

ANNUAL REPORT 2025

PETROLEUM TRADING JOINT STOCK COMPANY (PETECHIM JSC)

To: State Securities Commission

Hanoi Stock Exchange

Pursuant to Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance, guiding the disclosure of information on the stock market, Petroleum Trading Joint Stock Company hereby submits to the State Securities Commission the "Annual Report 2025" of Petechim as follows:

I. GENERAL INFORMATION:

1. Overview Information

- Trading Name: **PETROLEUM TRADING JOINT STOCK COMPANY (PETECHIM JSC)**
- Business Registration Certificate No.: 0305447723
- Charter Capital: 200,000,000,000 VND (Two hundred billion Vietnamese Dong)
- Owner's Invested Capital: 200,000,000,000 VND (Two hundred billion Vietnamese Dong)
- Address: 11th Floor, Petroland Building, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City
- Phone Number: (84-28) 54112323
- Fax Number: (84-28) 54112332
- Website: www.petechim.com.vn
- Stock Code: PTV
- Trading Floor: UPCOM
- History of Formation and Development:
 - The Petechim brand was officially established in 1981, serving as a supplier of equipment, materials, and machinery for Vietnam's nascent oil and gas industry.
 - On 05/10/1994, Petechim was transferred and became a unit under the Vietnam Oil and Gas Corporation (now the Vietnam National Industrial - Energy Group - Petrovietnam), named Petechim Trading Company, with the abbreviated trade name "Petechim." It was established under Decision No. 1212/DK-TCNS, operating as a state-owned enterprise and becoming one of the leading suppliers of materials, machinery, equipment, and oil and gas services in Vietnam.

- On 27/09/2006, Petechim Trading Company was converted into a single-member limited liability company under the Vietnam Oil and Gas Corporation pursuant to Decision No. 215/2006/QD-TTg of the Prime Minister.
- On 11/10/2007, the Chairman of the Board of Directors of the Vietnam Oil and Gas Group issued Decision No. 3458/QD-DKVN on the “Establishment of the Parent Company - Petechim Trading Corporation,” with the parent company being Petechim Trading Corporation and its subsidiaries being affiliated companies and companies with capital contributions from Petechim Trading Corporation. Accordingly, the Member Council of Petechim Trading Corporation issued Decision No. 459/QD-TMDK on the “Establishment of Petechim Servimex Import-Export and Oil and Gas Services Joint Stock Company” (**abbreviated trade name: Petechim Servimex**), based on the reorganization of the General Business Department, the Agency and Forwarding Department, and the Import Department of Petechim Trading Corporation, inheriting all activities in the field of import-export of materials, equipment, and oil and gas services of Petechim Trading Corporation.
- As part of the restructuring process of enterprises under the Group, on 06/06/2008, the Vietnam Oil and Gas Group issued a decision to merge Petechim Trading Corporation (Petechim) and the Oil Products Processing and Trading Company (PDC) into a single-member limited liability company named Vietnam Oil Corporation (abbreviated trade name: PV Oil).
- On 28/10/2008, Petechim Servimex was officially renamed Petechim Joint Stock Company (Petechim JSC), inheriting the Petechim brand of Petechim Trading Corporation as well as all activities in the field of import-export of materials, equipment, and oil and gas services. Petechim JSC continued to develop with a strategy of diversifying business types, expanding market segments from the upstream to the downstream sectors of the oil and gas industry, and aiming to serve other industrial sectors.

+ Saigon Petroleum Joint Stock Company (PV Oil Saigon)

+ Phu My Petroleum Production and Processing Joint Stock Company (PV Oil Phu My)

+ Central Vietnam Petroleum Joint Stock Company (PV Oil Mien Trung)

(For details, please refer to Appendix 01 attached to this Report)

4. Development Orientation

PETECHIM focuses on 3 major strategic directions:

- Deeply participating in the PVN/SOVICO ecosystems as a comprehensive supplier of goods, services, and technology solutions in the transition to a digital/green economy.
- Becoming a multi-sector supplier in large projects. Gradually building its position: Supplier of materials, equipment, and input materials, Distributor of output products, Multi-sector service provider, In the fields of: Renewable energy, Carbon credits, Infrastructure: airports, seaports, Logistics & warehousing.
- Strengthening joint ventures and partnerships to increase competitiveness, expand scale of operations and business areas: Cooperation with strategic partners domestically and internationally. Expansion: new industries, markets, and products.

5. Risks

- The global economy and trade continue to recover but still harbor numerous risks. The prices of production materials and inflation are at risk of increasing.
- Fuel price shocks, coupled with rising inflation, continue to disrupt global supply chains, posing significant challenges for businesses.
- Exchange rate fluctuations present a major challenge, as Petechim conducts imports in foreign currencies while operating its business in the domestic currency.

II. PERFORMANCE IN 2025:

1. Production and Business Performance:

Advantages:

- The brand value of Petechim in the field of oil and gas commerce and services in Vietnam.
- Support from major shareholders and cooperation from partners/customers.
- Resolutions from the General Meeting of Shareholders have outlined new business directions, aligning with market trends and creating opportunities for breakthroughs to establish a foundation for the Company's long-term sustainable development.
- The organizational structure has been restructured to be leaner, with a united leadership team and staff who are qualified, dedicated, and highly responsible.

Challenges:

- Limited capacity amidst fierce competition, resulting in low efficiency in commercial bidding activities and thin profit margins.
- New business areas face numerous difficulties and challenges, contributing less significantly to the 2025 production and business results than expected.

Consolidated Production and Business Results of Petechim in 2025:

Unit: VND

No.	Indicator	2025 Plan	2025 Actual	% vs. 2025 Plan

6. Company environmental and social impact report:

- Material resource management: None, as the company operates in the trade and service sector.
- Energy consumption: The company primarily operates at the Headquarters, so the energy consumption is mainly electricity for the office, with negligible usage.
- Water consumption: Not used for business activities, only for living with negligible consumption.
- Compliance with environmental protection laws: Fully comply with laws and regulations regarding the environment, with no violations occurring. The company has been and is maintaining an environmental management system according to the ISO 14001:2015 standard.
- Policies related to workers:
 - Number of employees, average salary for employees: The number of employees is 28 people; the average salary is 13.5 million VND/person/month.
 - Labor policies aimed at ensuring the health, safety, and welfare of workers: The company strictly adheres to the Labor Code and safety and insurance policies... to ensure absolute safety for employees. The company has been and is maintaining an occupational health and safety management system according to the ISO 45001:2018 standard.
 - Employee training activities: Skill development programs and continuous learning to support employees in securing jobs and advancing their careers: Training upon recruitment with a focus on direct mentoring.
- Report related to responsibility towards the local community: The company has participated in charitable activities such as supporting flood victims, natural disaster relief throughout the year, supporting the construction of houses of compassion, and supporting children with autism and disabilities...
- Report related to green capital market activities according to the guidelines of the State Securities Commission: The company did not participate in the green capital market in the past year.

