Pursuant to the provisions of Clause 4, Article 14 of Circular No. 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance guiding information disclosure on the securities market, and the current regulations of the Hanoi Stock Exchange on information disclosure, Ha Tu Coal Joint Stock Company – Vinacomin hereby provides an explanation of the fluctuations in its business and production results for the first six months of 2026 compared to the same period of 2025 as follows:

Business Results for the Six-Month of 2026

Unit: Million Dong

According to the six-month 2026 financial statements, profit after tax reached VND 16,066 million, an increase of VND 36,981 million compared to the same period of 2025. The main reason is as follows:

Coal sales volume reached 1,249,764 tons, a decrease of 166,875 tons compared to the same period of 2025; however, the structure of coal sold shifted toward higher-quality coal with higher selling prices, resulting in an increase of VND 862,192/ton in the average selling price compared to the same period of 2025.

As a result, net revenue for the first six months of 2026 reached VND 3,093,404 million, an increase of VND 810,089 million; profit after tax for the first six months of 2026 increased by VND 36,981 million compared to the same period of 2025.

The above is the explanation provided by Ha Tu Coal Joint Stock Company – Vinacomin regarding the fluctuation in its business and production results for the first six months of 2026 compared to the same period of 2025.
