*Uong Bi, April 24, 2026*

**REPORT**  
**IMPLEMENTING THE RESOLUTION OF THE 2025 GENERAL SHAREHOLDER  
MEETING TASKS AND SOLUTIONS FOR OPERATION IN 2026**

Dear Shareholders,

Pursuant to the Charter of Organization and Operation of Vinacomin - Than Vang Danh Coal Joint Stock Company;

Pursuant to Resolution No. 10/TVD-HDQT dated April 24, 2026 of the Board of Directors of Vinacomin - Vang Danh Coal Joint Stock Company;

In fulfilling the responsibilities assigned by the Board of Directors, the Company Director hereby reports to the General Meeting of Shareholders on the business results for 2025 and the tasks and solutions for managing business operations in 2026 as follows:

**PART I**  
**PRODUCTION AND BUSINESS RESULTS FOR 2025**

**1. General situation**

**a. Advantages**

Thanks to the attention and support from agencies, departments, localities, and especially TKV (Vietnam National Coal and Mineral Industries Holding Corporation Limited), the company has overcome difficulties in production and business. Preparations regarding production area, conditions, and materials were fully implemented from the end of 2024, creating a good momentum for the implementation of the 2025 production plan. Furthermore, under the close guidance of the Party Committee, Board of Directors, and Management Board, the company has established a rational management mechanism to promote production and strive to complete the production plan assigned by TKV.

**b. Difficulties**

The global situation continues to face numerous difficulties, challenges, and risks; security and political instability continues to escalate in several countries and regions, especially in Russia, Ukraine, and the Gaza Strip. Inflation remains high, and monetary policies in many major economies continue to be managed cautiously in a tightening direction; global commodity and raw material prices fluctuate sharply, thus significantly impacting the Vietnamese economy in general and TKV and the Company in particular.

Currently, TKV's coal sales are still facing difficulties, resulting in high coal inventories and additional costs for loading, stacking, and transporting coal to storage facilities, significantly impacting the balance of costs, revenue, and profit.

**2. Business performance results of the Company in 2025**

**2.1. Regarding the management of production organization and enterprise administration.**

- Regarding organizational management: From the beginning of the year, the Company has focused on implementing the production and business plan approved by the General Meeting of Shareholders; setting out management mechanisms and key solutions to direct and manage the 2025 production and business plan, proactively balancing production and consumption appropriately, increasing production of coal types in high market demand; and focusing on managing production according to consumption needs.

- Regarding production organization: Based on the plan assigned by TKV, the Company has arranged and continues to maintain 37 production workshops, including 16 mining workshops, 10 tunneling workshops, 3 transportation workshops, 2 beneficiation workshops, 4 auxiliary workshops, and 2 service workshops; The number of departments managing and supervising the organization and operation of production workshops is 14, ensuring compliance with TKV Group regulations.

- Regarding resource management and mine boundaries: The company has implemented numerous management measures and closely coordinated with local authorities to strictly manage coal resources, preventing losses. Throughout the year, no illegal coal mining occurred within the mine boundaries under the company's management.

- Regarding corporate governance: Implementing various solutions for technical management, production operation, and product sales; managing costs, materials, labor and wages, accounting and statistics, and cash flow management; revising, supplementing, and improving several regulations related to the Company's management to suit the Company's actual conditions and the regulations of the Group and the State.

## **2.2. Results of achieving key production and business targets in 2025**

- Total raw coal production: 4,292/4,195 thousand tons, equivalent to 102.3% of the initial plan and 113% of the adjusted plan.

In which: (i) Underground coal 3,777/3,600 thousand tons equals 104.9% of the initial plan and 100.1% of the adjusted plan;

(ii) Open-pit coal production of 25.16 thousand tons/100 thousand tons is 25% of the initial plan and 100.7% of the adjusted plan;

(iii) Coal purchased from Uong Bi Coal Company: 490/495 thousand tons, equivalent to 99% of the initial plan.

- Clean coal production: 3,877/3,666 thousand tons, equivalent to 103% of the initial plan.

- Coal consumption: 33,748/3,666 thousand tons, equivalent to 102.2% of the initial plan.

- CBSX furnace meters: 41,052/41,050 meters, reaching 100% of the initial plan for the year.

- Revenue: 6,668/6,686 billion VND, equivalent to 99.7% of the initial plan for the year and reaching 6,668/6,291 billion VND, equal to 106% of the revised plan;

- Average workforce: 5,788/6,280 people, equivalent to 92.2% of the initial plan.

- Average salary: 22,915/20,468 thousand VND/person-month, equivalent to 112% of the initial plan.

- Capital construction investment: The value of implementation reached 529/390 billion VND, equivalent to 135.7% of the plan.

- Fulfilling obligations to the State: The company fully fulfills its obligations to the State in accordance with current laws and regulations, with a total amount of VND 1,226.7 billion paid to the state budget in 2025.

