**REGULATIONS FOR SUPPLEMENTARY ELECTIONS MEMBERS OF
THE SUPERVISORY BOARD FOR THE TERM 2025-2030
OF CAM RANH PORT JOINT STOCK COMPANY**

Based on the Enterprise Law No. 59/2020/QH14;

amending, supplementing, and guiding the implementation of the Securities Law;
Ranh Port Joint Stock Company;*

*Based on the Internal Regulations on Corporate Governance of Cam Ranh
Port Joint Stock Company;*

*Based on the Proposal regarding the election of additional members to the
Supervisory Board for the 2025-2030 term, which was approved by the General
Meeting of Shareholders.*

The 2026 Annual General Meeting of Shareholders of Cam Ranh Port Joint Stock Company approved the Regulations on the supplementary election of members of the Supervisory Board for the 2025-2030 term as follows:

Article 1. Purpose, target group, and member of by-elections

1. Purpose: To strengthen the company's control system for the remainder of the 2025-2030 term.

2. Eligible candidates: Candidates whose names are on the list of candidates for the by-election of Supervisory Board members, as approved by the General Meeting of Shareholders (GMS).

3. Number of supplemental votes: 01 (one) member of the Supervisory Board.

Article 2. Principles of Election

1. The election of members of the Board of Directors and the Supervisory Board shall be conducted in accordance with the principles of democracy, openness, and transparency, ensuring compliance with the provisions of the Enterprise Law, the Company Charter, and this Regulation.

2. Voting rights: Each shareholder (or authorized representative) has a total number of votes corresponding to the total number of shares owned/represented multiplied by the number of members to be elected (01 person).

- Because the number of votes is 01, the total number of votes cast by shareholders is exactly equal to the number of shares they own/represent.

3. Voting procedures and validity of votes:

- Shareholders have the right to cast all of their votes for 01 candidate on the list.

- This occurs when a shareholder uses fewer than the total number of voting rights they have to vote for a candidate. Then that ballot will still be considered valid. The vote counting committee will record the actual number of votes that shareholders cast on their ballots for that candidate.

Article 3. Ballots and Validity

1. Ballots: Issued by the Company, bearing the Company's seal (or the seal of the Ballot Counting Committee).

2. Regarding how to fill out the form

If shareholders agree to vote for a candidate, they can check the "Cumulative Vote" box (equivalent to 100% of the voting rights) or enter a specific number in the "Number of Votes" box (if they wish to vote less than 100%).

Note:

- If you both mark and number the items, the result will be based on the numbered quantity.

- In case of an incorrect selection or the emergence of a new candidate, delegates have the right to contact the Ballot Counting Committee to exchange their ballot for a new one and return the old ballot before placing it in the ballot box.

3. Valid ballot:

- These are ballots issued by the Ballot Counting Committee, conforming to the prescribed format.

- The total number of votes cast for a candidate must be less than or equal to the total number of shareholder votes recorded on the ballot.

- The form must not be altered, torn, or have any personal markings.

4. Invalid ballot:

- The ballots were not issued by the Ballot Counting Committee.

- The ballot indicated that the number of votes cast for a candidate exceeded the total number of votes the shareholders had.

- The ballot included the names of individuals not on the list of candidates that had been approved by the Meeting.

Article 4. Vote Counting Committee

1. The Vote Counting Committee is elected by the Meeting upon the recommendation of the Presidium. Members of the Vote Counting Committee may not be individuals whose names are on the list of nominees/candidates for the Supervisory Board.

2. The Vote Counting Committee is responsible for: inspecting ballot boxes, distributing ballots, conducting vote counting, and preparing a report on the vote counting results to be presented to the Meeting.

Article 5. Principles of Election

1. The winner is the candidate with the highest number of votes, ranked from highest to lowest.

2. The winning candidate must receive at least **51%** of the total votes cast by shareholders present at the meeting who are entitled to vote (as stipulated in the Company's Articles of Association).

3. If the sole candidate fails to meet the required percentage of votes, the Meeting will discuss and nominate an additional candidate or hold a re-election as decided by the Presidium.

Article 6. Announcement of results

1. The vote count results are documented and announced directly by the Head of the Vote Counting Committee to the Meeting.

2. The election results will be recorded in the Minutes of the Meeting and the Resolution of the 2026 Annual General Meeting of Shareholders.

Article 7. Effective Date

1. This regulation was approved by the General Meeting of Shareholders of Cam Ranh Port Joint Stock Company at its annual meeting on April 22, 2026, and takes effect from the date of approval.

2. During the implementation process, if any difficulties arise, the Presidium will make decisions based on reference to current legal regulations and the Company's Charter.

