## 6/ Comparative figures :

The comparative figures are figures in the Separate Financial Statements for the fiscal year ended as at 31 December 2025, which were audited by AASC Auditing Firm Company Limited.

## II/ ACCOUNTING SYSTEM AND ACCOUNTING POLICY

### Accounting period and accounting currency

Annual accounting period commences from 01 January and ends as at 31 December. The Company maintains its accounting records in Vietnam Dong (VND).

### Standards and Applicable Accounting Policies

## III/ STANDARDS AND APPLICABLE ACCOUNTING POLICIES

### *Applicable Accounting Policies*

The Company applies Corporate Accounting System issued under the Circular No. 99/2025TT-BTC dated 27 October 2025 by the Ministry of Finance

*Declaration of compliance with Vietnamese Accounting Standards and Accounting System*

The company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Consolidated Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

**IV/ ACCOUNTING POLICIES, ACCOUNTING ESTIMATES AND RELEVANT APPLICABLE LEGAL REGULATIONS**

**1. Basis for the preparation of Consolidated Financial Statements**

Consolidated Financial Statements are prepared based on consolidating Separate Financial Statements of the Company and Financial Statements of its subsidiaries under its control as at 31 December annually. Control right is achieved when the company has power to govern the financial and operating policies of invested companies to obtain benefits from their activities.

Consistent accounting policies are applied in Financial Statements of subsidiaries and the Company. If necessary, adjustments are made to the Financial Statements of subsidiaries to ensure the consistency of application of accounting policies among the Company and its subsidiaries.

Balance, main incomes and expenses, including unrealized profit from intra-group transactions are eliminated in full from Consolidated Financial Statements.

**2. Accounting estimates**

The preparation of Consolidated Financial Statements in conformity with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and legal regulations relating to financial reporting requires the Board of Directors/General Director to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent liabilities and assets at the date of the Consolidated Financial Statements and the reported amounts of revenues and expenses during the fiscal year.

The estimates and assumptions that have a material impact in the Consolidated Financial Statements include:

- Provision for bad debts
- Provision for devaluation of inventory;
- Provision for payable expenses
- Distribution of prepaid expenses;
- Estimated useful life of fixed assets;
- Estimated corporate income tax

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that

may have a financial impact on the Company's Consolidated Financial Statements and that are assessed by the Board of General Directors to be reasonable under the circumstances.

**a. Foreign currency transactions**

The foreign currency transactions during the year are converted into Vietnam Dong using the actual exchange rate at the transaction date.

Actual exchange rate when revaluating monetary item denominated in foreign currencies at the reporting date of the Consolidated Financial Statements is determined under the following principles:

- For asset accounts, applying bid rate of the commercial banks where the Company regularly conducts transaction;
- For foreign currency deposits in bank, applying the bid rate of commercial bank where the Company opens its foreign currency accounts;
- For liability accounts, applying the offer rate of commercial banks where the Company regularly conducts transactions.

All exchange differences arising from foreign currency transactions in the year and from revaluation of remaining foreign currency monetary items at the end of the year are recorded immediately to operation results of the fiscal year.

**b. Cash and cash equivalents**

Cash includes cash on hand, demand deposits.

Cash equivalents are short-term investments with the maturity of not over 3 months from the date of investment, that are highly liquid and readily convertible into known amounts of cash and that are subject to an insignificant risk of conversion into cash.

**c. Financial investments**

*Trading securities* are initially recognized at original cost which includes purchase prices plus any directly attributable transaction costs such as brokerage, transaction fee, cost of information provision, taxes, bank's fees and charges. After initial recognition, trading securities are measured at original cost less provision for diminution in value of trading securities.

*Held-to-maturity investments* include: Term deposits held to maturity to earn profits periodically and other held to maturity investments.

In the Consolidated Financial Statements, investments in joint-ventures are accounted for using the equity method. Under this method, the investments are initially recognised at cost and adjusted thereafter for the post acquisition change in the Corporation's share in net assets of the associate after acquisition date..

The investor's ownership in the profit (loss) of the joint-venture company after purchasing is reflected in the Consolidated Income Statement, and the investor's ownership which changes after purchasing of the joint-venture company's funds is recorded into funds. The accumulative change after purchasing is adjusted to the remaining amount of investment in joint-venture company. Dividends received from the joint-venture companies are deducted from investment of the joint-venture companies.