- Business performance: The company has hired an independent auditor to conduct the audit in accordance with regulations. Profit before tax: VND 97.443 billion, equivalent to 114.1% of the plan;

- Results of achieving some key financial targets:

- + Ratio of liabilities/total capital: 74.4%; 72.58% in 2024
- + Ratio of after-tax profit/total assets: 3.04%; 4.14% in 2024
- + Ratio of after-tax profit/owners' equity: 15%; 2024: 14.06%

## PART II

### PLAN AND MANAGEMENT MEASURES FOR PRODUCTION AND BUSINESS OPERATIONS IN 2026

#### 1. General situation.

In 2026, the global situation is projected to remain complex and unpredictable, with increased geopolitical conflicts and great power competition, posing numerous risks. The world is witnessing extremely tense developments in geopolitical hotspots such as the conflict between Russia and Ukraine, and the escalating conflict in the Middle East between the US, Israel, and Iran since the end of February, which has the potential to spread to many Middle Eastern countries. The volatile and upward trend in oil prices is impacting the global energy market.

The company's production area is expanding further into remote locations, and recruitment of labor remains challenging. While mining technology has been modernized, the increase in production targets set by TKV for 2025 will be very difficult to implement. Furthermore, bank interest rates are expected to rise from the end of 2025, with banks increasing deposit and lending rates, thus raising interest costs and potentially impacting the company's investment efficiency and financial indicators. Personnel changes and restructuring are also expected in some state management agencies and local governments following the 16th National Assembly elections and the 2026-2031 People's Council elections. These circumstances significantly affect the company's financial balance and production management.

#### 2. Objectives for the Company's Business Production Plan in 2026

The company's officers, employees, and workers uphold the tradition of "Discipline and Unity," determined to overcome difficulties, adapt flexibly, and stabilize production and business. They strive to ensure safe, economical, and efficient coal production; innovate and improve corporate organization and management, enhancing production and business efficiency; continue to innovate and apply new, advanced, and modern technologies; and gradually implement the digital transformation program within the enterprise. They aim to improve production and business efficiency and ensure the achievement of the common goal. **“UNITY - SAFETY - INNOVATION AND DEVELOPMENT”**.

### 3. Solutions for managing the 2026 plan:

Based on the Group's main solutions for directing and managing the 2026 business coordination plan; and the Resolution of the Party Committee and Board of Directors of the Company on the direction and tasks for 2026, we will strengthen discipline and order in leadership and management,

and the working methods of departments and workshops to ensure the progress and quality of work; enhance cost and resource management, apply new and advanced science and technology to production; gradually implement the enterprise digital transformation program; and promote the application of mechanization and automation to increase labor productivity and improve working conditions for employees.

### 3.1. Occupational Safety and Health

Occupational safety: "Proactive - Creative - Decisive" in leadership, direction, and management, always identified as the "Number 1 most important" task in the Company's production and business process; quarterly improvement of the quality of risk identification training for employees, ensuring it closely matches the working conditions and tasks of employees according to the requirements of TKV. Particular attention is paid to interactive, hands-on training to help employees quickly master work skills, identify risks, and implement preventive measures; reviewing areas with potential safety hazards to develop the most optimal preventive plans and measures to minimize the impact of water and gas; foremen must daily identify safety hazards in the production of their managed units; functional departments must strengthen inspection and control of risks to ensure safe production. Resolutely halt construction at mine shafts, tunnels, and work sites that do not meet technical standards and pose potential safety risks; production will only resume when all necessary safety conditions and measures are in place. Strengthen communication with workers to raise awareness, responsibility, and promote "safety self-reliance and a safety culture" while commuting and working.

### 3.2. Tunneling and mining operations

a. Regarding mining technology: Conduct mining according to procedures and regulations ensuring safety, technical standards, and timely preparation of mine shafts for production; continue to proactively innovate technology and equipment for underground coal mining (research and investment in light-duty mechanized longwall mining with a production capacity of 200,000-300,000 tons/year); improve and enhance the application of synchronized mechanization technology for roof coal recovery; coordinate with the consulting unit to introduce mining machines into inclined longwall mining with ZRY soft support systems at the Company to increase productivity, improve working conditions, enhance safety, and save resources. Simultaneously, continue to promote existing technologies suitable to the mine's geological conditions, such as mobile hydraulic frame supports; for concentrated open-pit coal mining, urgently prepare all necessary documents and contract procedures to implement construction according to the planned schedule;

b. Regarding tunnel excavation technology: Review and maximize the application and effectiveness of existing tunnel excavation equipment such as the EBH-45 tunnel boring machine and the CMJ-14 single-arm drilling machine; effectively utilize side-loading excavators to increase productivity, accelerate tunnel excavation speed, and promptly prepare production areas for the entire company; master tunnel excavation technology using the EBH-45 tunnel boring machine combined with mobile temporary support systems; increase tunnel excavation cross-sections to maximize mechanization of material transportation and improve working conditions for workers; research and innovate to improve the efficiency of tunnel excavation technology stages such as drilling and blasting, loading and unloading, coal and rock transportation, especially in intermediate level tunnels, and tunnel support work to increase productivity, tunnel excavation speed, and maintain the stability of the tunnel system during use; Research, study, and invest in a system of rock tunnel boring machines, mirror shield systems, and support beam lifting systems for the project to excavate tunnels down to below -175 meters, further enhancing safety and improving working conditions for workers.