**REPORT OF THE SUPERVISORY BOARD
REGARDING THE MONITORING OF BUSINESS OPERATIONS AND THE
SUPERVISION OF THE BOARD OF DIRECTORS AND THE GENERAL
DIRECTOR OF CAM RANH PORT JOINT STOCK COMPANY IN 2025**

To: Annual General Meeting of Shareholders 2026
of Cam Ranh Port Joint Stock Company

On behalf of the Supervisory Board, I would like to report to the Annual General Meeting of Shareholders 2026 on the results of the Supervisory Board's monitoring of the Company's business operations, the Board of Directors, and the General Director in 2025 of Cam Ranh Port Joint Stock Company. as follows:

**I. EVALUATION OF MONITORING RESULTS ON THE
IMPLEMENTATION OF PRODUCTION AND BUSINESS
PERFORMANCE, IMPLEMENTATION OF AGM RESOLUTIONS, AND
PREPARATION OF THE COMPANY'S 2025 FINANCIAL
STATEMENTS:**

1. Assessing the business performance:

The Supervisory Board has overseen the organization of business operations and the company's performance in 2025, and has unanimously reached the following assessment:

1.1 Implement the business plan.

No.	Target	Unit	Plan 2025	2025 (Financial Statements)	% Compare	
					2024	Plan 2025
I	Consolidation					
1	Cargo Throughput	Ton	2,650,000	4,220,097	174.67%	159.25%
2	Revenue	Million VND	198,000	261,188	145.76%	131.91%
3	Profit before tax	Million VND	23,500	36,390	171.42%	154.85%
II	Parent company					
4	Revenue	Million VND	189,000	254,008	147.73%	134.40%
5	Profit before tax	Million VND	22,500	35,506	173.42%	157.80%

- Regarding volume: The volume of goods handled has recorded a dramatic increase, reaching 4.22 million tons/year. The strongest growth was in the domestic goods group, with construction stone reaching over 2.35 million tons (a

214.8% increase); cement, concrete components, and steel also recorded impressive growth rates of over 100%. For the import-export group, wood chips continued to maintain stability at over 861,326 tons, while stone exports and imports decreased slightly as customers prioritized resources for the domestic market.

- Regarding revenue:

+ Consolidated revenue in 2025 was VND 261.2 billion, an increase of 45.8% compared to the same period last year and reaching 131.9% of the planned target. Net revenue from sales and services was VND 258.57 billion, reaching 145.7% compared to the same period last year.

+ The parent company's revenue in 2025 is VND 254.01 billion, an increase of 47.7% compared to the previous year and reaching 134.4% of the planned target. Net revenue from sales and services is VND 251.12 billion, reaching 147.3% compared to the same period last year. Of this, revenue from loading, unloading, and warehousing is VND 150.95 billion, accounting for 70.2% of revenue from sales and services, an increase of 99.8% compared to the same period in 2024. Reason: In 2025, the structure of goods passing through the port has clearly shifted towards increasing the proportion of domestic goods and decreasing the proportion of export goods, with higher loading and unloading unit prices and maximum utilization of warehouse space, resulting in higher revenue from loading, unloading, and warehousing. Financial income reached VND 2.85 billion, achieving 193.9% compared to the same period last year, mainly due to a 36.9% increase in dividends and distributed profits, and a 240.3% increase in bank interest compared to the same period.

- Regarding profits:

+ Consolidated pre-tax profit reached VND 36.39 billion, an increase of 71.42% compared to 2024 and exceeding the 2025 plan by 54.85%.

+ The parent company's pre-tax profit reached VND 35,506 billion, an increase of 73.4% compared to 2024 and exceeding the 2025 plan by 57.81%.

* Investing in subsidiaries and affiliated companies

As of December 31, 2025, Cam Ranh Port has invested capital in two companies (one subsidiary and one associate company). Specifically: Cam Ranh Port Marine Services Joint Stock Company holds 51% (VND 3,569.79 million) and Cam Ranh Urban Joint Stock Company holds 6.5% (VND 2,340 million).

Based on the reports from the Supervisory Board and the Supervisory Board appointed at Cam Ranh Port Marine Services Joint Stock Company and Cam Ranh Urban Joint Stock Company, the business results for 2025 of the two companies mentioned above show profits of VND 979 million and VND 25,067 million respectively. The expected dividend distribution to be recorded in 2026 is: CMS VND 357 million (equivalent to 10%), and Urban Development VND 1,156 million (equivalent to 34.25%).