III. REPORT AND EVALUATION OF THE BOARD OF GENERAL DIRECTORS:

1. Evaluation of Production and Business Performance Results

- The 2025 revenue results were low, failing to meet the year's plan targets due to the failure to implement several large projects planned for 2025, such as SAF, JET A1, Con Ong Hon Net Port, and air cargo transportation services. This resulted in Petechim losing opportunities to supply services and goods, creating a significant gap in revenue and profit.
- Although the 2025 results did not meet the plan, the leaders and employees united and made every effort to address difficulties, resolve obstacles, overcome challenges, and strive to carry out the highest possible business targets

2. Financial situation

- Growth Performance

- Due to the specific nature of the parent company's business, large-value contracts are in the execution phase and have not yet been completed, therefore their results have not been recognized in this period, causing consolidated net profit from business operations in 2025 to decrease by 108% compared to the same period.
- The company's net revenue in 2025 decreased by 85% compared to 2024, resulting in a nearly 16% decrease in gross profit.
- Meanwhile, the total asset size increased by 144% year-on-year, mainly due to an increase in inventory, which rose by 12,307% year-on-year.
- Liquidity situation:
The company's current ratio is 1.28 and has been maintained above 1.0 for two consecutive years. This indicates that the company has a stable cash flow, ensuring the payment of short-term debts (less than one year or within one business cycle).
- Operating capacity:
The average number of days to collect payments and the number of days to inventory are higher than in the same period. Specifically:
 - The number of days for accounts receivable is currently at 379 days, an increase of 321 days compared to 2024. The company is adjusting its sales policies to suit each customer in order to ensure the fastest possible debt collection.
 - The number of days of inventory also increased significantly, by 797 days.
- Profitability
 - Gross profit margin in 2025 is projected to increase by nearly 16.99% compared to 2024.
 - The cost of goods sold/revenue ratio will decrease slightly from 0.96% to 0.79%.
 - The company's operating expenses (selling expenses and administrative expenses) will decrease slightly by 5.2% in 2025. In 2025, the company maintained its policy of "tightening its belt," focusing on cost savings and reductions.

3. Improvements in organizational structure, policies, and management

- Continue to maintain and improve the quality management system, the occupational safety and health management system, and the environmental management system. Continue to maintain the established environmental safety quality goals and policies: *"Provide customers with comprehensive products, stable quality, professional services, and meet the increasingly high demands of customers; Ensure the safety of employees, customers, partners, contractors, and protect the environment in all activities; Always comply with state regulations on occupational safety, health, and the environment."*
- Organize the application of management software at a deeper level in office activities, human resource management, and payroll to help the Company reduce management costs, enhance professionalism, and achieve high efficiency.
- Continue implementing strict measures to control the Company's operating costs.

4. Future Development Plan

Strategic Goals:

PETECHIM has identified 2026 as a year of strategic transformation with the orientation: **"Using development to ensure stability"** – a strong shift towards new business areas to gradually replace and eventually completely replace the traditional oil and gas trading segment. Simultaneously, it aims to build logistics and import/export services into a core, sustainable activity to ensure shareholder benefits, maintain stable income for employees, and preserve and grow capital.

Development Orientation:

PETECHIM focuses on 3 major strategic directions:

- Deeply participating in the PVN/SOVICO ecosystems as a comprehensive supplier of goods, services, and technology solutions in the transition to a digital/green economy.
- Becoming a multi-sector supplier in large projects. Gradually building its position: Supplier of materials, equipment, and input materials, Distributor of output products, Multi-sector service provider, In the fields of: Renewable energy, Carbon credits, Infrastructure: airports, seaports, Logistics & warehousing.
- Strengthening joint ventures and partnerships to increase competitiveness, expand scale of operations and business areas: Cooperation with strategic partners domestically and internationally. Expansion: new industries, markets, and products.

Action Plan:

Implementation Principles: Decisive, synchronized, and flexible action; Closely monitor project progress and resource mobilization capabilities; Ensure stable operation (short-term) and prepare for growth (long-term).

Business Plan

- Strategic Cooperation - Growth Foundation: strengthens cooperation with major partners to provide end-to-end solutions for large projects and chains such: Technology & Solutions, Infrastructure & Products.
- Deployment based on customer ecosystem as the strategic growth axis: Oil and Gas, Finance, Banking, Aviation, Real Estate.
- Expanding markets beyond the ecosystem, seizing opportunities ahead of APEC Phu Quoc 2027: Factories, Industrial parks; Hotels, Resorts, Banks, Airlines.

Development Strategy:

- Implementing a transformation from “selling goods” to “selling solutions + added value”
- ESG & Green Certification: Deploying EDGE-certified solutions for the HDBank and VikkiBank branch chains.
- Application of AI & Smart Technology: Smart City, Smart Building, Smart Office, Smart Meeting Room, Smart Parking,... Smart Port / Smart Warehouse.

Management & Restructuring

- Strategic Restructuring: Divestment from PVOIL-related subsidiaries, Facilitating transition to new areas and flexible business models.
- Finance & Management: Strict cost control, Proactive capital arrangement, Addressing outstanding debts and bad debts, recovering capital to improve financial health.
- Project Management: Monitoring project progress and settlement, Avoiding new and prolonged outstanding debts.

- Human Resources & Organization: Building a lean and professional organizational structure, Applying a task force model to key projects, Performance-based compensation and bonus system with a people-centric approach.

5. Report evaluating the company's environmental and social responsibility:

- Evaluation related to environmental indicators (water consumption, energy, emissions ...): As analyzed above, the energy and water consumption at the Company's headquarters is relatively low, and the daily waste mainly consists of household waste, so it does not have a significant impact on the environment.
- Evaluation related to labor issues: Employees are fully covered by the Company's insurance, safety, and welfare policies.
- Evaluation related to the company's responsibility towards the local community: The company fully participates in its responsibilities towards the locality by contributing to the required funds as well as being active in supporting and volunteering activities for the community.

IV. BOARD OF DIRECTORS' ASSESSMENT OF THE COMPANY'S OPERATIONS:

1. The Board of Directors' evaluation of the Company's operations

In 2025, Petechim Company continues to receive extensive support from units within the Vietnam Oil and Gas Group, the Vietnam Oil Corporation (PVOil), major shareholders, as well as cooperation from traditional customers Vietsovpetro and domestic and foreign oil contractors.