### 3.3. Mechanical, transportation and screening work

a. Promote investment in the application of automation in mine working tunnel transportation; mechanize the loading and unloading process in mine transportation, and automate the entire conveyor

line to reduce operating labor; install suitable conveyor belt transportation systems to replace scraper conveyors; complete the transportation diagram for each area in a centralized manner, avoiding overlap between units. Focus on the transportation of people and materials, and improve working conditions for laborers; organize tunnel trimming and repair, then replace suitable conveyor belts in tunnels with conveyor belts at the -175 GVD level and XVVT level at the -175 GVD level in Zone II GVD to renovate and upgrade the conveyor belt system in the cross-seam transportation tunnels at the -175 GVD level, increasing transportation productivity.

b. Organize and manage coal screening appropriately between TVD1 and TVD2 screening plants, ensuring that all raw coal produced by the Company is screened and the raw coal purchased from Uong Bi Coal Company is screened; proactively contact and coordinate with Da Bac Warehousing and Transportation Company to screen, process, and blend coal types to meet the Group's coal consumption requirements at different times.

#### 3.4. Ventilation, drainage, and mine gas control.

a. Focus on key construction areas to excavate tunnels, connect ventilation systems in zones III-IV, and urgently bring the +230 fan station into operation to improve ventilation conditions for the Central Vang Danh area before June 1, 2026; organize the reinforcement, repair, and reinforcement of damaged tunnels, reducing cross-sections that affect ventilation and drainage in 2026;

b. Continue to maintain the stable operation of the automated centralized mine gas monitoring system in mine gas control; invest in ventilation and mine gas management equipment (coolers, dust collectors, automatic anemometers, pneumatic local fans, explosion-proof exploration drills, etc.) to serve production and improve working conditions for workers; install automatic air vents, complete the automation of main ventilation stations and central drainage pumping stations to reduce auxiliary labor and improve working conditions for workers; mechanize sludge pumping to ensure mine drainage.

#### 3.5. Product quality and sales management

a. Strengthen basic technical management measures, right from the design and construction planning stage, thoroughly conserve resources, minimize coal loss rates in mining technology, improve coal recovery rates through technical and technological measures in all mining stages to ensure safety, strive to achieve the targets set by TKV (TKV targets coal loss in open-pit mining at 4.40%; in underground mining at 20.02%), and organize the thorough separation and filtering of rocks mixed in raw coal from the mining stage to the screening stage, ensuring a clean coal recovery rate to achieve the target set by TKV at 88.21%;

b. Regularly monitor and implement measures to improve coal quality right from the mining stage, such as separating and removing impurities mixed in raw coal, separating and filtering technological rocks, and separating water to ensure coal moisture content; balance production operations to effectively mobilize coal from seams according to plan and target. The average ash content (Ak) of raw coal produced by the entire company must not exceed the TKV's contracted level of 35.91% (of which: Ak of underground raw coal is 35.86%; Ak of open-pit raw coal is 37.89%).

c. Closely coordinate with Da Bac Logistics Company in improving loading, unloading, and transportation capacity to ensure timely coal sales. Simultaneously, organize the renovation and upgrading of the unloading and transfer system, and expand the coal storage facilities to meet coal production requirements for 2026 and subsequent years.

#### 3.6. Disaster prevention, search and rescue, and environmental protection.

a. Proactive disaster prevention and control: (i) Develop plans and organize and implement all projects and tasks according to the plan; (ii) Develop plans and conduct simulated drills for incident response, search and rescue, to learn from experience and address any remaining issues; (iii) Regularly review emerging projects and tasks to supplement the plan and organize the implementation of disaster

prevention and control work. This aims to minimize the impact of natural disasters on the Company's production;

b. Environmental protection work: Implement comprehensively and strictly all regulations on environmental protection, fulfill commitments in environmental impact assessment reports and climate change reports, ensuring that no environmental incidents occur; direct the implementation to ensure the progress and quality of construction of environmental projects; organize tree planting to restore open-pit mining areas; plant additional trees to ensure the landscape of production areas in order to gradually achieve the goals of "Bringing parks into mines and factories" and "Greening the mining environment"; strengthen close coordination with the Group's environmental company and local authorities in environmental protection work; cooperate well with the environmental company in maintaining the stable operation of the existing underground wastewater and domestic wastewater treatment systems, contributing to ensuring a green, clean, and beautiful environment as prescribed.