Comment: In 2025, investments in Cam Ranh Port Marine Services Joint Stock Company and Cam Ranh Urban Joint Stock Company will continue to be preserved and effective, and the invested entities will continue to thrive. Both companies reported profitable business results and are expected to pay dividends. However, the 2025 financial statements of Cam Ranh Port Marine Services Joint Stock Company still contain some recommendations from the independent auditor that have not been fully implemented. The Supervisory Board requests the Board of Directors to instruct the representative of the capital stake in the company to continue coordinating the review and rectification of the remaining issues in order to mitigate risks related to documentation and ensure the rigor of financial and accounting work.

- Contributing capital to a business in the form of a business cooperation contract.

In 2018, Cam Ranh Port signed a business cooperation contract with Quang Hung Maritime Joint Stock Company for the operation of Gottwald cranes and invested 7,000 million VND in cranes. The results achieved for the investment and operation of Gottwald cranes in 2025 show total revenue of 18,214 million VND, with the Port receiving 9,776 million VND in revenue. After deducting expenses, the net profit is 7,708 million VND.

Comment: As of December 31, 2025, the investment cooperation between Gottwald Crane and Quang Hung Maritime Joint Stock Company continues to yield results. The cumulative amount the company has received from this cooperation has exceeded the initial capital contribution, thus demonstrating that the investment capital has been fundamentally preserved and developed.

In 2023, Cam Ranh Port signed a business cooperation contract for investment in the Ba Ngòi upstream fuel storage and aviation fuel project with PetroVietnam Oil Corporation (PVOIL) for the amount of VND 17,000 million. In 2024, the project was completed. The investment plan was approved by the Provincial People's Committee. However, the Provincial People's Committee is requesting the Company and PVOIL to cooperate in adjusting the investment certificate. The project was divided into two parts (land reclamation and construction of an oil and gas storage facility). After completing the necessary documents and procedures, on March 18, 2026, the People's Committee of Khanh

Hoa province issued Decision No. 886/QĐ - UBND on leasing land and assigning the sea area to Cam Ranh Port for land reclamation to build an oil and gas storage facility. Currently, the company is implementing the investment procedures for the land reclamation project.

The Supervisory Board noted that in 2025, the Board of Directors and the General Director had fundamentally coordinated with the Supervisory Board in carrying out their assigned functions and tasks, creating conditions for the Supervisory Board to access information and documents and participate in providing opinions on many issues related to corporate governance, financial management, and internal control. This coordination contributed to mitigating some risks and errors during the implementation process.

However, the provision of information and documents at certain times has not been truly complete or timely; some content needs further review to ensure greater accuracy in terms of legal basis, internal basis, and accounting basis. III. RECOMMENDATIONS OF THE SUPERVISORY BOARD:

The Supervisory Board has several recommendations for the Board of Directors and the Board of Management as follows:

1. Regarding management, operation, and coordination of information provision.

The company needs to continue reviewing and improving its internal regulations system to ensure consistent issuance throughout the year, avoiding concentration in the final months, thereby enhancing practical application. Simultaneously, it should strengthen monitoring, supervision, and timely updating of the results of implementing resolutions and operational directives, ensuring that information reflects fully and clearly the level of completion of each item; for tasks that are still pending or incomplete, the causes and responsibilities of relevant departments and individuals should be clearly identified to improve the effectiveness of implementation.

- We propose that the Board of Directors continue to ensure that meeting notices, meeting materials, opinion polls, and related documents are sent to all members of the Supervisory Board; and that the contact points, procedures, and methods of sending and receiving information are standardized to ensure that the Supervisory Board's right to access information and its supervisory rights are fully, promptly, and consistently exercised.

2. Regarding monitoring the sustainability of business performance and risk management.

- We request that the company continue to monitor and evaluate the sustainability of its growth results, especially in controlling costs in accordance with established internal regulations, balancing resources, and maintaining operational efficiency in the coming years. At the same time, it is necessary to strengthen market forecasting, diversify the customer base and product lines, and improve risk management capabilities to proactively respond to adverse fluctuations and ensure stable development in the medium and long term.

payroll management, salary payments have specific characteristics, and overtime pay is also a matter of concern.

is requested to continue improving its salary management practices by more closely linking them to productivity, work efficiency, and compliance with established internal regulations. Regarding certain salary expenditures of a specific nature, including payments under Labor Contract No. T06-2025 /HDL

- CCR and overtime payments in 2025, the Board of Directors and the Board of Management are requested to direct a thorough review and clarification of the basis for job positions, salary payment mechanisms, payment methods, basis for determining payment levels, basis for using the salary fund, and corresponding accounting basis. If the review determines that any content lacks sufficient basis or requires further refinement, appropriate action should be taken in accordance with regulations, and the results should be reported to the Supervisory Board for monitoring and supervision.

