8	Ms. Hoang Ngoc Bich	06/06	100%	

3. Supervisory activities of the BOD over the Board of Management

Supervisory activities of the BOD

- The Board of Directors performs its functions and duties in accordance with the Company's

Charter and internal regulations, developing and implementing the BOD's Activity Plan from the beginning of 2026.

- Directing and managing the general operations of the company, ensuring stability in all aspects of operations to ensure sustainable business development.

- Supervising and urging the implementation of targets, plans, and orientations of the 2026 General Meeting of Shareholders and resolutions and decisions assigned by the Board of Directors.

- Continuing to direct and urge the Board of Management to strengthen market, business, and communication activities, and to build the Da Nang Port Development Strategy for the upcoming period.

- Directing and supervising the Board of Management in investment work regarding infrastructure construction, equipment procurement, warehouse expansion, etc., ensuring synchronization, consistency, modernity, efficiency, and compliance with regulations, while aligning with market trends, technology, and the development orientation of Da Nang Port.

- Directing and strictly controlling cost management for efficiency in the production and business activities of the entire enterprise, and disclosing information as required.

- Supervising the strict implementation of periodic financial reporting and information disclosure with the goal of ensuring transparency, timeliness, and compliance.

- The Board of Management fully seeks opinions on matters falling under the decision-making authority of the Board of Directors and reports to the Board of Directors on the status of assigned tasks and powers.

- Supervising financial work, risk management, labor and salary policies, and other oversight activities.

- Full-time members of the Board of Directors regularly attend monthly and weekly briefing meetings, thereby grasping the production and business situation of the Company, and providing directions and instructions that are practical and decisive in all aspects of work.

- The General Director reports upon the request of the BOD and on a quarterly basis regarding the progress and results of the implementation of directives and tasks assigned by the BOD.

Results of BOD supervision: In the first 6 months of 2026, the General Director basically completed the targets assigned by the General Meeting of Shareholders well. The Board of Management performed its role of managing production and business activities well in accordance with the goals, orientation, and directives of the Board of Directors, as well as internal regulations, bylaws, and the Company's Charter.

4. Activities of the subcommittees under the Board of Directors

The Board of Directors has established a subcommittee under the BOD: Internal Audit Department

5. Resolutions/Decisions of the Board of Directors

The BOD also collected opinions from BOD members in writing in accordance with the prescribed procedures. In the first 6 months of 2026, the BOD issued a total of 63 Resolutions and Decisions for the Company's Board of Management to implement, aiming to achieve the common goals and targets for 2026 assigned by the General Meeting of Shareholders.

The list of Resolutions and Decisions for the first 6 months of 2026 is attached in Appendix 01.

III. Supervisory Board

1. Information on members of the Supervisory Board (SB):

No	SB Member	Position	Date of commencement/cessation as SB member	Professional qualifications
1	Mr. Luong Dinh Minh	Head of SB	04/09/2024	Master of International Accounting
2	Ms. Bui Thi Ngan Hoa	SB Member	04/09/2024	Master of Management, Bachelor of Economics
3	Mr. Nguyen Quang Phat	SB Member	04/09/2024	Bachelor of Economics majoring in Accounting

2. SB Meetings

In the first 6 months of 2026, the Supervisory Board held 02 Supervisory Board meetings.

No	SB Member	Number of meetings attended	Attendance rate	Voting rate	Reason for absence
1	Mr. Luong Dinh Minh	02	100%	100%	
2	Ms. Bui Thi Ngan Hoa	02	100%	100%	
3	Mr. Nguyen Quang Phat	02	100%	100%	

3. Supervisory activities of the SB over the BOD, Board of Management, and shareholders

3.1. Results of supervision of the Board of Directors' activities

The 2026 Annual General Meeting of Shareholders was held on April 20, 2026, in accordance with the Law on Enterprises and the Company's Charter; the General Meeting consolidated the Board of Directors for the 2024–2029 term and elected Mr. Nguyen Tuong Anh as Chairman of the Board of Directors, replacing Mr. Nguyen Dinh Chung, effective from April 20, 2026.

In the first 6 months of 2026, the Board of Directors held 06 meetings, including 02 regular meetings according to the Charter (Q4/2025 on January 16, 2026, and Q1/2026 on April 20, 2026), 02 meetings on organizational work (electing the Chairman of the Board of Directors and assigning duties to Board members on April 20, 2026), and 02 online meetings. Additionally, the Board of Directors collected written opinions via the eOffice system to review and decide on matters within its authority. Meetings were organized in

accordance with regulations, ensuring full attendance, with minutes and records archived as required. During the period, the Board of Directors issued 63 resolutions and decisions based on democratic, open, and unified discussions; upon inspection, these resolutions and decisions were issued in the correct order and under the correct authority according to the Law on Enterprises, the Company's Charter, and internal corporate governance regulations, meeting the requirements for direction and management at each time.

The content of the resolutions focused on key areas such as development strategy, production and business plans, investment, finance, organizational structure, and personnel, in line with the Company's development orientation and state policies. The activities of the Board of Directors were carried out in accordance with its functions, duties, and powers as prescribed by law and the Company's Charter; maintaining the principle of collective work and clearly assigning responsibilities to each member according to their areas of oversight, contributing to improving the efficiency of governance and supervision.

Through inspection, the Supervisory Board found that the Board of Directors adhered to the 2026 production and business plan approved by the General Meeting of Shareholders; frequently requested the Board of Management to report on the status of production and business targets, investment progress, and key tasks, while timely reviewing, deciding, or adjusting governance solutions to suit the actual situation. Supervisory activities over the Board of Management were carried out regularly and within authority, contributing to improving corporate governance efficiency and limiting risks arising during operations.