### 3.7. Financial management; cost management; internal management

#### a. Financial management

Strictly control and manage debt collection, maintain reasonable material reserves, and reduce short-term loan balances; Comply with current regulations on debt management of the State, TKV, and the Company; Effectively manage and implement financial targets according to the plan assigned by TKV; Strengthen the review and reconciliation between relevant departments, update revenue and expenses fully and promptly to serve the preparation of monthly, quarterly, and annual financial statements, ensuring honesty, accuracy, and compliance with accounting regulations, as well as the regulations and rules of the State, the Group, and the Company; Periodically, provide quarterly reports analyzing and evaluating the overall performance of economic indicators to support management; Balance finances appropriately to ensure sufficient resources for production and business activities and to ensure the Company's capital is preserved and developed.

#### b. Cost management

(i) Conduct a review of all stages and processes in production and business to develop a cost-saving plan: The guiding principle is "Save  $\geq 5\%$  compared to the TKV contracted costs in the 2026 business plan".

(ii) Closely follow TKV's 2026 coordinated production and business management solutions and mechanisms to develop synchronized solutions and measures in managing costs in all production stages, controlling costs weekly (or every 10 days), monthly, and quarterly; control and tighten cost management in all production stages to improve production and business efficiency; regularly review and adjust contract quotas in a timely manner to suit the actual production area of the units, adjust the contract mechanism accordingly, in order to create incentives for cost savings and increased labor productivity;

(iii) Based on the technical and technological indicators assigned by TKV to the Company, proactively manage production costs, and regularly check and strictly control technical and technological indicators and economic and technical norms, right from the stage of preparing construction design methods; regularly review and promptly adjust norms to suit the Company's production conditions effectively, striving to ensure that no indicator exceeds the norms assigned by TKV;

(iv) Strengthen decisive leadership in developing measures to promptly recover materials and equipment from production units, for restoration, recycling, and reuse in production to reduce the cost of purchasing new equipment. In particular, during the planning and design phases, the use of recycled and restored materials must be considered for production areas that are not intended for long-term maintenance; balance the area of CBSX tunnel excavation and the area of mining appropriately,

avoiding leaving tunnels unexcavated for too long without being put into operation, as this will lead to increased costs for tunnel maintenance and reinforcement;

(v) Manage and operate the use of materials most effectively, strengthen measures for managing materials, equipment, and assets of the unit and the Company (import, export, use, and inventory); use raw materials, fuel, and materials economically in production, especially thoroughly recovering resources in the extraction process. Balance usage needs and necessary reserves to create a procurement plan that is close to reality, according to the principle of having sufficient materials for production and reasonable reserves, strictly manage input prices, and prioritize the purchase and use of domestically produced goods.

c. Internal management

Strictly implement the regulations and rules on inspection and auditing of the State, TKV, and the company; develop appropriate inspection, control, and audit plans that meet management requirements; review the company's investment projects; strengthen corporate legal affairs and risk management; enhance and further improve the effectiveness and quality of self-inspection and monitoring of implementation; and comply with legal regulations in all areas of production and business activities.

3.8. Management of capital construction investment

In 2026, accelerate the construction progress of the mine; focus on organizing and implementing projects to ensure timely completion in order to meet production needs, specifically:

a. **REPORT**  
**ACTIVITIES OF THE COMPANY'S BOARD OF DIRECTORS IN 2025**  
**DIRECTIONS AND TASKS FOR 2026**

Dear Shareholders,

Pursuant to the Enterprise Law dated June 17, 2020;

Circular No. 116/2020/TT-BTC dated December 31, 2020, issued by the Minister of Finance, provides guidance on certain provisions regarding corporate governance applicable to public companies under Decree No. 155/2020/ND-CP dated December 31, 2020, of the Government detailing the implementation of certain provisions of the Securities Law;

Pursuant to the Charter of Organization and Operation of Vinacomin - Vang Danh Coal Joint Stock Company, approved by the General Meeting of Shareholders on April 23, 2021;

Pursuant to the Board of Directors' operating regulations approved by the General Meeting of Shareholders on April 23, 2021;

Pursuant to Resolution No. 10/TVD-HDQT dated April 24, 2026 of the Board of Directors of Vinacomin - Vang Danh Coal Joint Stock Company;

The Company's Board of Directors reports to the Annual General Meeting of Shareholders in 2026 on the governance and performance of the Board of Directors in 2025 and the operational plan for 2026 as follows:

**I. Administrative work:**

1. Management of the Board of Directors' Structure

The Board of Directors consists of the following members:

- Mr. Nguyen Van Dung - Chairman of the Board of Directors – Representative of TKV's capital stake (appointed on March 3, 2025).

- Mr. Nguyen Trong Tot - Chairman of the Board of Directors – Representative of TKV's capital stake (dismissed on February 20, 2025).

- Mr. Pham Van Minh - Member of the Board of Directors (dismissed on February 20, 2025).

- Mr. Ho Quoc - Member of the Board of Directors – Director;

- Mr. Tran Van Thuc - Member of the Board of Directors, Deputy Director (appointed on April 29, 2025);

- Mr. Trinh Van An - Member of the Board of Directors, Chairman of the Company's Trade Union;

- Mr. Nguyen Ba Quang - Independent TV Board of Directors

Of the five members of the Board of Directors mentioned above, two members hold executive positions; two members are non-executive; and one member is an independent board member, ensuring the structure complies with legal regulations.