However, the recent developments in global geopolitical tensions, fluctuations in the global financial and monetary markets, have forced countries to tighten monetary policies. Along with this, the volatility in oil and gas prices, the energy market, inflation, foreign exchange rates, disruptions in global supply chains, rising costs, as well as difficulties in the stock market, corporate bonds, and real estate... have strongly impacted production, investment, and businesses like Petechim.

In light of the aforementioned situation, the Company's Board of Directors has organized quarterly regular meetings to promptly provide directives and guidance:

- Maintain and develop the company's core business activities: Supplying materials, equipment, chemicals, and various oil and gas services to units of the Vietnam Oil and Gas Group from upstream to downstream and other foreign oil and gas contractors; closely follow strategic customers in the oil and gas industry and leverage traditional strengths with the goal of securing contracts/projects.
- Strengthen cooperation with potential manufacturers/suppliers, leverage the strengths of partners, and enhance the effectiveness of building partner-customer relationships to increase competitiveness and success opportunities in bidding activities.
- Maximize the support of major shareholders.
- Arrange capital to ensure business operations, with appropriate plans to maintain credit limits at banks to support guarantee activities, disbursement, and opening L/C,...
- Manage and effectively utilize capital and funds for production and business activities.
- Strictly manage cash flow to ensure liquidity for contracts/projects.

- Control and implement maximum cost reductions for all expenses: general management expenses, selling expenses, including the cost of goods sold, to reduce production costs, increase competitiveness in bidding, and enhance the Company's business performance.
- Ensure that all business activities of the Company are always implemented quickly and yield practical results.

2. The Board of Directors' evaluation of the activities of the Company's General Director Board

The Board of Directors has performed its supervisory function over the activities of the Company's Executive Board, including the General Director and other management staff.

Regarding the company's governance activities: In 2025, the company's executive board has organized management in accordance with the delegated responsibilities and complied with the company's charter and other internal regulations. Specifically as follows:

- The General Director of the Company fully performs the monthly, quarterly, and semi-annual reporting duties to the Board of Directors on the results, plans for implementing production and business tasks, organizational work, and other tasks of each department in particular and the entire Company in general, evaluates the favorable and difficult situations, and proposes solutions and recommendations to achieve the set business targets.
- The General Director closely monitors and regularly reports to the Board of Directors on investment activities in subsidiaries, affiliated companies, and other financial investment activities. At the same time, closely monitor the situation of debts and fiscal and monetary policies to minimize risks and ensure the financial safety of the Company's operations.
- The General Director has completed the payment of the remuneration for the Board of Directors and the Supervisory Board for 2025 in accordance with the resolution of the 2025 Annual General Meeting of Shareholders.
- Human resources, training, social welfare activities, and the activities of mass organizations are all emphasized by the General Director, in line with the actual situation of the Company.
- Regarding business activities:
- The Board of Directors has correctly implemented the business strategic directions identified by the General Meeting of Shareholders and the resolutions of the Board of Directors/General Meeting of Shareholders, closely following customers/partners. The development of the market and new business activities, as well as the promotion of building cooperative relationships, joint ventures/associations...; have recorded positive progress.

3. The plans and directions of the Board of Directors

In 2026, the Board of Directors will continue to direct the Board of Management to implement the objectives, strategic orientations, and action programs approved by the Annual General Meeting of Shareholders. Specifically:

Strategic objectives: To implement a strong transformation of the operating model by gradually reducing dependence on traditional oil and gas trading; at the same time, prioritizing deeper participation in the project value chain of major shareholders to secure

stable workloads and enhance competitiveness. In parallel, focus on developing logistics services and entrusted import-export as core business pillars; gradually expand into new sectors with higher efficiency and sustainability, aiming to increase value for shareholders and ensure stable income for employees.

Action plan: To implement synchronized, decisive, and flexible solutions across all areas of operation to create clear improvements in business performance. Key focuses include: (i) deeply participating in the Group's ecosystem as a provider of integrated goods, services, and technology solutions in the transition toward the digital and green economy; (ii) gradually becoming a multi-sector supplier in large-scale projects; and (iii) strengthening joint ventures and partnerships with strategic partners to enhance competitiveness and expand operational scale and business sectors.

The implementation roadmap will be developed based on close alignment with project progress and the Company's resource mobilization capacity, ensuring flexible and efficient coordination; at the same time, maintaining stable existing operations to generate sustainable revenue for covering regular expenses, preserving owners' equity, and proactively preparing necessary conditions for medium- and long-term growth opportunities.

STATEMENT OF THE GENERAL DIRECTOR (cont.)

The General Director

The General Director of the Company during the year and as of the date of this statement is Ms. Do Thi Bich Ha (appointed on 23 April 2018).

Legal representative

The Company's legal representative during the year and as of the date of this statement is Ms. Do Thi Bich Ha – General Director (appointed on 23 April 2018).

Auditors

A&C Auditing and Consulting Co., Ltd. has been appointed to perform the audit on the Group's Consolidated Financial Statements for the fiscal year ended 31 December 2025.

Responsibilities of the General Director

The General Director of the Company is responsible for the preparation of the Consolidated Financial Statements to give a true and fair view of the consolidated financial position, the consolidated financial performance and the consolidated cash flows of the Group during the year. In order to prepare these Consolidated Financial Statements, the General Director must:

- select appropriate accounting policies and apply them consistently;
- make judgments and estimates reasonably and prudently;
- state clearly whether the accounting standards applied to the Group are followed or not, and all the material differences from these standards are disclosed and explained in the Consolidated Financial Statements;
- prepare the Consolidated Financial Statements of the Group on the going-concern basis, except for the cases that the going-concern assumption is considered inappropriate;
- design and implement effectively the internal control system to minimize the risks of material misstatements due to frauds or errors in the preparation and presentation of the Consolidated Financial Statements.

The General Director hereby ensures that all the proper accounting books of the Group have been fully recorded and can fairly reflect the financial position of the Group at any time, and that all the accounting books have been prepared in compliance with the applicable Accounting System. The General Director is also responsible for managing the Group's assets and consequently has taken appropriate measures to prevent and detect frauds and other irregularities.

The General Director commits to the compliance with the aforementioned requirements in preparation of the Consolidated Financial Statements.

Approval of the Consolidated Financial Statements

The General Director hereby approves the accompanying Consolidated Financial Statements, which give a true and fair view of the consolidated financial position as of 31 December 2025 of the Group, its consolidated financial performance and its consolidated cash flows for the fiscal year then ended, in conformity with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of the Consolidated Financial Statements.