Provisions for devaluation of investments are made at the end of the year, specifically as follows:

- For investments in trading securities: provision shall be made on the basis of the excess of original cost of the investments recorded in the accounting book over their market value at the provision date.
- For investments held to maturity: provision for doubtful debts shall be made based on the recovery capacity in accordance with statutory regulations.

**d. Receivables**

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables shall be classified into short-term receivables or long-term receivables on the Consolidated Financial Statements according to their remaining terms at the reporting date.

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or is missing and making feeling or estimating possible losses.

**e. Inventories**

Inventories are initially recognized at original cost including the purchase price, processing costs and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

The cost of inventory is calculated by weighted average method.

Inventory is recorded by perpetual method.

Method for valuation of work in process at the end of the year: The value of work in progress is recorded based on actual cost incurred for each stage in the production chain.

Provision for devaluation of inventories made at the end of the year is based on the excess of original cost of inventory over their net realizable value.

**f. Fixed assets, Finance lease fixed assets**

Fixed assets (tangible and intangible) are initially stated at the historical cost. During the using time, fixed assets are recorded at cost, accumulated depreciation and carrying amount.

#### Value after initial recognition

If these costs increase the future economic benefits expected to be obtained from the use of tangible fixed assets beyond the standard operating level as initially assessed, these costs are capitalized. as an additional cost of tangible fixed assets.

Other costs incurred after fixed assets have been put into operation, such as repair, maintenance and overhaul costs, are recorded in the Consolidated Statement of Income statement in the period in which the costs are incurred.

The historical cost of finance lease fixed assets is recognised at the lower of fair value and present value of the minimum lease payments (in case of fair value is higher than present value of minimum lease payment) plus any directly attributable costs incurred related to finance lease (exclusive of value added tax). During the using time, finance lease fixed assets are recorded at historical cost, accumulated depreciation and carrying amount. Finance lease fixed assets are depreciated over the lease term and charged to operating expenses in order to fully recover the capital.

Fixed assets are depreciated (amortised) using the straight-line method over their estimated useful lives as follows:

|                             |               |
|-----------------------------|---------------|
| - Buildings, structures     | 10 - 50 years |
| - Machinery, equipment      | 03 - 15 years |
| - Transportation equipment  | 06 - 10 years |
| - Office equipment          | 03 - 08 years |
| - Management software       | 03 years      |
| - Long-term land use rights | Not amortized |

#### **g. Investment real estate**

Investment properties are initially recognized at historical cost.

Investment properties held for capital appreciation, prior to 01 January 2015 are depreciated on a straight-line method basis similar to other fixed assets, but from 01 January 2015 are not depreciated.

Investment properties held for operating lease are recorded at cost, accumulated depreciation and carrying amount. In which, depreciation is deducted by using the straight-line method with estimated depreciation period of buildings and structures is 15 years.

#### **h. Construction in progress**

Construction in progress includes fixed assets which are being purchased or constructed but have not completed at the end of the accounting year and recorded at historical cost. This includes costs of construction, installation of equipment and other

direct costs. Depreciation of these assets shall be made when these assets are completed and put into use.

**i. Operating leases**

Operating leases is fixed asset leasing in which a significant portion of the risks and rewards of ownership of assets are retained by the lessor. Payments made under operating leases are charged to the statement of income on a straight-line basis over the period of the lease.

**j. Business Cooperation Contract (BCC)**

Business Cooperation Contract (BCC) is a contractual agreement between two or more venturers with the objectives of cooperating to carry out specific business activities without constitution of a new legal entity. This operation may be jointly controlled by venturers under BCC or controlled by one of them.