Based on that, the Supervisory Board recommends that the Company continue to review salary payments to ensure full compliance with the Salary Regulations and to mitigate potential legal and tax risks.

4. Regarding the recommendations of the independent auditor at Cam Ranh Port Marine Services Joint Stock Company (CMS)

2025 financial statements of Cam Ranh Port Marine Services Joint Stock Company, some recommendations from the independent auditor have not been fully implemented. Although these issues do not materially affect the audit opinion, they still need to be reviewed and addressed to mitigate risks related to documentation and the likelihood of acceptance by competent authorities during inspections, audits, or tax settlements.

We propose that the Company's Board of Directors instruct the representative of the capital stake in CMS to coordinate the development of a specific plan for reviewing and addressing each issue recommended by the audit; clearly defining the implementation measures, the responsible party, the completion deadline, and the mechanism for monitoring results. If, after the review, any issues arise requiring further documentation or adjustments to the recording and processing of data, the unit is requested to propose appropriate solutions in accordance with regulations.

5. Regarding expenses related to supporting VIMC's event organization in 2025

Company is requested to continue reviewing and fully separating the records, documents, work content, beneficiaries, direct effectiveness, and accounting basis for expenses related to trade promotion, customer connection, market development, and brand promotion; ensuring that the implementation and recording of these expenses are consistent with the economic nature of the transaction, within the correct authority, and in compliance with relevant laws, including Article 196 of the Enterprise Law. If the review reveals the need for further refinement of records, adjustment of recording methods, or appropriate

accounting treatment, the unit is requested to propose a suitable solution in accordance with regulations.

6. Regarding the implementation of the SOP procedure: The Port is requested to continue reviewing and standardizing the organization of documentation according to the structure of SOP 437, ensuring that each step has supporting documentation. Simultaneously, establish a mechanism for monitoring KPIs at each stage of the project, linked to specific timelines and control indicators. The Port needs to finalize the assignment of responsibilities according to the RACI matrix in a systematic and unified manner for the entire process. In addition, supplement the mechanism for controlling and completing documentation at each stage, ensuring that documentation is completed before moving to the next step. Strengthen internal guidance and inspection on SOP compliance to gradually standardize implementation and improve the effectiveness of control in practice.

7. Regarding the implementation of BSC-KPI in 2025 : The Supervisory Board recommends that the Company improve the quality of KPI design by strengthening indicators reflecting the efficiency of resource utilization, productivity, and growth quality; clearly quantifying qualitative indicators and defining control thresholds and specific evaluation criteria; linking the KPI system with internal control and risk management; and adding indicators related to cost control, asset utilization efficiency, and early warning mechanisms, thereby ensuring that KPIs truly serve as tools for management and control.

8. Regarding Implement the recommendations in the conclusions/documents of inspection, audit, and review teams, as well as those of the Supervisory Board and the Internal Audit Department:

The company needs to continue focusing on resolving outstanding issues, especially in the investment and legal sector. It needs to proactively coordinate with state management agencies, develop a roadmap and specific solutions to address these issues, avoiding delays that could affect investment progress and capital utilization efficiency. For the information technology and internal control sector, it is necessary to accelerate the deployment of systems, limit the parallel operation of manual and system-based processes, and ensure data synchronization and the reliability of management information. Simultaneously, it needs to strengthen measures to recover and handle difficult-to-collect accounts receivable, clarify the responsibilities of relevant departments to improve debt management efficiency and ensure financial security.

9. Regarding the continued monitoring of issues raised by the Supervisory Board during the 2025 supervision process.

Regarding the issues that the Supervisory Board has commented on during the 2025 monitoring process, it is requested that the Board of Directors and the Board of Management continue to review and finalize the documentation, process the issues, and report the results so that the Supervisory Board can continue to monitor and supervise in 2026. If, after review, it is determined that any content requires further documentation, adjustment of recording methods, or reprocessing to reflect the true nature of the business, the unit is requested to propose appropriate solutions in accordance with regulations.

The above is the Supervisory Board's Report on the results of monitoring the production and business activities, the Board of Directors, and the General Director of Cam Ranh Port Joint Stock Company in 2025. The Supervisory Board respectfully submits this report to the Annual General Meeting of Shareholders in 2026 for consideration and approval.

During the monitoring process, in addition to the positive results, In addition to achieving the above, the Supervisory Board also provided feedback on several issues that need further review, improvement, and correction to enhance the quality of governance, management, internal control, and ensure transparency and rigor in the Company's financial management in the future.