Date: 30 March 2026

Do Thi Bich Ha
General Director

No. 1.0786/26/TC-AC

INDEPENDENT AUDITOR'S REPORT

**To: THE SHAREHOLDERS, THE BOARD OF DIRECTORS AND THE GENERAL DIRECTOR
PETROLEUM TRADING JOINT STOCK COMPANY**

We have audited the accompanying Consolidated Financial Statements of Petroleum Trading Joint Stock Company (hereinafter referred to as "the Company") and its subsidiary (hereinafter collectively referred to as "the Group"), which were prepared on 30 March 2026 (from page 6 to page 40), including the Consolidated Balance Sheet as of 31 December 2025, the Consolidated Income Statement, the Consolidated Cash Flow Statement for the fiscal year then ended and the Notes to the Consolidated Financial Statements.

Responsibility of the General Director

The Company's General Director is responsible for the preparation, true and fair presentation of the Group's Consolidated Financial Statements in accordance with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of the Consolidated Financial Statements; and responsible for the internal control as the General Director determines necessary to enable the preparation and presentation of the Consolidated Financial Statements to be free from material misstatements due to frauds or errors.

Responsibility of Auditors

Our responsibility is to express an opinion on these Consolidated Financial Statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical standards and requirements and plan and perform the audit to obtain reasonable assurance about whether the Consolidated Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Consolidated Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and true and fair presentation of the Consolidated Financial Statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the General Director, as well as evaluating the overall presentation of the Consolidated Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for qualified opinion

We are unable to obtain sufficient and appropriate audit evidence to assess the recoverability of the following receivables in Note No. V.3 of the Notes to the Consolidated Financial Statements:

- The receivable amount from Petroleum Pipeline & Tank Construction Company with the carrying value of VND 18,995,000,000. The Company filed a lawsuit to Vung Tau City People's Court (now Ho Chi Minh City People's Court) and received the Decision recognizing the agreement of the parties that Petroleum Pipeline & Tank Construction Company shall pay principal and interest for the respective amounts of VND 33,345,000,000 and VND 900,000,000 to the Company in three instalments from 30 April 2020 to 30 September 2020. However, until the date of approving these Financial Statements for issuance, Petroleum Pipeline & Tank Construction Company has just made a payment of VND 14,350,000,000 while the remaining amount has not been paid to the Company under the committed payment schedule.
- The receivable amount from Leveltech Investment and General Technology Solution Company Limited with the carrying value of VND 6,307,106,427.

With the available documents and information, we are unable to determine if it is necessary to make the allowances for these receivables and the amounts of allowances to be made (if any).

Qualified opinion of Auditors

In our opinion, except for the effects of the matters described in "Basis for qualified opinion" paragraph, the Consolidated Financial Statements give a true and fair view, in all material respects, of the consolidated financial position as of 31 December 2025 of the Group, its consolidated financial performance and its consolidated cash flows for the fiscal year then ended, in conformity with the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System and relevant statutory requirements on the preparation and presentation of the Consolidated Financial Statements.

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

I. GENERAL INFORMATION

1. Ownership form

Petroleum Trading Joint Stock Company (hereinafter referred to as “the Company” or “the Parent Company”) is a joint stock company.

2. Business fields

The Company’s business fields are trading and servicing.

3. Principal business activities

The principal business activities of the Company are to provide maritime services, act as a marine transport agent, provide import and export forwarding services, supply materials and equipment for petroleum projects, petrol depots, supply chemicals for petroleum exploration and exploitation, supply equipment for the aviation industry.

4. Normal operating cycle

The Company’s normal operating cycle is within 12 months.

5. Structure of the Group

The Group includes the Parent Company and Petroleum Information Technology Telecom and Automation Joint Stock Company (a subsidiary) which is under the control of the Parent Company and consolidated in these Consolidated Financial Statements.

The subsidiary is located at 14th Floor, Office Area, C1 Thanh Cong Building, Thanh Cong Street, Giang Vo Ward, Hanoi City. This subsidiary operates in the fields of information technology, telecommunications and automation, clean energy. The Parent Company’s percentage of equity, percentage of benefit and percentage of voting right in this subsidiary are 51.85% which has been unchanged from the previous year to the current year.

6. Statement of information comparability on the Consolidated Financial Statements

The corresponding figures of the previous year can be comparable with the figures of the current year.

7. Headcount

As of the balance sheet date, the Group’s headcount is 100 (headcount at the beginning of the year: 101).

II. FISCAL YEAR AND ACCOUNTING CURRENCY UNIT

1. Fiscal year

The fiscal year of the Group is from 01 January to 31 December annually.

2. Accounting currency unit

The accounting currency unit is Vietnamese Dong (VND) because transactions of the Group are primarily made in VND.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

III. APPLICABLE ACCOUNTING STANDARDS AND SYSTEM

1. Accounting System

The Group applies the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014, the Circular No. 53/2016/TT-BTC dated 21 March 2016, the Circular No. 202/2014/TT-BTC dated 22 December 2014 guiding the preparation and presentation of the Consolidated Financial Statements as well as other Circulars guiding the implementation of the Accounting Standards of the Ministry of Finance in preparation and presentation of the Consolidated Financial Statements.

2. Statement of the compliance with the Accounting Standards and System

The General Director ensures to follow all the requirements of the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014 ("Circular No. 200"), the Circular No. 75/2015/TT-BTC dated 18 May 2015 ("Circular No. 75") and the Circular No. 53/2016/TT-BTC dated 21 March 2016 ("Circular No. 53") amending and supplementing a number of articles of the Circular No. 200, the Circular No. 202/2014/TT-BTC dated 22 December 2014 as well as other Circulars guiding the implementation of Vietnamese Accounting Standards of the Ministry of Finance in preparation and presentation of the Consolidated Financial Statements.

On 27 October 2025, the Ministry of Finance issued the Circular No. 99/2025/TT-BTC ("Circular No. 99") providing guidance on Enterprise Accounting System in replacement to the Circular No. 200, the Circular No. 75 and the Circular No. 53. The provisions of the Circular No. 99 shall be applied to bookkeeping, preparation and presentation of the Financial Statements for the fiscal year beginning from 01 January 2026.

IV. APPLICABLE ACCOUNTING POLICIES

1. Accounting convention

All the Consolidated Financial Statements are prepared on the accrual basis (except for the information related to cash flows).

2. Consolidation bases

The Consolidated Financial Statements include the Financial Statements of the Parent Company and those of its subsidiary. A subsidiary is an enterprise that is controlled by the Parent Company. The control exists when the Parent Company has the power to directly or indirectly govern the financial and operating policies of the subsidiary to obtain economic benefits from its activities. In determining the control power, the potential voting right arising from options or debt and capital instruments that can be converted into common shares as of the balance sheet date should also be taken into consideration.