Information disclosure was directed by the Board of Directors to be fully implemented and on time in accordance with the laws on securities and the stock market, ensuring openness, transparency, and equality for shareholders, investors, and state management agencies.

Regarding the direction of developing, reviewing, and perfecting the internal regulation system: At the Board of Directors meeting for Q4/2025 on January 16, 2026, the Chairman of the Board of Directors directed the review of the system of regulations, processes, and internal management documents; requested the full-time member of the Board of Directors to preside over the synthesis, review, and proposal of necessary amendments and supplements to perfect the governance mechanism and create favorable conditions for the Board of Management during the implementation of tasks.

Regarding the direction of implementing recommendations from state management agencies, inspection, examination, audit, owner, and Supervisory Board agencies: Implementing the directive of the Chairman of the Board of Directors in Notice No. 70/TB-CĐN dated May 7, 2026, on reviewing and reporting on existing issues and bottlenecks according to the conclusions of competent authorities and inspection, examination, and audit teams from 2025 and earlier, the General Director of Da Nang Port issued Document No. 756/CĐN-TCKT dated May 14, 2026, to implement the recommendations according to the directive.

In the first 6 months of 2026, the Board of Directors of Da Nang Port issued 63 resolutions and decisions. As of the reporting date, the resolutions and decisions have been implemented according to plan.

3.2. Results of supervision of the General Director's activities

The General Director was proactive, decisive, and effective in management, organizing the implementation of targets and tasks according to the GMS and BOD Resolutions. Members of the Board of Management demonstrated a sense of responsibility, professional experience, and good coordination ability, contributing to helping the staff overcome the general difficulties of the port operation industry, maintaining a reasonable and stable growth rate.

Production and business activities at Da Nang Port achieved positive results, with revenue and profit both increasing compared to the same period in 2025 and completing over 50% of the 2026 plan according to the GMS Resolution. Throughput in the first 6 months of 2026 reached 48.11% of the annual plan, an increase of 11% compared to the same period; therefore, it is necessary to push for throughput growth in the last 6 months to complete the set plan. Regarding market expansion, the port attracted the shipping line Dongguan Youcheng Kaiyun Shipping (YCK) to open a service route through the port for the first time, connecting Dongguan (China) – Haiphong - Cua Lo - Da Nang, and attracted the shipping line SITC to open 1 new service route connecting Da Nang with Shanghai and Xiamen (China) with the shortest transit time compared to the market. This brings the total number of SITC service calls in Da Nang to 4 calls/week.

Consolidated production and business results showed growth in both revenue and profit compared to the same period and completed over 50% of the plan according to the 2026 GMS Resolution.

The General Director complied well with the law, the Company's Charter, and internal governance regulations in organizing management; fully adhered to regulations on corporate governance, information transparency, risk management, and ensuring shareholder rights as per current regulations.

To improve governance efficiency, in the first 6 months of 2026, the BOD and General Director issued many internal regulations, rules, and processes (attached to the report), ensuring synchronization and practicality. Specifically, the General Director developed and issued 03 internal governance documents out of a total of 112 current documents; at the same time, the General Director submitted 54 proposals to the BOD, focusing on matters of developing production and business, improving labor productivity, enhancing customer service quality, and perfecting organizational structure and resource management.

Production and business management was implemented closely and regularly through weekly and monthly briefing meetings. The General Director timely assessed the actual situation, learned from experience, and provided appropriate solutions for each period, ensuring the operations of units proceeded smoothly and maximized the capacity of resources.

The General Director directed the rearrangement and consolidation of the organizational structure towards a lean model, eliminating and merging several departments to ensure efficient operations. In the first 6 months of 2026, implementing Resolution No. 101/NQ-CĐN and 102/NQ-CĐN dated December 30, 2025, of the Board

of Directors of Da Nang Port on adjusting the organizational structure and rearranging functional departments, the Company reduced from 16 units to 14 units.

Accordingly, the Engineering and Construction Department was dissolved; tasks regarding design appraisal, cost estimation, infrastructure maintenance, acceptance, etc., were transferred to the Engineering Department; tasks regarding investment project management, document appraisal, contractor selection, etc., were transferred to the Planning - Investment Department. At the same time, the Technology Engineering Department was renamed the Engineering Department.

The Company also dissolved the Legal and Risk Management Department, transferring all functions, duties, and personnel to the Organization - Salary Department to centralize the focal point for legal work and compliance management. Besides that, the task of information disclosure was transferred from the Finance - Accounting Department to the Governance - Secretariat Department to unify the focal point for corporate governance work.

Policies for employees were fully implemented in accordance with the law and the collective labor agreement; the working environment was focused on improvement towards being civilized, safe, green, and clean; the lives of employees were stable, creating conditions for staff to feel secure in their work and commit long-term to the enterprise.

4. Coordination between the SB and the activities of the BOD, Board of Management, and other managers

- The Supervisory Board coordinated closely with the Board of Directors, General Director, and Board of Management in performing assigned functions and tasks. The Board of Directors and General Director created favorable conditions for the Supervisory Board to perform its duties. The Supervisory Board was provided with full information and documents related to the Company's operations and was invited to attend all BOD meetings and other necessary meetings.

- Most of the timely comments from the Supervisory Board regarding the activities of the Board of Directors, General Director, and the Corporation's Board of Management were acknowledged and adjusted immediately during the process of issuing Resolutions, Decisions, and implementation.

- The close coordination between the Board of Directors, Supervisory Board, and General Director contributed to increasing the efficiency of capital and asset usage in general, as well as enhancing the effectiveness of inspection, supervision, and risk management in the company.

5. Other activities of the SB: None.