To enable the Board of Directors to fully perform its functions, duties, and powers, on March 7, 2025, the Board of Directors issued Decision No. 584/QD-TVD to promulgate the Working Regulations of the Company's Board of Directors and simultaneously assigned tasks to each member of the Board of Directors to oversee and monitor each area of management, production, and business in accordance with the capabilities and experience of each member.

## 2. Regarding the overall management of the Board of Directors

In order for the Board of Directors to fully perform its functions, duties, and powers, the Chairman of the Board of Directors has issued the 2025 operational plan to implement and monitor the implementation of the resolutions of the General Meeting of Shareholders and the resolutions and decisions issued by the Board of Directors.

## 3. Governing the company through internal management regulations.

In 2025, the Company approved amendments, additions, and promulgation of 05 internal management regulations to comply with legal regulations, TKV (*Vietnam National Coal and Mineral Industries Holding Corporation Limited*) regulations, and the Company's management requirements.

## **II. Organizing Board of Directors meetings, remuneration, allowances, and salaries for the Board of Directors.**

### 1. Number of meetings and meeting agendas:

In 2025, the Board of Directors held 31 meetings, issuing 45 resolutions to approve matters within its authority, such as: directing the implementation of the 2025 Annual General Meeting resolutions; approving project content and adjusting the implementation phase of the 2025 investment plan; approving quarterly production and business plans; matters related to production and business organization, personnel matters, and other important matters within the Board of Directors' authority. All Board of Directors meetings were meticulously prepared, ensuring proper procedures, adherence to principles, and close monitoring of the Company's actual production and business situation to provide timely decisions for the Company Director to implement, meeting the requirements and objectives set by the Annual General Meeting.

### 2. Number of members attending the meeting

No.	Board Member	Number of meetings	Proportion attend the meeting	Reasons for not attending
1	Nguyen Trong Tot	5	16,1%	Dismissal: February 20, 2025
2	Pham Van Minh	0	0%	On business trip, absent, relieved of duties: 20/02/2025
3	Nguyen Van Dung	26/31	83,8%	Appointment: February 20, 2025; Appointment as Chairman of BOD on March 3, 2025

4	Ho Quoc	30/31	96,77%	On a business trip, away.
5	Tran Van Thuc	26/31	83,8%	Appointment: April 29, 2025
6	Trinh Van An	31/31	100%	
7	Nguyen Ba Quang	29/31	93,54%	On a business trip, away.

### 3. Regarding remuneration, allowances, and salaries

The company will implement and provisionally disburse the remuneration, allowances, and salaries of the Board of Directors in accordance with the resolution of the 2025 Annual General Meeting of Shareholders, at the following rates:

(i) Remuneration for the Chairman of the Board of Directors and concurrently serving members of the Board of Directors

- Monthly remuneration for the member holding the position of Chairman of the Board of Directors:

$$27,000,000 \text{ VND} \times 20\% = 5,400,000 \text{ VND}$$

- Monthly remuneration for each member of the Board of Directors:

$$23,000,000 \text{ VND} \times 20\% = 4,600,000 \text{ VND}$$

(ii) Monthly allowance for independent members of the Board of Directors: VND 23,000,000.

In 2025, the company will advance 80% of the remuneration, allowances, and salaries to its members, with the remaining 20% to be paid in 2026 based on business performance and task completion in 2025.

### III. Coordination Activities of the Board of Directors

During its operation, the Board of Directors consistently and effectively maintains a coordinated leadership relationship with the Party Committee and the Company Director in accordance with the joint resolution, and conducts a review of the implementation of the coordination regulations every six months.

All Board of Directors meetings are attended by members of the Board of Supervisors or their representatives.

### IV. Supervisory activities of the Board of Directors over the Board of Management

1. Implementing the production and business plan and investment and construction plan for 2025.

No.	Target	Unit	General Shareholders' Meeting Resolution	To be implemented in 2025	Percentage (%)	Note
1	Raw coal	1000 tons	4.195	4.292	102,3	

-	Underground coal mining	"	3.600	3.777	104,9	
-	Open-pit coal	"	100	25	25	
-	Coal purchased from Uong Bi Coal Company	"	495	490	99	
2	Clean coal	1000t	3.666	3.780	103,1	
3	New oven	meter	41.050	41.052	100	
4	Excavating earth and rocks	1000 m3	1.675	3,1	0,2	
5	Consume	1000 tons	3.666	3.748	102,2	
6	Construction investment	billion.	390	530	135,7	
7	Revenue	billion.	6.686	6.668	99,7	
8	Profit before tax	million VND	85.424	97.444	114,1	
9	Average labor	People	6.280	5.788	92,16	
10	Average salary	thousand VND/ person/ month	20.430	22.915	112	

Some targets for 2025 were achieved at a low level (open-pit coal mining and overburden removal targets), failing to meet the plan set by the General Shareholders' Meeting, for the following reasons:

- Obtaining an open-pit mining permit for the company has been very difficult; the Ministry of Natural Resources and Environment will only consider and decide on granting the permit at the end of October. Therefore, the limited time available will prevent the completion of the open-pit coal mining and overburden removal plan.