The financial performance of the subsidiary, which is acquired or disposed during the year, is included in the Consolidated Income Statement from the date of acquisition or disposal of investments in this subsidiary.

The Financial Statements of the Parent Company and those of subsidiary used for consolidation are prepared in the same fiscal year and apply consistently accounting policies to the same types of transactions and events in similar circumstances. In the case that the accounting policy of a subsidiary is different from the accounting policy applied consistently in the Group, the Financial Statements of that subsidiary will be properly adjusted before being used for the preparation of the Consolidated Financial Statements.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

Intra-group balances in the Balance Sheet and intra-group transactions and unrealized profits resulting from these transactions must be completely eliminated. Unrealized losses resulting from intra-group transactions are also eliminated unless costs cannot be recovered.

Non-controlling interests (NCI) reflect profit or loss and net assets of the subsidiary, which are not held by the Group and presented in a separate item of the Consolidated Interim Income Statement and the Consolidated Balance Sheet (classified under owner's equity). Non-controlling interests (NCI) include the values of their non-controlling interests at the initial date of business combination and those arising within the ranges of changes in owner's equity from the date of business combination. Losses incurred by subsidiary are allocated to non-controlling interests in proportion to their ownership interests, even if such losses exceed the non-controlling interests' share of the net assets of the subsidiary.

3. Foreign currency transactions

Transactions denominated in foreign currencies are converted at the exchange rate ruling as of the transaction dates. The ending balances of monetary items in foreign currencies are converted at the actual exchange rates ruling as of the balance sheet date.

Foreign exchange differences arising from foreign currency transactions during the year shall be included into financial income or financial expenses. Foreign exchange differences arising from the revaluation of foreign currency-denominated monetary items at the end of the accounting period, after netting out increases and decreases, shall be included into financial income or financial expenses.

The exchange rate used to convert foreign currency transactions is the actual exchange rate ruling as at the time of these transactions. The actual exchange rates applied to foreign currency transactions are as follows:

- For the foreign currency trading contract (including spot contract, forward contract, future contract, option contract, currency swap): the exchange rate agreed upon in the contracts of trading foreign currency between the Group and the Bank.
- For receivables: the buying rate of foreign currency ruling as at the time of transaction of the commercial bank where the Group designates the customers to make payments.
- For payables: the selling rate of foreign currency ruling as at the time of transaction of the commercial bank where the Group intends to make payments.
- For acquisition of assets or immediate payments in foreign currency (not included into payable accounts): the buying rate of the commercial bank where the Group makes payments.

The exchange rate used to re-evaluate ending balances of monetary items in foreign currencies is determined in accordance with following principles:

- For foreign currency deposits: the buying rate of HDBank, where the Group opens its foreign currency account.
- For monetary items denominated in foreign currency classified as other assets: the buying rate of HDBank, where the Group regularly conducts transactions.
- For monetary items denominated in foreign currency classified as liabilities: the selling rate of HDBank, where the Group regularly conducts transactions.

4. Cash and cash equivalents

Cash includes cash on hand and cash in bank. Cash equivalents are short-term investments with a maturity of three months or less from the date of investment, which can be readily converted into a known amount of cash and are not subject to significant risks in conversion to cash at the reporting date.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

5. Financial investments

Held-to-maturity investments

An investment is classified as a held-to-maturity investment when the Group has the intention and ability to hold it to maturity. The Group's held-to-maturity investments include time deposits and bonds held to maturity for the purpose of collecting periodic interest.

Held-to-maturity investments are initially recognized at costs. After initial recognition, these investments are recorded at recoverable value. Interest income from these held-to-maturity investments after acquisition date is recognized in the Income Statement on an accrual basis. Interest incurred prior to the Group's acquisition of held-to-maturity investments is deducted into the costs at the acquisition time.

When there is reliable evidence proving that a part or the whole investment cannot be recovered and the loss is reliably measured, the loss is recognized as financial expenses during the year and directly deducted into the investment costs.

Investments in equity instruments of other entities

Investments in equity instruments of other entities comprise investments in equity instruments over which the Group does not have control, joint control or significant influence over the investees.

Investments in equity instruments of other entities are initially recognized at costs, including cost of acquisition or capital contributions plus other directly attributable transaction costs incurred in connection with the investment. Dividends and profit incurred prior to the acquisition of investments are deducted into investment costs. Dividends and profit incurred after the acquisition of investments are recorded into the Group's financial income. The dividends received in the form of shares are accounted for by tracking only the increase in the number of shares held, with no recognition of the value of the shares received.

Provisions for investments in equity instruments of other entities are made as follows:

- For investments in listed shares or investments whose fair value can be reliably determined, the allowance is based on the market value of the shares.
- For investments for which fair value cannot be reliably determined at the reporting date, an impairment provision is recognized based on the losses incurred by the investee, with the provision amount determined as the difference between the total actual capital contributions of all investors in the investee and the investee's actual equity, multiplied by the Company's rate of capital contribution over the total actual capital invested by investors in these investees.

Any increase or decrease in the impairment provision for investments in equity instruments of other entities required to be recognized as of the balance sheet date is recorded into financial expenses.

6. Receivables

Receivables are recognized at the carrying amounts less allowances for doubtful debts.

The classification of receivables as trade receivables and other receivables is made according to the following principles:

- Trade receivables reflect receivables concerning the commercial nature arising from purchase and sale transactions between the Group and customers who are independent to the Group.
- Other receivables reflect receivables not concerning the commercial nature and irrelevant to purchase and sale transactions.

Allowance is made for each doubtful debt on the basis of the estimated loss.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

Increases/decreases in the obligatory allowance for doubtful debts as of the balance sheet date are recorded into general and administration expenses.

7. Inventories

Inventories are recognized at the lower of costs or net realizable value.

The Group's inventories are the costs incurred for service performance relevant to contracts on supplying equipment and materials for petroleum projects, equipment for the aviation industry, petrol depots and ongoing telecommunications equipment supply projects, including costs of main materials, labor and other directly relevant costs.

Net realizable value is the estimated revenue of each contract less the estimated costs for service completion.

Allowance for devaluation of inventories is recognized for each type of inventories when their costs are higher than their net realizable values. Increases/decreases in the obligatory allowance for devaluation of inventories as of the balance sheet date are recorded into costs of sales.

8. Prepaid expenses

Prepaid expenses comprise actual expenses incurred and relevant to financial performance in several fiscal years. Prepaid expenses of the Group mainly include expenses of tools, expenses for repair and maintenance of leased buildings and offices and other expenses serving business operations. These prepaid expenses are allocated into costs over the prepayment period or period in which corresponding benefits are realized.