The Company has conducted the following business cooperation contracts:

- a) The Investment cooperation contract No. 156/HD. DT/Postef-Songhong ICT dated 24 April 2012 signed with Song Hong Investment Construction Trading Joint Stock Company on building complex at 63 Nguyen Huy Tuong, Thanh Xuan, Hanoi. Two parties agreed that Song Hong Investment Construction Trading Joint Stock Company would be in charge of opening bank accounts, doing the bookkeeping and settling project expenses. The company only records the annual land rental incurred from 01 January 2012 until now according to notification of tax authority that the Company paid on behalf of the joint-venture and records as receivable item for the project, which is reflected in the item "Other receivables". Profit distribution is made based on the capital contribution rate.
- b) The investment cooperation contract No. 40/2011/HDHTDT/POT-LVH-HL dated 28 December 2011 signed with the joint venture of Lien Viet Group Corporation and Him Lam Corporation on building POSTEF complex at 61 Tran Phu, Ba Dinh, Hanoi. All parties agreed that the Company would be the project owner and in charge of opening bank accounts and doing the bookkeeping during the investment and the construction phase. The project expenses are recorded on the incurred basis and under the scope of contract. The expenses are paid by the joint-venture and recorded in item "Construction in progress " and "Other payables". Profit distribution is made based on the capital contribution rate.

**k. Prepaid expenses**

The expenses incurred but related to operation results of several accounting periods are recorded as prepaid expenses and are allocated to the operating results in the following accounting periods.

The calculation and allocation of long-term prepaid expenses to operating expenses in each accounting period should be based on the nature of those expenses to select a reasonable allocation method and criteria.

Types of prepaid expenses of the Company include:

- Prepaid land expenses include prepaid land rental, including those related to leased land for which the Company has received certificate of land use right but not eligible for recording as intangible fixed asset in accordance with the Circular No. 45/2013/TT-BTC dated 25 April 2013 issued by the Ministry of Finance guiding regulation on management, use and depreciation of fixed assets and other expenses related to ensure for the use of leased land. These expenses are recognized in the Consolidated Statement of Income on a straight-line basis according to the lease term of the contract.

- Tools and supplies include assets which are possessed by the Company in an ordinary course of business, with historical cost of each asset less than 30 million dong and therefore not eligible for recording as fixed assets under current legal regulations. The historical cost of tools and supplies are allocated on the straight-line basis from 01 to 03 years.

- Other prepaid expenses are recorded at their historical cost and allocated on the straight-line basis over their useful lives from 01 to 03 years.

- Expenses for prepayment of infrastructure rental are allocated to expenses in the fiscal year according to the lease term.

- Project costs for leasing equipment that are Camera System, Operating Machinery and Equipment and related software are allocated on the straight-line basis over the useful life of 36 months.

#### **l. Payables**

The payables shall be recorded in details in terms of due date, entities payable, types of currency and other factors according to the requirements for management of the Company. Payables are classified as short-term and long-term in the Consolidated Financial Statements based on the remaining maturities of the payables at the reporting date.

#### **m. Borrowings and finance lease liabilities**

The value of finance lease liabilities is recognized at the payable amount equal to the present value of minimum lease payments or the fair value of leased assets.

Borrowings shall be recorded in details in terms of lending entities, loan agreement and terms of borrowings. In case of borrowings or liabilities denominated in foreign currency, they shall be recorded in details in terms of types of currency.

#### **n. Borrowing costs**

Borrowing costs are recognized as operating expenses in the year, in which it is incurred excepting those which are directly attributable to the construction or production of a qualifying asset are capitalized as part of the cost of that asset in accordance with VAS No. 16 "Borrowing costs". Besides, regarding borrowings serving the construction of fixed assets and investment properties, the interests shall be capitalized even when the construction duration is under 12 months.

#### **o. Accrued expenses**

Accrued expenses include payables to goods or services received from the suppliers or provided for the customers during the reporting period, but the payments for such goods or services have not been made and other payables such as transportation costs, factory relocation costs, interest expenses, etc. which are recorded to operating expenses of the reporting year.

The recording of accrued expenses as operating expenses during the year shall be carried out under the matching principle between revenues and expenses during the year. Accrued expenses are settled with actual expenses incurred. The difference between accrued and actual expenses is reverted.

**p. Provision for payables**

Provision for payables is only recorded when meeting all following conditions:

- The Company has a present debt obligation (legal obligation or joint obligation) as a result of past events;
- It is probable that the decrease in economic benefits may lead to the requirement for debt settlement;
- Debt obligation can be estimated reliably.

Value recorded as a provision for payable is the most reasonably estimated amount required to settle for the present debt obligation at the end of the fiscal year.

Only expenses related to the previously recorded provision for payable shall be offset by that provision for payable.

Provision for warranty of products, goods is deducted for products, goods according to time and committed in each specific contract.