2. Regarding dividend payments, information disclosure, and protecting shareholder rights.

(i) Dividend Payment: In 2025, the Company will pay the 2024 dividend to existing shareholders at the rate approved by the 2024 General Meeting of Shareholders, ensuring payment within the stipulated timeframe.

Total dividend payable to shareholders: 35,970,291,200 VND, equivalent to 8% of charter capital; of which:

- Transfer via Custodian: 11,666,387,200 VND;
- Transfers not yet deposited: 24,303,904,000 VND.

(ii) Information Disclosure: The Company is a large-scale public company with listed shares. In accordance with the law, the legal representative has authorized one person to disclose information. The Company has disclosed information promptly and in accordance with the law on information disclosure.

However, information about some shareholders is incomplete. To enhance the connection between the Company and its shareholders, ensuring that shareholders receive timely information about the Company and protecting their rights in accordance with the law and the advancements in information technology, we request that shareholders provide their personal information, residential address, and information receiving details (especially timely information updates). The Company will announce specific methods for sending and receiving information, which will be posted on the Company's website.

(iii) Other rights of shareholders as stipulated by law and in the company's charter are strictly implemented by the Company's management.

#### **V. Overall assessment of the performance of the Board of Directors, the Board of Management, and the management staff.**

The Board of Directors regularly monitors management, requiring the executive team to submit regular and ad hoc reports, and to promptly report any changes in business operations so that the Board can take appropriate action. They regularly inspect production and business activities and promptly correct any shortcomings... As a result, all management staff have successfully completed their assigned tasks.

##### **1. Results of the monitoring of the Director:**

In fulfilling the tasks stipulated in the Charter and specified in the management regulations and resolutions of the Board of Directors, the company's Director has seriously and promptly implemented them, overcoming difficulties and proposing many effective management measures in the operation of the company's production and business. The company has complied with all legal regulations, strictly adhered to reporting requirements, and ensured the safety of capital and assets, labor safety, profitability, and the security of capital and assets.

##### **2. Results of monitoring of management staff:**

The company's management staff are appointed by the Board of Directors based on the Director's recommendation and assigned tasks to assist the Director. These management staff have strictly complied with the tasks assigned by the Director, directing and managing departments and workshops to ensure the company's production and business objectives are met, without any signs of shirking responsibility. They have also effectively advised and implemented the Director's tasks. Over the past year, the management staff have been evaluated by the Board of Directors as having completed, performed well, and performed excellently in their assigned duties.

**\*In short:** The Board of Directors' activities during the year complied with the law and the company's charter in performing its functions and duties; the resolutions and decisions of the Board of Directors were issued promptly, contributing to the management and direction of the company's production and business operations, achieving positive results during the year.

#### **IV. Directions and tasks of the Board of Directors' activities in 2026**

1. Strictly adhere to the State's policies and laws regarding joint-stock companies in which the State holds a controlling stake; and properly perform the functions, duties, and powers of the Board of Directors.

2. Implement the contents approved by the 2026 Annual General Meeting of Shareholders.

3. Strengthen the supervision of the company's directors and management staff in implementing resolutions of the General Meeting of Shareholders, resolutions and decisions of the Board of Directors, etc., in accordance with the Board of Directors' work program and plan.

4. Continue to maintain and strengthen the leadership coordination between the Party Committee and the Board of Directors and the Company Director to create consensus for the benefit of the Company and the shareholders.

5. Perform other duties within your authority.

The above outlines the main activities of the Company's Board of Directors in 2025, and the direction and measures for implementing the business plan in 2026. The Board of Directors respectfully reports this to the General Meeting and seeks the opinions of the esteemed shareholders./.

**REPORT**  
**INDEPENDENT BOARD MEMBER ASSESSMENT 2025**

Dear Shareholders,

Pursuant to the Charter of Organization and Operation of Vinacomin - Vang Danh Coal Joint Stock Company;

Pursuant to the Regulation on operation of the Board of Directors approved by the General Meeting of Shareholders on April 23, 2021;

Pursuant to Resolution No. 10/TVD-HDQT dated 24 April 2026 of the Board of Directors of Vinacomin - Vang Danh Coal Joint Stock Company;

In performing the duties and responsibilities assigned by the Board of Directors, the Independent Member of the Board of Directors hereby presents an assessment report on the activities of the Board of Directors in 2025 as follows:

The Board of Directors of the Company operated with a high sense of responsibility and transparency in corporate governance, in compliance with regulations applicable to public companies. Meetings of the Board of Directors were convened in a timely manner and conducted in accordance with the procedures stipulated in the Charter and the Internal Regulations on Corporate Governance. The contents of the meetings were thoroughly discussed and carefully evaluated by all members of the Board of Directors in order to provide orientations and solutions that bring the highest benefits to the Company.