Expenses of tools

The expenses of tools being put into use are allocated into costs in accordance with the straight-line method for the maximum period of 3 years.

Repair and maintenance expenses

The repair and maintenance expenses reflect the expenses for repairing and maintaining the leased buildings and offices and are allocated into costs over the lease term specified in the contract.

9. Operating leased assets

A lease is classified as an operating lease if it transfers substantially all the risks and rewards incident to ownership belonging to the lessor. The lease expenses are allocated in the Group's operation costs in accordance with the straight-line method over the lease term and do not depend on the method of lease payment.

10. Tangible fixed assets

Tangible fixed assets are presented at historical costs less accumulated depreciation. Historical costs of tangible fixed assets comprise all costs incurred by the Group to acquire the assets up to the time when it is brought to its working condition for its intended use. Subsequent costs are added to historical costs of fixed assets only if it is probable that future economic benefits associated with the asset will flow to the Group. Subsequent costs that do not meet the above conditions will be recognized as operation costs during the year.

Upon disposal or liquidation of a tangible fixed asset, its historical cost and accumulated depreciation are derecognized, then any gain or loss resulting from such disposal is included in the income or the expenses during the year.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

Tangible fixed assets are depreciated in accordance with the straight-line method over their estimated useful lives. The depreciation years applied are as follows:

<u>Fixed assets</u>	<u>Years</u>
Buildings and structures	5–46
Machinery and equipment	3–5
Vehicles	4–10
Office equipment	3–5

11. Intangible fixed assets

Intangible fixed assets are presented at initial costs less accumulated amortization.

The Group's intangible fixed assets consist of computer software. Expenses attributable to computer software, which is not a part associated with the relevant hardware, will be capitalized. Costs of computer software include all the expenses paid by the Group until the date the software is put into use. The computer software is amortized in accordance with the straight-line method in 3 years.

Upon disposal or liquidation of an intangible fixed asset, its initial costs and accumulated amortization are derecognized, then any gain or loss resulting from such disposal is included in the income or the expenses during the year.

12. Business combinations and goodwill

The business combination is accounted by applying acquisition method. The costs of business combination include the fair values as at the acquisition date of the exchanged assets, the incurred or assumed liabilities as well as the equity instruments issued by the Group in exchange for control of the acquiree, plus any cost directly attributable to the business combination. Identifiable assets acquired, liabilities assumed, and contingent liabilities arising from a business combination are recognized at their fair values on the date control is obtained.

For business combinations achieved in stages, the cost of the business combination is determined as the aggregate of the consideration transferred at the date control is obtained and the fair value, at that date, of the Group's previously held equity interest in the subsidiary. The difference between the remeasured fair value and the costs of the investment is recognized in profit or loss if, prior to obtaining control, the Company did not have significant influence over the subsidiary and the investment was accounted for at cost. If, prior to the date of obtaining control, the Group had significant influence and the investment was accounted for using the equity method, the difference between the revalued amount and the value of the investment under the equity method is recognized in profit or loss. The difference between the value of the investment under the equity method and the cost of the investment is recognized directly in "Retained earnings" on the Consolidated Balance Sheet.

Goodwill is recognized as the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed, and contingent liabilities recognized at the date control is obtained. If the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed, and contingent liabilities recognized at the date control is obtained exceeds the cost of the business combination, the resulting difference is recognized immediately in profit or loss.

The non-controlling interests (NCI) at the date of the business combination are initially measured on the basis of the proportion of non-controlling shareholders in the fair value of the assets, liabilities, and contingent liabilities recognized.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

13. Payables and accrued expenses

Payables and accrued expenses are recorded for the amounts payable in the future associated with the goods and services received. Accrued expenses are recorded based on reasonable estimates for the amounts payable.

The classification of payables as trade payables, accrued expenses and other payables is made on the basis of following principles:

- Trade payables reflect payables of commercial nature arising from the purchase of goods, services, or assets, of which the seller is an independent entity with the Group.
- Accrued expenses reflect expenses for goods, services received from suppliers or supplied to customers but have not been paid, invoiced or lack of accounting records and supporting documents; pay on leave payable to employees; and accrual of operation expenses.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of goods or provisions of services.

The payables and accrued expenses are classified as short-term and long-term items in the Consolidated Balance Sheet on the basis of their remaining term as of the balance sheet date.

14. Owner's capital

The owner's capital is recorded according to the actual amounts invested by shareholders of the Parent Company.

15. Recognition of revenue and income

Revenue from sales of merchandise

Revenue from sales of merchandise, finished goods shall be recognized when all of the following conditions are satisfied:

- The Group transfers most of risks and benefits incident to the ownership of products or merchandise to customers.
- The Group retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the merchandise sold.
- The amount of revenue can be measured reliably. When the contracts stipulate that buyers have the right to return products, merchandise purchased under specific conditions, revenue is recorded only when those specific conditions no longer exist and buyers retain no right to return products, merchandise (except for the case that such returns are in exchange for other goods or services).
- The Group received or shall probably receive the economic benefits associated with sale transactions.
- The cost incurred or to be incurred in respect of the sale transaction can be measured reliably.

Revenue from provisions of services

Sales of service provision shall be recognized when all of the following conditions are satisfied:

- The amount of revenue can be measured reliably. When the contract stipulates that the buyer is entitled to return the services provided under specific conditions, revenue is recognized only when these specific conditions no longer exist and the buyers retain no right to return the services provided.
- The Group received or shall probably receive the economic benefits associated with the provision of services.
- The stage of completion of the transaction at the end of reporting period can be measured reliably.
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

In the case that the services are provided in several accounting periods, the determination of revenue is done on the basis of the volume of work done as of the balance sheet date.

Revenue from operating lease

Revenue from operating lease is recognized in accordance with the straight-line method during the lease term. Rentals received in advance for several periods are allocated to revenues in consistence with the lease term.

Interest

Interest is recorded, based on the term and the actual interest rate applied in each particular period.

Dividends and profit received

Dividends and profit received are recognized when the Group has the right to receive dividends or profit from the capital contribution. The dividends received in the form of shares are accounted for by tracking only the increase in the number of shares held, with no recognition of the value of the shares received.

16. Revenue deductions

Revenue deductions of the Group include sales returns incurred in the same period of providing products, merchandise, services, in which revenues are derecognized.

In case of products, merchandise, services provided in the previous years but sales returns incurred in the current year, revenues are derecognized as follows:

- If sales returns incur prior to the release of the Consolidated Financial Statements, revenues are derecognized on the Consolidated Financial Statements of the current year.
- If sales returns incur after the release of the Consolidated Financial Statements, revenues are derecognized on the Consolidated Financial Statements of the following year.

