be offset when:

- The Company has a legal right to implement the offset of current income tax assets and current income tax payable; and
- Those deferred income tax assets and deferred income tax payable related to corporate income tax is administered by the same tax authority:
 - For the same taxable entity; or
 - The Company intends to pay current income tax payable and current income tax assets on the basis of net or recover assets at the same time with the payment of liabilities in each future period when the significant deferred income tax payable or deferred income tax assets to be paid or recovered.

21. Related parties

A party is considered a related party of the company in case that party is able to control the company or to cause material effects on the financial decisions as well as the operations of the company. A party also is considered a related party of the company in case that party is under common control or significant influence.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

These notes form an integral part of the (separate) Financial Statements

Geography

The Company's production and business activities take place within the territory of Vietnam.

5. Collateral

Collateral for other entities

The Company has used the savings and intangible fixed assets as collaterals for loans (refer to the Notes No. V.17). Total the residual value as at 31st December 2025 is VND 818,906,637 (refer to the Notes No. V.2 and V.10).

Third party's property guarantees the Company's bond issuance

BIDICO Quartz Stone Co., Ltd. and An Giang Import - Export JSC guarantee the Company's bond issuance with the assets of BIDICO Quartz Stone Co., Ltd. and An Giang Import - Export JSC (refer to the Notes No. V.17).

Mortgage assets of other entities

The Company did not hold the collateral of the other sides as at 31st December 2025.

6. Going-concern assumption

As at 31st December 2025, the Company's accumulated undistributed loss after tax with amount of (VND 511,326,921,089); the current liabilities with amount of (VND 526,632,058,999) exceeded total current assets (VND 177,825,822,434) of the Company with the amount of VND 348,806,236,565; the overdue loans, bonds and loan interest owing, overdue bonds with total value of VND 516,422,072,160. These items showed the existence of significant uncertainties which could cause substantial doubt on the Company's going-concern assumption. However, the Company is currently continuing to maintain and try to invest in finance, develop production and business at 02 subsidiaries: Vinh Khanh Plastic Cable Production JSC (VKM) and Vinh Khanh Business Investment JSC (VKB) in orders to increase revenue, productivity, and profitability. This ensures the continuity of its production and business activities and provides an important solution for balancing cash flow for the Company core operations. Therefore, the (separate) financial statements for the fiscal year ended 31st December 2025 are prepared on the basis of the going-concern assumption.

7. Subsequent events

The Company has not any arising other events after the accounting period ended which would require any adjustments to the figures or disclosures in the (separate) Financial Statements.