Matters relating to production and business plans, construction investment, organizational and personnel work, and the development of management regulations were all reviewed and assessed by the Board of Directors at its periodic meetings.

Decisions of the Board of Directors at the meetings were adopted based on the majority principle. Minutes of meetings were fully prepared and duly signed by the attending members of the Board of Directors.

**1. Organizational structure of the Board of Directors:**

The Company's Board of Directors for the 2023-2028 term consists of 5 members, including 2 members holding executive positions, 2 non-executive members, and 1 independent member, ensuring the number and structure are in accordance with the Company's charter and legal regulations.

All members of the Board of Directors fully and actively participate in planning, compliance control, strategic critique, and ensuring good corporate governance practices.

**2. Regarding the operating mechanism:**

- In 2025, the Board of Directors held 31 in-person, focused meetings. These meetings were convened and conducted according to a specific schedule, with complete documentation prepared, in compliance with the Company Charter and applicable laws. The content of the meetings was thoroughly and carefully discussed, debated, and evaluated by the members of the Board of Directors.

- Issues related to strategy, business plans, finance, corporate culture, and the development of management systems within the company are discussed and closely monitored between the Board of Directors and the Executive Management.

- Changes to production and business plans, investment plans, and new strategies are all independently researched, scientifically based, and subject to review between the Board of Directors and the Executive Management.

### **3. Regarding the results of management and supervision:**

Overall, the Board of Directors has performed its role well in implementing the plans, policies, and strategic directions set forth by the General Meeting of Shareholders.

- The Board of Directors has complied with corporate governance regulations, convening regular and extraordinary meetings to provide timely guidance and issue decisions appropriate to the actual situation.

- The Board of Directors has fulfilled its role and responsibilities in directing, supporting, and supervising the Board of Management in implementing the contents approved by the General Meeting of Shareholders and the Board of Directors, ensuring compliance with legal regulations while harmonizing the interests of the Company and its shareholders.

- Board members holding positions in the Board of Management regularly attend both regular and extraordinary meetings of the Board of Management. Important decisions of the Board of Management are analyzed, debated, and consulted with Board members/Chairman of the Board to ensure the best interests of the Company.

- Board members proactively identify their roles and responsibilities in supporting the management board and share experiences, interact, and exchange information with the management board regarding company governance.

### **4. Conclusion:**

- The Board of Directors has fully performed its function as the owners' representative in supervising the Company's operations, providing appropriate direction and timely guidance to ensure the efficient use of resources to achieve the targets set by the General Meeting of Shareholders, based on compliance with the law and the Company's Charter.

- In addition to performing its functions of managing and supervising the Board of Directors' operations, the Board of Directors has closely coordinated with the Board of Directors to seek solutions to overcome difficulties in production and business in 2025.

- Overall, in 2025, the Company was significantly affected by the high prices of raw materials and fuel, increasingly difficult mining conditions, complex geology and seams, interbedded rocks, fractures, high water content, and significant mine pressure. The procedures for granting/renewing exploration and mining licenses, approving planning, investment policies, land clearance, land leasing, etc., became increasingly complicated. Furthermore, the implementation of a two-tiered local government model prolonged and complicated procedures. However, with a high sense of responsibility, unity, and cooperation in carrying out tasks honestly and carefully, the Board of Directors implemented decisive solutions in supervising and directing the Executive Management to implement the resolutions of the General Meeting of Shareholders and the Board of Directors. With the spirit of unity, discipline, and concerted effort of the Board of Directors, the Company's management and employees have overcome difficulties to effectively implement the 2025 production and business plan, ensuring benefits for the Company and its shareholders.

**1. Proposal for the General Meeting of Shareholders to approve transactions between  
the Company and major shareholders and related parties in 2026 as follows::**

Currently, Mr. Nguyen Van Dung – the representative of TKV’s capital at the Company – is a member of the Board of Directors and serves as the Chairman of the Board of Directors of the Company.

Accordingly, Vietnam National Coal and Mineral Industries Holding Corporation Limited (Vinacomin), its subsidiaries and certain joint stock companies in which TKV holds controlling shares are considered related parties in accordance with Clause 2, Article 167 of the Law on Enterprises No. 59/2020/QH14 dated June 17, 2020, Clause 3, Article 280 of Decree No. 155/2020/ND-CP dated December 31, 2020 of the Government on detailing the implementation of a number of articles of the Law on Securities, and Article 15 of the Charter of Organization and Operation of Vinacomin - Vang Danh Coal Joint Stock Company approved by the General Meeting of Shareholders on April 23, 2021.

The Board of Directors respectfully requests the shareholders to consider and approve the policy allowing the Company to enter into and implement contracts and transactions (if any arise) between Vinacomin - Vang Danh Coal Joint Stock Company and related enterprises and persons in accordance with the provisions of law and the Company’s Charter of Organization and Operation, as follows:

No.	Business Name/Related Person	Address, Tax identification number	Area of contract	Value of the contract/transaction
1	Vinacomin; TKV's subsidiaries and a number of joint-stock companies in which TKV holds a controlling stake.	No. 03 - Duong Dinh Nghe Street, Yen Hoa Ward, Hanoi MST: 5700100256	According to the list of business activities in the companies' business licenses.	The value of contracts and transactions must account for 35% of the Company's total assets as recorded in the most recent financial statements.