17. Expenses

Expenses are those that result in outflows of the economic benefits and are recorded at the time of transactions or when incurrence of the transaction is reliable regardless of whether payment for expenses is made or not.

Expenses and their corresponding revenues are simultaneously recognized in accordance with matching principle. In the event that matching principle conflicts with prudence principle, expenses are recognized based on the nature and regulations of accounting standards in order to guarantee that transactions can be fairly and truly reflected.

18. Corporate income tax

Corporate income tax includes current income tax and deferred income tax.

Current income tax

Current income tax is the tax amount computed based on the assessable income. The assessable income is different from accounting profit due to the adjustments of temporary differences between tax and accounting figures, non-deductible expenses as well as those of non-taxable income and losses brought forward.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

Deferred income tax

Deferred income tax is the amount of corporate income tax payable or refundable due to temporary differences between book values of assets and liabilities serving the preparation of the Financial Statements and the values for tax purposes. Deferred income tax liabilities are recognized for all the temporary taxable differences. Deferred income tax assets are recorded only when there is an assurance on the availability of assessable income in the future against which the temporarily deductible differences can be used.

Carrying values of deferred corporate income tax assets are considered as of the balance sheet date and will be reduced to the rate that ensures enough assessable income against which the benefits from part of or all of the deferred income tax can be used. Deferred corporate income tax assets, which have not been recorded before, are considered as of the balance sheet date and are recorded when there is certainly enough assessable income to use these unrecognized deferred corporate income tax assets.

Deferred income tax assets and deferred income tax liabilities are determined at the estimated rate to be applied in the year when the assets are recovered or the liabilities are settled based on the effective tax rates as of the balance sheet date. Deferred income tax is recognized in the Income Statement. In the case that deferred income tax is related to the items of the owner's equity, corporate income tax will be included in the owner's equity.

The Group shall offset deferred tax assets and deferred tax liabilities if:

- The Group has the legal right to offset current income tax assets against current income tax liabilities; and
- Deferred income tax assets and deferred income tax liabilities are relevant to corporate income tax which is under the management of one tax authority either:
 - Of the same subject to corporate income tax; or
 - The Group has intention to pay current income tax liabilities and current income tax assets on a net basis or recover tax assets and settle tax liability simultaneously in each future period to the extent that the majority of deferred income tax liabilities or deferred income tax assets are paid or recovered.

19. Related parties

A party is considered a related party of the Group in case that party is able to control the Group or to cause material effects on the financial decisions as well as the operations of the Group. A party is also considered a related party of the Group in case that party is under the same control or is subject to the same material effects.

Considering the relationship of related parties, the nature of relationship is focused more than its legal form.

20. Segment reporting

A business segment is a distinguishable component that is engaged in manufacturing or providing products or services and that is subject to risks and returns that are different from those of other business segments.

A geographical segment is a distinguishable component that is engaged in manufacturing or providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

The segment information is prepared and presented in conformity with the accounting policies applicable to the preparation and presentation of the Consolidated Financial Statements of the Group.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

21. Financial instruments

Financial assets

The classification of financial assets depends on their nature and purposes and is determined at the date of initial recognition. The financial assets of the Group include cash and cash equivalents, trade receivables, other receivables and financial investments (excluding the investments in subsidiary).

At the date of initial recognition, financial assets are recognized at cost plus other costs directly related to those financial assets.

Financial liabilities

The classification of financial liabilities depends on their nature and purposes and is determined at the date of initial recognition. The financial liabilities of the Group include trade payables, other payables, and accrued expenses.

At the date of initial recognition, financial liabilities are recorded at cost less other costs directly related to those financial liabilities.

Equity instrument

Equity instrument is the contract which can prove the remaining benefits in the assets of the Group after deducting all of its liabilities.

Offsetting financial instruments

Financial assets and financial liabilities will be offset against each other and reflected at their net values in the Consolidated Balance Sheet when, and only when, the Group:

- has a legal right to offset the recognized amounts; and
- has intention either to settle on a net basis, or to recognize the asset and to settle the liability simultaneously.

V. ADDITIONAL INFORMATION ON THE ITEMS PRESENTED IN THE CONSOLIDATED BALANCE SHEET

1. Cash and cash equivalents

	Ending balance	Beginning balance
Cash on hand	496,421,801	289,068,235

Total	32,473,342,880	19,193,161,519

12b. Long-term trade payables

These are the payables to PetroVietnam Oil Corporation (a related party).

On 15 October 2012, the Parent Company signed the Contract No. 378/PVOIL.TCKT.PETECHIM/06-12/B with PetroVietnam Oil Corporation regarding the transfer of attached-to-land assets, i.e. the entire 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City to the Parent Company. The total contract value is VND 50,238,731,400, including land use fee, 2% of building maintenance fee and VAT. This debt is on deferred payment within 15 years (the parties will consider the deferred payment period after 5 years from the date of signing the contract). The principal will be paid by an average fixed amount every half year over the years of the contract and payment of interest on deferred payment every half year. The interest on deferred payment is calculated based on the principal balance gradually decreasing over the year at 6-month deposit interest rate, which is paid on due date, released by Vietcombank on the last day of the interest calculation period. The principal used to calculate interest on deferred payment is equal to 95% of contract value while the remaining 5% will be included into principal for charging interest if PetroVietnam Oil Corporation makes payment to Petro Capital and Infrastructure Investment Joint Stock Company.

The repayment schedule is as follows:

Value added tax (VAT)

The Group has paid VAT in accordance with the deduction method. The VAT rates applied are as follows:

- International freight service	:	0%
- Sales of goods and other services	:	10%

In 2025, the Group is applied the VAT rate of 8% to some merchandise and services in accordance with the Decrees No. 180/2024/NĐ-CP dated 31 December 2024 and No. 174/2025/NĐ-CP dated 30 June 2025 of the Government guiding the Resolutions No. 174/2024/QH15 dated 30 November 2024 and No. 204/2025/QH15 dated 17 June 2025 of the National Assembly. The tax rate of 8% is applied to merchandise and services that meet the prescribed conditions and are not included in the exclusion categories listed in the appendices to the aforementioned decrees.

Corporate income tax

The Group is responsible for paying corporate income tax at the rate of 20% on assessable income.

