Pursuant to Circular No. 96/2020/TT-BTC dated 16/11/2020 of the Ministry of Finance on guidelines for information disclosure on the stock market;

Based on the audited financial statements for 2025, IDICO Petroleum Construction Investment Joint Stock Company would like to explain the fluctuations in after-tax profit in the audited financial statements for 2025 compared to the same period of the previous year, specifically as follows:

- The after-tax profit in the audited 2025 Income Statement of IDICO Petroleum Construction Investment Joint Stock Company decreased compared to the same period last year: - 81,096 million VND (161,481 million VND – 242,577 million VND), in which:

Net profit after tax in 2024: 242,577 million VND

Net profit after tax in 2025: 161,481 million VND

Reason: Net profit after tax in 2025 decreased compared to the previous year, mainly due to a decrease in revenue from leasing infrastructure in My Xuan B1 Industrial Park, which met the conditions for one-time revenue recognition, and a decrease in real estate business revenue from the Investment Project to build a commercial, service and residential center in the Bac Chau Giang Urban Area.

The above is the explanation from IDICO Petroleum Construction Investment Joint Stock Company regarding the fluctuations in after-tax profit in the audited financial statements for 2025 compared to the same period of the previous year.

We look forward to the attention and approval of the Hanoi Stock Exchange.