The Board of Directors respectfully requests the Company’s shareholders to consider and approve, and to authorize the Company’s Chief Executive Officer to sign and implement contracts and transactions between the Company and the above-mentioned related enterprises and persons in compliance with applicable laws. The term for implementation of such contracts and transactions shall be from January 1, 2026 until any further changes are made.

The Board of Directors of Vinacomin - Vang Danh Coal Joint Stock Company respectfully submits this matter to the General Meeting of Shareholders for consideration and approval in accordance with regulations.

**REPORT TO THE 2026 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

**Re: Approval of amendments and supplements to the Charter of Organization and  
Operation of the Company**

Dear: Dear Shareholders of Vinacomin - Vang Danh Coal Joint Stock Company

Pursuant to the Charter of Organization and Operation of the Company;

Pursuant to the operational needs for the Company's production and business activities, the Board of Directors reports to the General Meeting of Shareholders as follows:

Pursuant to Resolution No. 10/TVD-HDQT dated 24 April 2026 of the Board of Directors of Vinacomin - Vang Danh Coal Joint Stock Company.

Currently, the Company is carrying out surveying and mapping activities internally to serve its production and business operations. In accordance with regulations, conducting surveying and mapping activities requires an operating license. The conditions for obtaining such a license, in addition to having qualified personnel and equipment, require that the enterprise or public service unit has registered functions and business lines in surveying and mapping. Therefore, to comply with the above regulations, it is necessary to supplement business line code 7110 (industry name: Architectural activities and related technical consultancy; specifically, surveying and mapping activities in accordance with Decision No. 36/2025/QĐ-TTg dated September 29, 2025 of the Prime Minister promulgating the Vietnam Standard Industrial Classification).

The Company respectfully requests the General Meeting of Shareholders to approve the amendments and supplements to the Charter of Organization and Operation as follows:

- Addition of business line:

Code: 7110;

+ Industry: Architectural activities and related technical consultancy (specifically: surveying and mapping activities).

On the other hand, based on the review and update to ensure compliance with Decision No. 36/2025/QĐ-TTg dated September 29, 2025 of the Prime Minister, the Company is required to amend and supplement its Charter due to changes in industry names, changes in industry codes, and the addition of business lines (*with an appendix on the results of the review of the Company's business lines attached to this report*).

In addition, the Company's Charter shall be amended to update the Company's head office address (No. 969 Bach Dang Street, Uong Bi Ward, Quang Ninh Province) due to changes in administrative boundaries at two levels.

The Board of Directors respectfully submits this report to the General Meeting of Shareholders./

## **REPORT TO THE 2026 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

**Re: Selection of an independent auditing firm for the audit of the 2026 financial statements**

---

Pursuant to the Law on Enterprises passed by the National Assembly;

Pursuant to the Charter of Organization and Operation of Vinacomin - Vang Danh Coal Joint Stock Company approved by the General Meeting of Shareholders;

Pursuant to Resolution No. 10/TVD-HDQT dated April 24, 2026 of the Board of Directors of Vinacomin - Vang Danh Coal Joint Stock Company.

In performing the functions, duties and authority of the Board of Supervisors.

The Board of Supervisors hereby reports to the General Meeting of Shareholders on the receipt of capability dossiers and the selection of several independent auditing firms qualified to audit the Company's 2026 financial statements as follows:

As of March 27, 2026, the Board of Supervisors received capability dossiers from firms registering to participate in the Company's 2026 financial audit, specifically:

1. AASC Auditing Firm Company Limited: Address: No. 1, Le Phung Hieu Street, Hoan Kiem Ward, Hanoi City.

2. PKF-TTG Auditing and Advisory Company Limited; address: 22 Le Trong Tan Street, Phuong Liet Ward, Hanoi City

The Board of Supervisors considers that the above firms are experienced auditing organizations with sufficient capacity to provide financial consulting and auditing services, including the audit of the Company's 2026 financial statements and other audit-related services, in compliance with the provisions of Decree No. 17/2012/ND-CP of the Government detailing and guiding the implementation of a number of articles of the Law on Independent Audit, and Decree No. 90/2025/ND-CP amending and supplementing a number of articles of Decree No. 17/2012/ND-CP dated March 13, 2012. These are independent auditing firms legally operating in Vietnam, approved by the Ministry of Finance to audit financial statements of public interest entities in 2026 under Decision No. 3830/QD-BTC dated November 14, 2025, and approved by the State Securities Commission under Decision No. 902/QD-UBCK dated November 19, 2025.

The Board of Supervisors respectfully requests the shareholders to approve the above list of independent auditing firms and to authorize the Company to select one firm from the list to conduct the audit of the Company's 2026 financial statements in accordance with applicable laws.

Respectfully submitted!