PETROLEUM TRADING JOINT STOCK COMPANYAddress: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City**CONSOLIDATED FINANCIAL STATEMENTS**

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

Details of corporate income tax payable are as follows:

	<u>Current year</u>	<u>Previous year</u>
Petroleum Trading Joint Stock Company	-	-
Petroleum Information Technology Telecom and Automation Joint Stock Company	1,005,621,098	1,067,690,637
Total	1,005,621,098	1,067,690,637

Determination of corporate income tax liability of the Group companies is based on currently applicable regulations on tax. Nonetheless, these tax regulations may change from time to time and tax regulations applicable to variety of transactions can be interpreted differently. Hence, the tax amounts presented in the Consolidated Financial Statements can be changed upon the inspection of tax authorities.

The Group's taxable losses brought forward to offset against the taxable income of the following years are as follows:

2021	351,473,849
2022	2,190,922,024
2023	4,396,946,364
2024	2,387,202,686
2025	4,587,693,965
Total	13,914,238,888

The Group has not recognized deferred income tax assets for the taxable losses which are brought forward to offset against the taxable income of the following years because the business operation is evaluated to be adversely affected by the economic recession.

Other taxes

The Group has declared and paid these taxes in line with the prevailing regulations.

15. Short-term accrued expenses

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

1b. List of other related parties

Other related parties of the Group include:

Related party	Relationship
PetroVietnam Oil Corporation	Shareholder holding 29% of charter capital
Trang An Investment and Construction Joint Stock Company	Shareholder holding 23.1% of charter capital

1c. Transactions and balances with other related parties

Transactions with other related parties

The Group only incurred interest on deferred payment to PetroVietnam Oil Corporation for an amount of VND 325,581,832 (previous year: VND 480,085,667).

Receivables from and payables to other related parties

The receivables from and payables to other related parties are presented in Notes No. V.12a, V.12b and V.16a.

The receivables from other related parties are unsecured and will be paid in cash. There are no allowances for doubtful debts made for the receivables from other related parties.

2. Segment information

The Group only operates in one business segment which is trading goods and services for petroleum works and provision of aviation equipment in Vietnam. Accordingly, the General Director has assessed and believed that non-preparation and non-presentation of segment report in the Consolidated Financial Statements for the fiscal year ended 31 December 2025 is in compliance with the Vietnamese Accounting Standard No. 28 – “Segment reporting” and the business operation of the Group.

3. Financial risk management

The Group is exposed to the following financial risks: credit risk, liquidity risk and market risk. The General Director is responsible for setting policies and controls to minimize financial risks as well as to monitor the implementation of such policies and controls.

3a. Credit risk

Credit risk is the risk that one contractual party will cause a financial loss for the Group by its failure to pay for its obligations.

Credit risk of the Group mainly arises from its trade receivables and cash in bank.

Cash in bank

The Group's term deposits and demand deposits are in the well-known banks in Vietnam; therefore, the credit risk level arising from cash in bank is low.

Trade receivables

The Group reduces its credit risks by entering into transactions only with the entities which are assessed to have good financial positions and by asking the new customers, who deal with the Group for the first time or of whom the information on financial position has not been obtained, to provide collateral. Additionally, the accountants always follow up the receivables and speed up for the recoveries.

PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11th Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

Trade receivables of the Group are related to various entities and individuals; therefore, the credit risk exposed from trade receivables is low.

The maximum credit risk level on financial assets is their carrying values (see Note No. VII.4 regarding carrying values of financial assets).

Analysis of overdue age and devaluation of financial assets is as follows:

	Not yet overdue or devaluated	Already overdue and/ (or) devaluated	Total

Total	187,915,134,426	59,541,930,634	247,457,065,060

3b. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities.

The Group's liquidity risks mainly arise from the differences in maturity dates of financial assets and financial liabilities.

The Group controls liquidity risk by regularly following up the current payment requests as well as estimated payment requests in the future to supervise the cash flows actually arisen in comparison with estimation to minimize the effects of the changes in cash flows to the Group.

The terms of payments to non-derivative financial liabilities (excluding interest payable) are based on the undiscounted payments supposed to make according to the contracts as follows:

	1 year and less	More than 1 year to 5 years	Total
Ending balance			
Trade payables	32,473,342,880	809,669,900	33,283,012,780
Borrowing	350,000,000,000	-	350,000,000,000
Other payables	10,806,825,142	-	10,806,825,142
Total	393,280,168,022	809,669,900	394,089,837,922
Beginning balance			
Trade payables	19,193,161,519	6,606,446,600	25,799,608,119
Borrowing	18,222,137,863	-	18,222,137,863
Other payables	39,133,063,941	-	39,133,063,941
Total	76,548,363,323	6,606,446,600	83,154,809,923

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2025

Notes to the Consolidated Financial Statements (cont.)

The General Director believes that the risk level associated with payments to financial liabilities is low. The Group has sufficient capacity to settle all financial obligations when they are due from its operating cash flows and from the amounts receivable from mature financial assets.

3c. *Market risk*

Market risk is the risk that the fair value or cash flows in the future of a financial instrument will fluctuate due to changes in market prices.

Market risks exposed to the operations of the Group include foreign currency risk and merchandise price risk.

The sensitivity analyses and evaluations below are related to the Group's financial position as of 31 December 2025 and 31 December 2024 on the basis of net debt value. The changes of interest rate and merchandise price for analyses are assumed on the basis of the judgments of what can be happen in the next 1 year in the observable conditions of the current market.

Foreign currency risk

Foreign currency risk is the risk that the fair value or cash flows of a financial instrument will fluctuate due to changes in exchange rates.

The Group has some transactions in foreign currencies with the main currency units of USD and EUR; therefore, it has been affected by the fluctuations in exchange rates.

The Group controls the risk relating to the fluctuations in foreign exchange rate by optimizing the payment terms of debts, forecasting foreign exchange rates, choosing the time of purchase and payment in foreign currencies when the foreign exchange rates are low, optimally using the available money to balance the foreign exchange risk and liquidity risk.

The Group's USD denominated net liabilities are as follows:

	Ending balance	Beginning balance
Cash and cash equivalents	6,646.18	3,873.88
Trade payables	-	(5,618.06)
USD denominated net liabilities	6,646.18	(1,744.18)

The Group's EUR denominated net assets are as follows:

	Ending balance	Beginning balance
Cash and cash equivalents	3,232.03	3,232.03
EUR denominated net assets	3,232.03	3,232.03

The General Director believes that the effects due to fluctuations in exchange rates on profit after tax and owner's equity of the Group are unremarkable.

Merchandise price risk

The Group is exposed to the risk related to fluctuations in merchandise prices. The Group manages the merchandise price risk by following up the market information and related situations to control the time for purchasing merchandises and keeping the volumes of inventories at reasonable level.

The Group has not used derivatives to hedge against merchandise price risk.