The rate of provision for warranty is determined according to the rate of warranty value if the contract contains provisions or the Company's assessment of the possibility of warranty if the contract does not specify a specific warranty rate.

Provisions for payables are recorded as operating expenses of the accounting year. In case provision made for the previous accounting year but not used up exceeds the one made for the current accounting year, the difference is recorded as a decrease in operating expenses.

**q. Unearned revenues**

Unearned revenues include prepayments from customers for one or many accounting periods relating to asset leasing.

Unearned revenues are transferred to other income with the amount corresponding to each accounting period.

**r. Owner's equity**

Owner's equity is stated at actually contributed capital of owners.

Share premium is recorded at the difference between the par value, the costs directly attributable to issuing shares and issue price of shares (including the case of re-issuing treasury shares) and can be a positive premium (if the issue price is higher

than par value and costs directly attributable to the issuance of shares) or negative premium (if the issue price is lower than par value and costs directly attributable to the issuance of shares).

Retained earnings are used to present the Company's operating results (profit, loss) after corporate income tax and profit distribution or loss handling of the Company.

Dividends to be paid to shareholders are recognised as a payable in Consolidated Statement of Financial Position after announcement of dividend payment from the Board of Management and announcement of cut-off date for dividend payment from Securities Depository Corporation of Vietnam.

#### **s. Revenues**

Revenue is recognized when it is probable that the economic benefits will flow to the Company which can be reliably measured. Revenue is determined at the fair value of the amounts received or to be received after deducting trade discounts, sales discounts, sales returns:

##### *Revenue from sale of goods*

- The majority of risks and benefits associated with the right to own the products or goods have been transferred to the buyer;
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.

##### *Revenue from service providers*

- Determine the work completed on the date of preparing the Balance Sheet

##### *Financial income*

Revenue arising from the used by the others of entity's assets yielding interest, royalties and dividends shall be recognised when:

- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The amount of the revenue can be measured reliably.

Dividends and distributed profits are recognized when the Company is entitled to receive dividends or receive profits from capital contributions.

#### **t. Cost of goods sold**

Cost of goods sold is recognized in accordance with revenue arising and in compliance with the prudence principle. In case loss of materials and goods exceeds the acceptable/normal level, the excess after deducting the responsibility of collective and individuals concerned, etc. are recognized fully and promptly into cost of goods sold in the year.

**u. Financial expenses**

Items recorded into financial expenses consist of:

- Borrowing costs;
- Exchange losses, etc.

The above items are recorded by total amount arising in the year without offsetting against financial income.

**v. Corporate income tax**

- a) Current corporate income tax expenses and deferred corporate income tax expenses

Current corporate income tax expenses are determined based on taxable income during the year and current corporate income tax rate.

Deferred income tax expense is determined on the basis of the deductible temporary difference, the taxable temporary difference and the corporate income tax rate.

Current corporate income tax expenses are deferred corporate income tax expenses are not offset against each other.

- b) Current corporate income tax rate

The Company applies the corporate income tax rate of 20% for the operating activities which have taxable .

**x. Basic earnings per share**

Basic earnings per share are calculated by dividing the profit or loss after tax allocated to shareholders who own common shares of the Company (after adjusting for the allocation of Bonus, Welfare Fund and Merit Fund) divided by the weighted average number of ordinary shares outstanding during the year.

**y. Related Parties**

The parties are regarded as related parties if that party has the ability to control or significantly influence over the other party in making decisions about the financial policies and activities. The Company's related parties include:

- Companies, directly or indirectly through one or more intermediaries, having control over the Company or being under the control of the Company, or being under common control with the Company, including the Company's parent, subsidiaries and associates;
- Individuals, directly or indirectly, holding voting power of the Company that have a significant influence on the Company, key management personnel of the Company, the close family members of these individuals;

- Enterprises which the above-mentioned individuals directly or indirectly hold an important part of the voting power or have significant influence on these enterprises.

In considering the relationship of related parties to serve for the preparation and presentation of separate financial statements, the Company should consider the nature of the relationship rather than the legal form of the relationship.

### Segment information

The Company mainly operates in the field of production and trading of post and telecommunication equipment, other activities accounted for negligible proportion (less than 10%) in production and business activities and in the total value of assets. In addition, the Company's activities are taken place in Vietnamese territory. Therefore, the Company does not make segment reporting by business sector and geographical area.
